# W-1 Update on Accountability - Adequate Yearly Progress and School Improvement Status

This report provides an update on 2005-2006 status of school performance based on requirement of No Child Left Behind.

# **Consent Agenda**

# C-1 Minutes - July 10, 2006

Minutes of the July 10, 2006, meeting are submitted for review and approval.

# C-2 Newly Employed, Promotions and Separations

The applicant data from this information is used to compile the Applicant Flow Chart forms for the Affirmative Action Report, which demonstrates the composition of applicants through the selecting, hiring, promoting and terminating process.

Process To communicate to the members of the State Board on monthly personnel actions.

The information is needed to measure the effectiveness of our recruitment, hiring and promotion efforts and is in conformity with federal government guidelines, which require us to compile statistical information about applicants for employment.

# C-3 Commitment to Principles of Desegregation Settlement Agreement: Report on the Execution of the Implementation Plan

\* By the Court Order of December 1, 1993, the Department of Education is required to file a monthly Project
Management Tool to the court and the parties to assure its commitment to the Desegregation Plan. This report
describes the progress the ADE has made since March 15, 1994, in complying with the provisions of the
Implementation Plan (Plan) and itemizes the ADE's progress against the timelines presented in the Plan. Process \* In
August, the report emphasizes the following: 1. Summary of the PMT for July.

# C-4 Review of Loans and Bonds Applications

Pursuant to Arkansas Code Annotated (A.C.A.) § 6-20-805 and A.C.A. § 6-20-1205, the State Board of Education must approve all Revolving Loan Fund and Commercial Bond applications, with the exception of non-voted refundings of commercial bond issues that meet the minimum savings as required by the Rules and Regulations Governing Loan and Bond Applications, Section 9.02. The applications have been reviewed by the Department Loan Committee and it is recommended that the State Board of Education review the following for approval: Item (1) 4 Revolving Loans; Item (2) 8 2nd Lien Bonds; Item (3)34 Voted Bonds.

# **Action Agenda**

# A-1 Consideration of Appeal of Accreditation Status for Arkansas School for the Blind

For the 2005-2006 school year, The Arkansas School for the Blind Elementary and High School have been assigned an Accreditation Status of Accredited—Probationary for lack of a Gifted and Talented Program. Arkansas School for the Blind High School has been assigned this status as well for not teaching all of the required 38 courses in grades 9-12. In 2004-2005, the school was Accredited-Cited because of a teacher not being fully certified.

The school does not have an approved Gifted and Talented program. This was verified by school officials and by Department of Education's Gifted and Talented Office.

The school does not teach all of the required courses. This was verified by Master Schedule, and by school officials.

### **Elementary and High Schools**

GIFTED AND TALENTED EDUCATION 18.01 requires that each school district shall develop procedures to identify gifted and talented students in accordance with guidelines established by the Department, and 18.02 requires that each school district shall provide educational opportunities for students identified as gifted and talented appropriate to their ability.

24.12 A school district will be placed in probationary status for lack of a gifted and talented program. Such status will extend to the first day of the next academic semester.

### High School

REQUIRED COURSES IN GRADES NINE THROUGH TWELVE (9-12) 9.03.4 requires thirty-eight (38) units be taught annually.

9.03.4.1 Language Arts requires six (6) specific units be taught

1 unit oral communications or ½ unit oral communications and ½ unit drama

1 unit journalism (Other options as approved by the Department)

9.03.4.2 Science requires that five (5) units be taught (active student participation in laboratory experience is required for a minimum of 20% of instructional time.)

1 unit chemistry

2 units approved by the Department

9.03.4.7 Social Studies requires that 4 units be taught

1 unit civics or civics/government

2 units of other Department approved social studies electives

9.03.4.9 Career and Technical Education requires that 9 units of sequenced career and technical education courses (programs of study) representing three (3) occupational areas.

24.17 A school or school district shall be placed in probationary status for failing to teach the required courses mandated by these Standards for Accreditation.

# A-2 Consideration for Appeal of Accreditation Status for Arkansas School for the Deaf

For the 2005-2006 school year, the Arkansas School for the Deaf Elementary and Middle Schools have been assigned an Accreditation Status of Accredited-Probationary for lack of a Gifted and Talented Program, for lack of at least a half-time principal, and for lack of at least a half-time media specialist. The High School has been assigned the same status due to the lack of the three previously mentioned violations and additionally, for the lack of not teaching all 38 courses required by standards. Not teaching all of the required courses at the High School was verified by Master Schedule, and by school officials.

In 2004-2005, the district had only two schools, the elementary and the high school, and a full-time elementary principal and a full-time high school principal. In 2005-2006, the district reorganized into three schools, adding a middle school. Only one principal was employed for all three schools, and he only holds an elementary building administrator's license. Standards require that every school has at least a half-time principal when the enrollment of the school is less than 300 students. The same is true for library/media specialists. Each school in Arkansas School for the Deaf School District has the equivalent of only a third of a principal.

### Elementary, Middle and High Schools

PRINCIPAL 15.02 requires that each school shall employ at least a half-time principal.

24.08 A school or school district will be placed in probationary status for failing to employ a superintendent, principal, assistant principal (if required), nurse, or counselor. Such status will extend to the first day of the next academic semester

MEDIA SERVICES 16.02.3 requires that each school with fewer than three hundred (300) students enrolled shall employ at least a half-time, licensed library media specialist.

24.13 A school or school district will be placed in probationary status for lack of a media services program. Such status will extend to the first day of the next academic semester.

GIFTED AND TALENTED EDUCATION 18.01 requires that each school district shall develop procedures to identify gifted and talented students in accordance with guidelines established by the Department, and 18.02 requires that each school district shall provide educational opportunities for students identified as gifted and talented appropriate to their ability.

24.12 A school district will be placed in probationary status for lack of a gifted and talented program. Such status will extend to the first day of the next academic semester.

### **High School**

**Standard 15.03.2** specifically indicates that all administrative, teaching, and other personnel shall meet appropriate State licensure and renewal requirements for the position to which they are assigned.

**Standard 24.07** – A school will be placed in probationary status for any staff member(s) not holding a valid Arkansas License. Such status will not extend beyond January 30 of the current school year.

# A-5 Consideration of Appeal of Accreditation Status for Kirby School District

For the 2004-2005 school year, Kirby High School received an Accredited-Probationary status for failure to provide a music course that is a requirement for the required 38 secondary courses. Evidence provided to the Department was not adequate to justify the removal or correction of the assigned status. District administrators did not appeal the 2004-2005 status.

A pre-preliminary on-site review visit was made to Kirby High School on September 23, 2005. The SAU team was able to verify that the music course was in place and that the school had the required thirty-eight courses as prescribed by law.

For the 2005-2006 school year, Kirby High School received a second year Accredited Probationary status for employing a teacher in a position without appropriate certification.

An Initial Accreditation report dated March 21, 2006 was mailed to Kirby School District detailing the violation for Kirby High School. Evidence presented to the Department was not adequate to justify the removal or correction of the assigned status. The Final Accreditation report dated May 5, 2006 was mailed to the Kirby School District citing an Accredited-Probationary status for Kirby High School.

Kirby High School teacher did not meet required certification requirements—414000-Journalism, 2003-expiration date.

15.03.1 All administrative, teaching, and other personnel shall hold a current, valid Arkansas license as required by law.

15.03.2 specifically indicates that all administrative, teaching, and other personnel shall meet appropriate State licensure and renewal requirements for the position to which they are assigned.

15.03.7 The State licensure system shall include a process designed to provide qualified individuals applying for a license an alternative to completion of a traditional teacher education program.

24.01 A school or school district will be placed in cited status for licensure deficiencies for the second and third year of an individual's Additional Licensure Plan (ALP). This status will continue for the length of time prescribed by the individual's approved Additional Licensure Plan, not to exceed two (2) years. Any school employing a teacher not completing the ALP process after the two (2) year process shall be assigned accredited-probationary status.

# A-6 Consideration of Appeal of Accreditation Status for Lincoln School District

In 2002-2003 a September 1, 2005, Licensure deadline was assigned to Mr. James Lewis to attain licensure for the position of Superintendent. The Initial Accreditation Report dated March 21, 2006, was mailed to the Lincoln School District denoting an ALP expiration date of 09/01/05 for James Lewis, Superintendent. No evidence was presented to the ADE to justify removal or correction of the violation. The Annual Accreditation Report dated May 11, 2006, was mailed to the Lincoln School District assigning an accredited-probationary status for the district administrative office for employing a superintendent without appropriate licensure. Standard 15.01—15.03.1 All administrative, teaching, and other personnel shall hold a current, valid Arkansas license as required by law. 15.03.2 specifically indicates that all administrative, teaching, and other personnel shall meet appropriate State licensure and renewal requirements for the position to which they are assigned.

# A-7 Consideration of Appeal of Accreditation Status for Mulberry/Pleasant View Bi-County School District

For the 2004-2005 school year, Marvin Elementary received an Accredited-Cited status for employing a teacher of special education in a position without appropriate certification. Evidence presented to the Department was not adequate to justify the removal or correction of the assigned status. For the 2005-2006 school year, Marvin Elementary School received a first-year Accredited-Probationary status for employing a teacher in a position without proper certification. An Initial Accreditation Report dated March 22, 2006, was mailed to the Mulberry School District listing each violation for Marvin Elementary School. Evidence presented to the Department was not adequate to justify the removal or correction of the assigned status. The Annual Accreditation Report dated May 8, 2006, was mailed to the Mulberry School District citing an Accredited-Probationary status for Marvin Elementary School.

8312 Cert. Expired (6090-Parent Facilitator)—(6095-Academic Mentor)—(970300-Title I Reading)

15.03.1 All administrative, teaching, and other personnel shall hold a current, valid Arkansas license as required by law.

24.07 A school will be placed in probationary status for any staff member(s) not holding a valid Arkansas license. Such status will not extend beyond January 30 of the current school year.

Marvin Elementary School employed a teacher whose certification expired on 12/31/04.

Rule 24.07 states that the school failed to meet the identified date of correction for this infraction. The result is Accredited-Probation.

# A-8 Consideration of Appeal of Accreditation Status for Pulaski County Special School District

For the 2005-2006 school year, Oak Grove High School has been assigned an accreditation status of Accredited-Probationary because the school failed to teach the 38 courses required by Standards for Accreditation. Specifically, only five of the six required mathematics were taught. The master schedule shows that the school taught Algebra I, Geometry, Algebra II, Pre-calculus with trigonometry, Integrated Algebra A, and Integrated Algebra B. In the new Smart Core curriculum a student who take Integrated Algebra A and Integrated Algebra B will only receive one unit of credit. Before the new standards were approved in January of 2005, schools were allowed to count both Integrated Algebra A and Integrated Algebra B as approved electives that would meet the 6 math course requirement. Integrated Algebra A and Integrated Algebra B, provided schools with a way to teach the content of Algebra I over a two year period. Beginning with the 2005-2006 year, Integrated Algebra A no longer counted towards the six required math courses. In 2006-2007, neither Integrated Algebra A and Integrated Algebra B will satisfy the requirement. Required courses in grades nine through twelve (9-12) 9.03.4 requires thirty-eight (38) units be taught annually. Further, 9.03.4.3 requires that six (6) units of mathematics be taught as part of the required 38 units. Specific required courses are Algebra I, geometry, Algebra II, Pre-calculus with trigonometry. Two (2) other courses as approved by the Department must also be taught. Until 2005-2006, Algebra A and Algebra could both count as the two other approved math courses. For the 2005-2006 school year, the Department no longer approved Algebra A. For the 2006-2007 school year, neither Algebra A nor Algebra B will be approved to count as part of the 38. 24.17 A school or school district shall be placed in probationary status for failing to teach the required courses mandated by these Standards for Accreditation.

# A-9 Consideration of Appeal of Accreditation Status for South Conway Co. School District

Morrilton High School received an Accredited Status for the 2004-2005 school year. The Initial Accreditation Report was mailed to the district dated March 22, 2006 noting a violation for Morrilton High School for not teaching required secondary courses. Some corrections were made.

Evidence received from the district on May 12, 2006 indicated that the district taught 1 unit of US History (Code 470000), 1 unit of World History (Code 471000), and 1 unit of Civics (Code 472100).

The district also reported teaching AP US History, Pre AP World History and AP European History (Standards 9.03.4.7.)

Required courses in grades nine through twelve (9-12)

9.03.4 requires thirty-eight (38) units to be taught annually; thirty-three (33) are specified by name.

Four (4) units of Social Studies are required to be taught annually. One (1) unit of civics or civic/government is inclusive in these four (4) units. Students are required to have a semester of Civics for graduation. However, the district is required to teach one (1) full unit. One (1) unit is equivalent to 120 clock hours. It is essential to have "students enrolled" for a course to be "taught." Morrilton High School did teach 1 unit of World History, 1 unit of US History and 1 unit of Civic/Government, however, 4 units are required.

24.17- A school or school district shall be placed in probationary status for failing to teach the required courses mandated by these Standards for Accreditation.

## A-10 Consideration of Appeal of Accreditation Status for Two Rivers School District

For the 2004-2005 school year, Twin Rivers School District received an Accredited status.

For the 2005-2006 school year, Twin Rivers School District received an Accredited-Probationary status for failure to present a timely Annual Accreditation Report to the Department.

An Initial Accreditation Report dated March 21, 2006 was mailed to the Twin Rivers School District denoting the violation. Evidence presented to the Department was not adequate to justify the removal or correction of the assigned status. The Final Accreditation Report dated May 8, 2006 was mailed to the Twin Rivers School District citing an Accredited-Probationary status for the Twin Rivers School District.

Two Rivers School District did not meet required deadline for providing an Annual Accreditation Report to the Department.

20000 Date Received—Violation not corrected by deadline.

(Review Date: 10/15/2006)

24.04 A school district will be placed in cited status for providing a late Annual Accreditation Report to the Department. Such status will extend to October 15 of the next school year. At the conclusion of the cited term, if the same violation exists, the school district shall be assigned probationary status.

The Twin Rivers School District failed to file the Annual Accreditation Report to the Arkansas Department of Education per the time limitations reflected in Rule 24.04.

### 23.01 Compliance with Standards

A school or district shall be accredited on the basis of its complying with these standards and state law related to these standards.

### 23.03 Accreditation Process

The Department shall annually review all reports and investigate any suspected deficiencies in meeting standards. All written complaints charging violations of standards received by the Department shall be investigated. Each year the Department shall make an on-site visit to a selected number of school districts and review the schools for compliance with the standards. The Department shall notify all school districts and schools not meeting the Standards for Accreditation of deficiencies by May 15 of each year.

23.04.1 Any school or district, which falls below current Standards for Accreditation, as determined by the Department, shall be notified in writing as being classified in either cited or probationary status by May 15 of each year.

# A-12 Consideration for Public Comment of Proposed Revisions to the Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program and the Academic Distress Program

The Arkansas Comprehensive Testing, Assessment and Accountability Program and the Academic Distress Program Rule was last revised in January 2006. Since that time, the Board has adopted policy for determining school accountability ratings. This revision places that action in the Rule.

The Department proposes changes is the procedure for assessment of students with limited English proficiency and other technical amendments.

# A-13 Consideration for Public Comment of the Proposed Rules Governing the Regulatory Basis of Accounting

A.C.A. 10-4-208 established that a local school board could select the format in which the financial statements in its annual audit would be presented. These proposed rules establish that process.

# A-14 Consideration for Public Comment of the Proposed Rules Governing the Program to Inform Students About the ARKids First Program

A.C.A. 6-10-118 requires the Department of Education to promulgate rules to implement a program to inform public school students and their parents and/or guardians about the ARKids First Program.

These proposed rules outline the information program

# A-15 Consideration of Technical Amendments to Arkansas Department of Education Rules Governing the Assessments Scores for Students Attending the Arkansas School for Mathematics, Sciences and the Arts of the University of Arkansas

These Rules were approved by the Board on June 12, 2006. Revisions were requested during the Legislative review. These amendments to the previously approved Rules are submitted in response to the Legislative review process.

# A-16 Consideration of Exit Criteria of Limited English Proficient (LEP) Students in English as a Second Language Learner (ESL) Program

A committee of 27 educators met in the Spring of 2006 to determine the minimum exit and reclassification criteria for students with Limited English Proficiency from the English as a Second Language program at local districts. A broad-based committee reviewed current criteria, as well as federal regulations. It is recommended by the committee that the minimum criteria listed on the attached document be implemented beginning in the school year 2006-2007.

# A-17 Petition from Buffalo Island Central School District to the State Board of Education to Move from Eight (8) to Seven (7) Members

A.C.A. § 6-13-606 grants the Arkansas State Board of Education the authority to hear a petition for a reduction in the number of directors for a district to any number not fewer than five (5). The local board of directors must file the petition with the State Board and must run notice of filing the petition by publishing one (1) insertion in a newspaper of general circulation within ten (10) days of the filing. Any order from the State Board directing a decrease in local board members shall be entered no more than sixty (60) days after the publication of notice.

# A-18 Request from Mayflower and Vilonia School Districts to the State Board of Education for an Adjustment to School District Boundary Lines

On June 26, 2006 the Mayflower and Vilonia School Districts submitted a request to the State Board of Education for an exchange of territory between the two school districts. The school districts have provided proof of publication that public notice has run in local newspapers of general circulation no less than once a week for two consecutive weeks.

# A-19 Report On The Status Of HAAS Hall Academy Open-Enrollment Charter School

The State Board approved the original charter for HAAS Hall Academy in 2004. In 2005, the Board conducted a review of HAAS Hall Academy and approved continuation with the provision of an annual review. The director of the school presented a review of the school's progress at the May 2006, State Board Meeting. At that time, the Board requested a follow up report on the status of the school.

Notice of Ms. Robinson's ineligibility was provided to the Little Rock School District on June 16, 2006. Ms. Robinson, on July 3, 2006, submitted a request for a hearing on a waiver pursuant to A.C.A. § 6-17-414(f).

# A-25 Hearing on Waiver Request for Non-Certified Employement with the Green Forest School District - Sherman F. Ross

employment with a school district as a non-certified employee pursuant to A.C.A. § 6-17-414(g)(2)(B). Notice of Mr. Ross' ineligibility was provided to the Green Forest School District by letter dated June 16, 2006. Mr. Ross submitted a request for a hearing on a waiver pursuant to A.C.A. § 6-17-414(f) on July 7, 2006.

# A-26 Hearing on Waiver Request for Non-Certified Employment with the Helena-West Helena School District - Stephone R. Smith

Mr. Smith was convicted of a Felony Violation of the Uniform Controlled Substances Act on July 31, 1992. This is a disqualifying offense for employment with a school district as a non-certified employee pursuant to A.C.A. § 6-17-414 (g)(1). Notice of Mr. Smith's ineligibility was provided to the Helena-West Helena School District on June 26, 2006. On July 6, 2006, Mr. Smith submitted a request for a hearing for a waiver pursuant to A.C.A. § 6-17-414(f).

# Minutes State Board of Education Monday, July 10, 2006

The State Board of Education met on Monday, July 10, 2006, in the auditorium of the State Education Building. Diane Tatum, Chairman, called the meeting to order at 9:00 a.m.

The following Board members were present: Diane Tatum, Chairman; Randy Lawson, Vice-Chairman; Sherry Burrow; Dr. Tim Knight; Dr. Ben Mays; MaryJane Rebick; and Dr. Naccaman Williams.

The following Board member was absent: Dr. Calvin King.

### **Consent Agenda**

Ms. Tatum reminded Board members that action on the Consent Agenda includes minutes from both the May and June meetings.

Ms. Burrow moved approval of the Consent Agenda. Mr. Lawson seconded the motion.

Dr. Mays asked for a revision of the June Minutes specifically related to the discussion on the fiscal distress status of the Pulaski County Special School District (Page 5 of the June Minutes). He requested that the discussion reflect the details of the question he asked about the cost savings projected from moving athletics, cheerleader and band practice to after school. Board members agreed to that request to amend the June Minutes.

The motion to accept the Consent Agenda with the revision to the June Minutes was adopted unanimously.

### **Action Agenda**

# Petitions for Voluntary Annexation of the Altheimer Unified School District into the Receiving Dollarway School District

(The full text of the presentations and discussion for this item are contained in a transcript provided by a court reporter. That transcript is available upon request from the State Board Office.)

Scott Smith was recognized to present the discussion of this item.

During the discussion, a district patron, Ms. Singleton, requested that consideration of the petition be continued until the bussing study has been completed and a hearing is conducted in accordance with the Administrative Procedures Act.

Dr. Williams moved that the request for continuation be denied and that the Board approve the Altheimer Unified School District and Dollarway School District's petition to annex the Altheimer Unified School District into the Dollarway School District based on the following findings of fact and conclusion of law.

- 1. The Board has been in receipt of a valid Petition for Annexation from the Altheimer Unified and Dollarway School Districts for at least thirty (30) days prior to this hearing, the date of the receipt of the petition being May 31, 2006, and the date of this hearing being July 10, 2006, per Ark. Code Ann. § 6-13-1403(b)(2) and (c)(1);
- 2. The Altheimer Unified and Dollarway School Districts have submitted proof to the Board that they have each caused public notice of their intent to enter into this annexation to be published in the Pine Bluff, Arkansas, Commercial Newspaper for a time period of no less than once a week for two (2) consecutive weeks immediately prior to the time the petition was filed with the Board, per Ark. Code Ann. § 6-13-1401(b)(2);
- 3. The petition contains attached resolutions from the Board of Directors of both the Altheimer Unified and the Dollarway School Districts evidencing the approval of the annexation of the Altheimer Unified School District into the Dollarway School District, per Ark. Code Ann. § 6-13-1403(a)(4)(A) and (B);
- 4. The approval of the Petition for Annexation of the Altheimer Unified School District into the Dollarway School District will not hamper, delay or in any manner negatively affect the desegregation efforts of a school district or districts in this state, and the Board has requested, received and considered an Attorney General's Opinion concerning the effects, if any, of granting this petition on the efforts of the state to assist a district or districts in the desegregation of the public schools of this state per Ark. Code Ann. § 6-13-1408;
- 5. The Altheimer Unified School District is currently in fiscal distress and does not have sufficient funds to operate the school district for the 2006-2007 school year; and
- 6. The Altheimer Unified and the Dollarway School Districts are geographically contiguous.

It is concluded that the petition is in compliance with Ark. Code Ann. § 6-13-1401 et seq. and for this reason the petition requesting annexation should be approved effective immediately, July 10, 2006.

The newly formed School District should establish a school board for the new district in compliance with Arkansas law and the Department of Education is ordered to draw new maps showing the new boundary lines of the district.

The millage rate shall remain the same until an election can be held to change the rate of taxation for the new Dollarway School District.

Mr. Lawson seconded the motion. The motion was adopted on a roll call vote with 6 yes and 1 no (Mays voted no). Dr. Mays noted his no vote was based on opposition to creating a "lopsided" district with travel time for students a consideration.

### Consideration of the Status of Academics Plus Charter School in Maumelle

Mary Ann Brown was recognized to present this item. Ms. Brown stated that this item is to report on the status of enrollment at the Academics Plus Charter School. She reported that at a previous meeting the Charter School Board had stated that if the school did not have a minimum confirmed enrollment of at least 286 students by July 1, 2006, that the Board would surrender the Charter and the school would be closed. Ms. Brown reported that she went to the school site during the previous week and observed applications for 326 students and that a random number of 30 folders were selected for calls to the parents to determine their intent to enroll students when school begins in August. She reported that of the 30 calls made, which involved 48 students, every call confirmed the intent to enroll. Ms. Brown also reported that during her time at the school additional contacts were received from parents seeking to enroll students at the school.

Dean Elliott, president of the Charter School Board, was recognized. Mr. Elliott reported that additional students have enrolled and the current number is 334 and all bills for the previous fiscal year have been paid and there is approximately \$6,000 surplus deposited in the bank.

Ms. Rebick asked about the status of pending legal action from the previous administrator at the school. Mr. Elliott replied that there has been no action on that for almost a year. Ms. Rebick asked if there would be financial obligations if action were resumed. Mr. Elliott replied that any liability from the suit would be covered by insurance carried by the Board.

Mr. Lawson moved acceptance of the report as presented by Mr. Elliott and Ms. Brown. Ms. Burrow seconded the motion. The motion was adopted unanimously.

### Consideration of FY-06 Public School Fund Final Budget Revisions

John Kunkel was recognized to present this item. Mr. Kunkel reported that often at the end of a fiscal year, there are items that cannot be accurately predicted in advance. He stated that that is the case is a few items for the FY-06 budget. He noted that some of the revisions are also the result of actions by the General Assembly during the special

session held earlier this year. Mr. Kunkel stated that after these revisions, the Public School Fund will end was a balance of approximately \$1.5 million, which is one of the smallest fund balances in recent years.

Dr. Williams moved approval of the revised FY-06 Public School Fund Budget. Dr. Knight seconded the motion. The motion was adopted unanimously.

# Consideration of FY-07 Public School Budget Approval

John Kunkel was recognized to present this item. Mr. Kunkel summarized the process for preparing state agency budgets and stated that preliminary drafts have already been sent forward to the Department of Finance and Administration as required in the state budget process.

Mr. Lawson asked about legislative changes in student growth funding. Mr. Kunkel responded that there was no change for this fiscal year.

Ms. Rebick asked about clarification of eligibility for Student Poverty Funding (NSLA). Mr. Kunkel responded that a determination is made on October 1 each year to calculate the percent of students who qualify for free or reduced lunch based on federal guidelines and that NSLA funding is determined based on that percentage.

Dr. Mays asked if NSLA funds could be used for teacher salaries. Mr. Kunkel responded that NSLA funds cannot be used by a district to meet minimum salary requirements of the law. However, supplemental programs (not required) such as literacy or mathematics coach's salaries could be funded or a district could use those funds to go beyond minimum salary requirements.

Ms. Rebick asked about isolated school funding. Dr. James stated that identification and funding of isolated schools continues to be a topic of much political debate across the state and in the General Assembly. He affirmed that any change in the way isolated schools are identified or funded would be a legislative decision.

Ms. Burrow moved approval of the FY-07 Public School Fund Budget as presented. Dr. Williams seconded the motion. The motion was adopted unanimously.

# Request for final approval of Rules Governing Eye and Vision Screening Procedures and Test Standards in Arkansas Public Schools

Dee Cox was recognized to present this item. Ms. Cox noted that the Rule has previously been approved for public comment, has been to topic of public hearings, and has been reviewed by other agencies that have jurisdiction over components of the requirements from the Rule.

Ms. Rebick moved final approval of the Rule as presented. Mr. Lawson seconded the motion. The motion was adopted unanimously.

# Request for Final Approval of Emergency and Permanent Rules Governing the Distribution of Student Special Needs Funding and the Determination of Allowable Expenditures of Those Funds

Scott Smith was recognized to present this item. Mr. Smith noted that the revisions to the Rule have been previously reviewed and minor changes were made as a result of public comment. He stated that the continuation of the Emergency Rule – which is the same as the permanent Rule – is necessary to have authorization to fund schools while the final document is working its way through the Administrative Procedures Process.

Mr. Lawson moved final adoption of the Rule and the Emergency Rule as proposed. Dr. Williams seconded the motion. The motion was adopted unanimously.

# Consideration for Public Comment for Arkansas Department of Education Proposed Rules Governing Residential Placement

Marcia Harding was recognized to present this issue. Ms. Harding stated that changes are needed in the current rule as a result of changes in federal statute and for clarification of procedures for school districts. She highlighted changes that are proposed.

Ms. Burrow commended the Special Education Unit for its work in helping districts with placement of students who need residential placement. She noted that this is a very costly process and districts need help in recovering incurred costs. She asked about funding sources. Ms. Harding noted that a variety of resources are available through the Special Education Unit.

Dr. Williams moved approval of the revision to the Rule as proposed for public comment. Ms. Rebick seconded the motion. The motion was adopted unanimously.

# Request for Approval to Submit for Public Comment Proposed Rules Governing the Arkansas State Teacher of the Year Program

Dr. Charles Watson was recognized to present this item. Dr. Watson noted he was reporting in lieu of Janinne Riggs who would be responsible for administration of the Rule and program. Dr. Watson noted that this program was authorized and funded during the recent special session of the Arkansas General Assembly. He stated that the Rule provides the structure to support the position as an advocate for teachers and teaching during the year following the annual selection of Arkansas Teacher of the Year.

Ms. Rebick moved approval of the Rule for public comment. Dr. Mays seconded the motion. The motion was adopted unanimously.

# Approval of 2006-2007 Arkansas Better Chance Rule Amendment for Public Comment

Paul Lazenby was recognized to present this item. Mr. Lazenby stated that this Rule was approved in April 2006; however, in the legislative review, suggestions were made

that would significantly change the intent of the Rule. He noted that the major change was to require each program to have a licensed teacher based on a four-year degree program of early childhood education. Mr. Lazenby reported that with such a major change in the intent, the program staff recommends to reenter a period of public comment.

Dr. Williams commented that this would be a controversial and costly revision to the program requirements. Mr. Lazenby noted that funds could be made available to grantees to meet the salary expectations once the requirement is in place. He also emphasized that there is a proposed phase-in period that will give teachers currently working in programs the opportunity to meet the new degree and licensure requirements.

Dr. Mays observed if money is available and children are better served, why has the state not taken this under consideration before this time. Mr. Lazenby responded that part of the issue would be the availability of qualified teachers and the capacity of higher education institutions to graduate the number of qualified teachers.

Dr. Williams moved approval of the revised Rule for public comment. Dr. Mays seconded the motion. The motion was adopted unanimously.

### Request for Approval of 2006-2007 Arkansas Better Chance Grants – Round 2

Paul Lazenby was recognized to present this item. Mr. Lazenby reminded the Board that when grant proposals were reviewed at a previous meeting it was known that there would be another group for consideration. He stated that this list includes those that have been under review and have been recommended for approval.

Dr. Williams asked if there were a district or districts in academic or fiscal distress that were encouraged to apply that failed to do so. Mr. Lazenby responded that Buffalo Island Central was such a district, but they now have submitted a proposal that is under review.

Dr. Williams moved approval of the ABC grants as proposed. Dr. Knight seconded the motion. The motion was adopted unanimously.

### **Other Business**

### **Discussion – Board Committees and Committee Structure**

Ms. Tatum led the Board in a discussion on the need for standing committees or the need for committees to do specific work. She stated that the only committee that has functioned in her tenure (three years) on the Board has been the Nominating Committee. Comments from Board members implied that committee work was time consuming and that the Board working as a committee of the whole has been successful.

It was concluded that a time during the meeting could be set aside to consider issues or topics that Board members wish to discuss during a "Work Session." It was agreed that Board members would suggest issues or topics to the Chair that would be included on the Work Session Agenda and that items would be submitted in time for them to be included in the published agenda.

Mr. Lawson moved adjournment. Dr. Williams seconded the motion. The motion was adopted unanimously.

The meeting adjourned at 12:55 p.m.

The Minutes were recorded and reported by Dr. Charles D. Watson.

# ADE'S PROJECT MANAGEMENT TOOL EXECUTIVE SUMMARY JULY 31, 2006

This document summarizes the progress that ADE has made in complying with the provisions of the Implementation Plan during the month of July 2006.

IMPLEMENTATION PHASE ACTIVITY	PMT EXECUTIVE SUMMARY AS OF JULY 31, 2006
I. Financial Obligation	As of June 30, 2006, State Foundation Funding payments paid for FY 05/06 totaled \$67,135,185 to LRSD, \$34,528,908 to NLRSD, and \$57,834,709 to PCSSD. The Magnet Operational Charge paid as of June 30, 2006, was \$13,862,944. The allotment for FY 05/06 was \$13,862,944. M-to-M incentive distributions for FY 05/06 as of June 30, 2006, were \$4,482,380 to LRSD, \$4,691,996 to NLRSD, and \$11,619,283 to PCSSD.
II. Monitoring Compensatory Education	On June 20, 2006, the ADE Implementation Phase Working Group met to review the Implementation Phase activities for the previous quarter. ADE staff from the Office of Public School Academic Accountability updated the group on all relevant desegregation issues. The purpose, content, and due date for information going into the Project Management Tool and its Executive Summary were reported. There was discussion about the three districts in Pulaski County seeking unitary status. The next Implementation Phase Working Group Meeting is scheduled for October 17, 2006 at 1:30 p.m. in room 201-A at the ADE.
III. A Petition for Election for LRSD will be Supported Should a Millage be Required	Ongoing. All court pleadings are monitored monthly.
IV. Repeal Statutes and Regulations that Impede Desegregation	On October 27, 2003, the ADE sent letters to the school districts in Pulaski County asking if there were any new laws or regulations that may impede desegregation. The districts were asked to review laws passed during the 84 <sup>th</sup> Legislative Session, any new ADE rules or regulations, and district policies.
V. Commitment to Principles	On July 10, 2006, the Arkansas State Board of Education reviewed and approved the PMT and its executive summary for the month of June.

IMPLEMENTATION PHASE ACTIVITY	PMT EXECUTIVE SUMMARY AS OF JULY 31, 2006
VI. Remediation	The Smart Summer Conference took place at the Little Rock State House Convention Center and Peabody Hotel in Little Rock. It was divided into two, two-day meetings. On July 10-11, 2006 the event focused on literacy for grades 5-12. On July 12-13, 2006 the event focused on mathematics for grades k-4. Meetings provided strategies for comprehensive school improvement and maximizing effective classroom instruction.
VII. Test Validation	On February 12, 2001, the ADE Director provided the State Board of Education with a special update on desegregation activities.
VIII. In-Service Training	A Tri-District Staff Development Committee meeting was held on February 7, 2006, at the ADE. Doug Ask (PCSSD) and Kaye Lowe (NLRSD) attended. They discussed professional development for classroom walkthrough. It was recommended that two days of training should be used for the classroom walkthrough and one half day should be spent training on the Palm computers that will be used in the walkthrough. Extended school day and extended school year were discussed. The students can improve faster when they are in school more, but it is difficult to find teachers who want to teach in an extended time program. It was mentioned that many principals want to spend more time in ACSIP committee meetings. Science training for teachers in grades 3-5 was discussed.
IX. Recruitment of Minority Teachers	In July 2006, ADE Professional Licensure mailed a list of Spring 2006 minority teacher graduates from Arkansas colleges and universities to the three Pulaski County school districts.

IMPLEMENTATION PHASE ACTIVITY	PMT EXECUTIVE SUMMARY AS OF JULY 31, 2006
X. Financial Assistance to Minority Teacher Candidates	Ms. Tara Parker of the Arkansas Department of Higher Education reported minority scholarships for Fiscal Year 2005-2006 on October 14, 2005. These included the State Teacher Assistance Resource (STAR) Program, the Minority Teacher Scholars (MTS) Program, and the Minority Masters Fellows (MMF) Program. The scholarship awards for STAR are as follows:  STAR Male Male Female Female Total Total Race Count Award Count Award Count Award White 274 1,195,500 45 240,000 319 1,435,500 Black 8 39,000 24 114,000 32 153,000 Hispanic 4 18,000 4 18,000 Asian Native Amer 2 9,000 3 15,000 5 24,000 Totals 284 1,243,500 76 387,000 360 1,630,500
	The scholarship awards for MTS are as follows:  MTS Male Male Female Female Total Total Race Count Award Count Award Count Award Black 2 10,000 42 210,000 44 220,000 Hispanic 2 10,000 2 10,000 Asian 1 5,000 1 5,000 2 10,000 Native Amer 2 10,000 2 10,000 Totals 3 15,000 47 235,000 50 250,000
	The scholarship awards for MMF are as follows:  MMF Male Male Female Female Total Total Race Count Award Count Award Count Award Black 2 7,500 24 122,500 26 130,000 Hispanic 2 10,000 2 10,000 Asian Native Amer  Totals 2 7,500 26 132,500 28 140,000
XI. Minority Recruitment of ADE Staff	The MRC met on June 17, 2005 at the ADE. Demographic reports were presented showing ADE Employees Grade 21 and Above by Race and Section as of December 31, 2004 and March 31, 2005. These reports were reviewed to ensure accuracy. Due to the Legislative session, the MRC combined it's review of the 2 <sup>nd</sup> and 3 <sup>rd</sup> quarters of the fiscal year.
XII. School Construction	This goal is completed. No additional reporting is required.
XIII. Assist PCSSD	Goal completed as of June 1995.
XIV. Scattered Site Housing	This goal is completed. No additional reporting is required.

IMPLEMENTATION PHASE ACTIVITY	PMT EXECUTIVE SUMMARY AS OF JULY 31, 2006
XV. Standardized Test Selection to Determine Loan Forgiveness	Goal completed as of March 2001.
XVI. Monitor School Improvement Plans	On June 13, 2006, ADE staff discussed a draft of the school improvement plan for the 06-07 school year at Park Hill Elementary in the NLRSD.
	On June 13, 2006, ADE staff met with the ACSIP Coordinator at the North Little Rock District Office to finalize dates for the 06-07 ACSIP team visit.
	On June 14, 2006, ADE staff discussed a draft of the school improvement plan for the 06-07 school year at Pikeview Elementary in the NLRSD.
	On June 22, 2006, ADE staff met with the Federal Programs Coordinator at the North Little Rock District Office to finalize all changes to the school improvement plan before the June 30 deadline.
	On June 12, 2006, ADE staff visited the summer transition camp held at Sylvan Hills Middle School in the PCSSD. The school does remediation and assists in transitioning students from fifth grade to middle school.
	On June 13, 2006, ADE staff provided technical assistance in preparation for the ACSIP visit in the spring of 2007 to Oak Grove High School in the PCSSD.
	On June 14, 2006, ADE staff provided ACSIP technical assistance to Daisy Bates Elementary School in the PCSSD.
	On June 15, 2006, ADE staff provided ACSIP technical assistance to Jacksonville High School in the PCSSD.
	On June 16, 2006, ADE staff visited the summer transition camp held at Fuller Middle School in the PCSSD.
	On June 19, 2006, ADE staff visited the summer transition camp held at the Jacksonville Middle School (Girl's Campus) in the PCSSD. Conducted walkthroughs and provided feedback.

IMPLEMENTATION PHASE ACTIVITY	PMT EXECUTIVE SUMMARY AS OF JULY 31, 2006
XVI. Monitor School Improvement Plans (Continued)	On June 20, 2006, ADE staff visited the summer transition camp held at the Jacksonville Middle School (Boy's Campus) in the PCSSD. Conducted walkthroughs and provided feedback.
	On June 21, 2006, ADE staff met at Maumelle Middle School in the PCSSD with the principal, the intern principal, and the ACSIP Chairperson from Pine Forest Elementary School. Answered ACSIP questions. Provided walk-through feedback. Advised the principal to insure that the plan is inclusive of plan evaluation and all actions types that apply, show how the effectiveness of the plan will be evaluated periodically as well as annually (use Princeton Review, and State Benchmark Results), identify all AIP action type strategies in plan and address attendance for grades 6,7, and 8.
	On June 22, 2006, ADE staff visited the summer transition camp held at Northwood Middle School in the PCSSD.
	On June 23, and 28, 2006, ADE staff visited the summer transition camp held at Fuller Middle School in the PCSSD. Provided technical assistance on the SEDL Website and the Wellness Website. Worked on the Wellness Priority in ACSIP.

IMPLEMENTATION PHASE ACTIVITY	PMT EXECUTIVE SUMMARY AS OF JULY 31, 2006
XVII. Data Collection	The State Board of Education approved the new Desegregation Monitoring and Assistance Plan on December 8, 1999 and instructed the ADE to forward the document to Mr. Tim Gauger so that it may be filed in Federal court.
XVIII. Work with the Parties and ODM to Develop Proposed Revisions to ADE's Monitoring and Reporting Obligations	On July 10, 2002, the ADE held a Desegregation Monitoring and Assistance Plan meeting for the three school districts in Pulaski County. Mr. Willie Morris, ADE Lead Planner for Desegregation, presented information on the No Child Left Behind Act of 2001. A letter from U.S. Secretary of Education, Rod Paige, was discussed. It stated that school districts that are subject to a desegregation plan are not exempt from the public school choice requirements. "If a desegregation plan forbids the school district from offering any transfer option, the school district should secure appropriate changes to the plan to permit compliance with the public school choice requirements". Schools in Arkansas have not yet been designated "Identified for Improvement". After a school has been "Identified for Improvement", it must make "adequate yearly progress". Schools that fail to meet the definition of "adequate yearly progress", for two consecutive years, must provide public school choice and supplemental education services. A court decision regarding the LRSD Unitary Status is expected soon. The LRSD and the NLRSD attended the meeting. The next meeting about the Desegregation Monitoring and Assistance Plan will be held in August 2002, after school starts.

# Section 1 Revolving Loans to School Districts

Pursuant to Arkansas Code Annotated (A. C. A.) § 6-20-802, school districts may borrow from the Revolving Loan Program for any of the following purposes:

- (1) Funding of its legally issued and outstanding postdated warrants;
- (2) Purchase of new or used school buses or refurbishing school buses;
- (3) Payment of premiums on insurance policies covering its school buildings, facilities, and equipment in instances where the insurance coverage extends three (3) years or longer; and replacement of or payment of the district's pro rata part of the expense of employing professional appraisers as authorized by §§ 26-26-601 through 26-26-607 or other laws providing for the appraisal or reappraisal and assessment of property for ad valorem tax purposes;
- (4) Making major repairs and constructing additions to existing school buildings and facilities;
- (5) Purchase of surplus buildings and equipment;
- (6) Purchase of school sites for and the cost of construction thereon of school buildings and facilities and the purchase of equipment for the buildings;
- (7) Purchase of its legally issued and outstanding commercial bonds at a discount provided that a substantial savings in gross interest charges can thus be effected;
- (8) Refunding of all or any part of its legally issued and outstanding debt, both funded and unfunded;
- (9) Purchase of equipment;
- (10) Payment of loans secured for settlement resulting from litigation against a school district;
- (11) The purchase of energy conservation measures as defined in Title 6, Chapter 20, Subchapter 4; and
- (12) (A) The maintenance and operation of the school district in an amount equal to delinquent property taxes resulting from bankruptcies or receiverships of taxpayers and for loans to school districts in an amount equal to insured facility loss or damage when the insurance claim is being litigated or arbitrated.
  - (B) For purposes of this subdivision, the loans become payable and due when the final settlement is made, and the loan limits prescribed by § 6-20-803 shall not apply.

The maximum amount a school district may borrow is \$500,000 (A. C. A. § 6-20-803). Revolving loans are limited to a term of ten (10) years (A. C. A. § 6-20-806).

The Arkansas Department of Education (ADE) Standards Assurance Unit (SAU) reviews data submitted as part of the Cycle 2 reporting requirements to determine the initial accreditation of each district office and each school. Enclosed is the initial accreditation report for the 2005-2006 school year based on data submitted by the district as part of the Cycle 2 reporting including current information in the Arkansas Professional Licensure System. In addition to including a listing of violations/citations for the 2005-2006 school year, the report reflects the accreditation history for the previous two school years. An explanation of violation/citation numbers is also included.

Please review all initial violations listed for 2005-2006 and confirm that all citations are correct or submit written correction(s) to the assigned Standards Assurance Specialist by close of business on April 21, 2006. If corrections are sent by e-mail, Standards Assurance Unit (SAU) specialists will respond to confirm receipt of e-mail; if there is no response to information submitted by the district, contact the assigned SAU specialist. The assigned specialist is listed as "supervisor" on the upper right corner of the report's first page. If no supervisor is listed, e-mail mwilliams@arkedu.k12.ar.us. Written corrections may be sent by mail, e-mail, or fax and should include the LEA number and building name and the following, as applicable:

- 1) Name and Arkansas Teacher's License number of staff member;
- 2) Job code or course code change;
- 3) Grade level change:
- 4) Class size change (APSCN\_01 Class Count All Year);
- 5) Total students change (Master schedule matrix marking period 3 or second semester);
- 6) FTE change; or
- 7) Student enrollment change to address FTE violation.

For all individuals teaching for more than thirty (30) consecutive days in a grade level or subject area not included on the teaching license, the following documents are required to be on file at the Arkansas Department of Education: Additional Licensure Plan (ALP) and ADE approved waiver letter. Refer to "Rules Governing Standards for Accreditation of Arkansas Public Schools" (Rules 24.01 and 24.18).

Classes listed under "2400 Secondary Courses" are required classes for which no course code was submitted. To

provide confirmation of teaching required courses listed in the "2400 Secondary Courses" violation, please submit applicable pages of the current (grades 7-12) Arkansas Public School Computer Network (APSCN) new master schedule (APSCN\_01 State Report MS Check). If staff changes have occurred since the Cycle 2 report was submitted, send a copy of contracts for additional staff to correct class size violations and send a copy of contracts for changes in staff to correct licensure violations.

Please note that the specific course code must be used to prevent a citation; grade level entries must be appropriate for the course code. For example, if the course code is 355810 Physical Education Grade 5 with students in grades 5-6 included, there will be a citation.

Acceptable changes requested in writing by the district will be entered by the assigned SAU specialist. The final accreditation status for each school will be based on remaining violations/citations; refer to ADE "Rules Governing Standards for Accreditation of Arkansas Public Schools" (January 2005). As mandated by the Omnibus Quality Education Act (Act 1467 of 2003/Ark. Code Ann. § 6-15-203), final accreditation status will be determined by May 15, 2006.

Right Of Appeal (After May 15, 2006)

In the event a district believes the Department of Education has improperly determined that any school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the office of the Commissioner of the Department of Education.

Any such appeal shall be held in an open hearing and the decision of the Board shall be in open session. The appeal must be filed not later than May 30 following the May 15 written notification; the State Board of Education hearing must be held prior to August 15 of the same calendar year.

The State Board of Education may confirm the accreditation status of a school as determined by the Department of Education or it may sustain the appeal of the district.

Pursuant to Ark. Code Ann. § 6-15-203(b)(5), an appeal from the ruling of the Board may be made by a school district to the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administrative Procedures Act, Ark. Code Ann. § 25-15-201 et. seq.

The Arkansas Department of Education (ADE) reviews Annual Accreditation Reports to determine the accreditation status of each school in each district in Arkansas. The Annual Accreditation Status Reports will be mailed during the first part of May. This status report will be the school district's final and official accreditation status report for the 2005-2006 school year. It will reflect a three-year history of accreditation. Please note the review date indicated for Probationary violation(s); evidence to correct Probationary violation(s) must be received by the Standards Assurance Unit on or before the review date. Read items indicated in "Comments." Accreditation status resulting from the 2005-2006 On-campus Standards Review will be explained in "Comments."

Included with the status report is a Corrected Exceptions Accreditation Status Report. This report lists changes to the Initial Accreditation Report. To assist with processing, all 2008 generated licensure deadlines appear on this report rather than on the Annual Accreditation Report. Please refer to Rules Governing Standards for Accreditation, Rule 24.01, for further information concerning licensure deficiencies involving an individual's Additional Licensure Plan. The Corrected Exceptions Accreditation Status Report will assist school districts in preparing to submit future reports. Please thoroughly review this information. Other notes indicating necessary exception corrections may include incorrect course codes, incorrect grade levels, invalid data or may indicate the district has corrected an exception that may have existed when the report was initially submitted. Please continue to work with the respective school district's Standards Assurance Specialist for additional information about the district's report.

### Right Of Appeal

In the event that a school district believes the ADE has improperly determined that a school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the ADE, Office of the Commissioner, #4 State Capitol Mall, Room 304-A, Little Rock, AR 72201-1071.

Any such appeal shall be held in an open hearing and the decision of the State Board of Education (Board) shall be in open session. The appeal must be filed not later than May 30, 2006, following the May 15, 2006, written notification; the Board hearing must be held prior to August 15, 2006.

The Board may confirm the accreditation status of a school as determined by the ADE or it may sustain the appeal of the district.

district	t to the Ark. Code Ann. § 6-15-203, an appeal from the ruling of the Board may be made by a school o the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administra res Act, Ark. Code Ann. § 25-15-200 et seg.

Mr. Jim Hill, Superintendent Arkansas for the Blind School District 2600 W. Markham Street Little Rock, AR 72203

Dear Mr. Hill:

The State Board of Education has established criteria for the accreditation of public schools. Based on observation and evaluation of current data submitted by your schools, the Arkansas Department of Education cannot accredit the Arkansas School for the Blind Elementary School and the Arkansas School for the Blind High School for the following reasons:

### Arkansas School for the Blind Elementary School

The school does not have an approved Gifted and Talented Program.

### Arkansas School for the Blind High School

The school does not teach all required courses for grades 9-12:

Oral Communication

Journalism

Chemistry

Science electives

American Government/Civics

Social Studies Electives

Career and Technical courses

The school does not have an approved Gifted and Talented Program

Cynda A. Bellamy is not highly qualified to teach Spanish because of an expired

Dr. Ken James Commissioner of Education Department of Education Little Rock, AR

Dear Dr. James:

On May 15, 2006 the Arkansas School for the Blind received a letter from John McKinnon, dated May 12, 2006, stating that the Arkansas Department of Education could not accredit the ASB Elementary and Secondary programs. The letter also provided information related to the exceptions that were used to make the interpretation of the status of the schools' accreditations. The administrative staff at ASB has reviewed the exceptions listed in the letter and we have very serious concerns related to the validity of the exceptions as they relate to the specific needs of our students. The staff believes that due to the special needs of our students and the special design of our programs to meet those specific needs, ASB accomplishes the intent of the accreditation goals of the ADE.

The ASB program offers educational opportunities to blind and visually impaired students that exceed those available in the public schools. The administrative staff shares the Department's concerns and we will meet the goals of accreditation. We believe that due to the special nature of our school enrollment, the additional certification requirements required, the extended core curriculum that we meet the standards referred to in the letter. It is our professional opinion that accommodations and special considerations by ADE should be provided to our programs.

Teachers at ASB must be certified in the area in which they teach, plus they must have vision certification. The special nature of the vision certification insures that they have the expertise needed to equal and exceed the certifications required of a Gifted and Talented teachers. Vision certification requires 24 to 34 hours in instructional methods for blind and visually impaired students and provides adequate training to provide gifted and talented services to our students.

August 1, 2006

To: The Arkansas State Board of Education

The Board of the Arkansas School for the Blind and Administration respectfully expresses concerns related to the Department of Education Administrative Committee decision to declare that both the Arkansas School for the Blind Elementary and Secondary Schools as "Accredited-Probationary." In this hearing we would like to show that the accreditation status for both schools should be "Accredited."

In a letter from John McKinnon dated May 12, 2006, and within the accompanying Accreditation Report, the ASB Elementary School and the Secondary School were shown as "Accredited-Probationary." The Elementary School was placed on "Probation" because there was no Gifted and Talented Program. The Secondary School program was placed on "Probation" because of a 2004-2005 issue related to the Spanish teacher "is not highly qualified to teach Spanish because of an expired ALP." Other citations for the high school program included "the school does not have an approved Gifted and Talented Program" and a citation because the school does not offer all required courses for grades 9-12.

We will show that the certification for both schools should be "accredited" status. The March 28, 2005 approved Standards delineate "Probationary Status" in section 5.0: "A school district shall be assigned a probationary status which is deemed to have failed to meet any standard defined with a probationary status in these rules or was in cited status for the same violation for the previous two (2) consecutive years and is referenced as applicable to a school district. The Standards further state in 4.01 under "Cited Status": "A school district, which is deemed to have failed to meet any standard defined with a cited status in these rules and is referenced as applicable to a school district, shall be assigned a cited status." In the 2004-2005 accreditation report the ASB Elementary program was "Accredited" and the ASB Secondary program was "Accredited-Cited". (The citation was due to Cynda Bellamy's Certification).

We will show that the information provided to us by ADE dated May 24, 2005, through written document, stated that Mrs. Bellamy would qualify for a valid Additional Licensure Plan (ALP) (enclosed), and that in the years prior to May, 24, 2005, ASB had in their personnel files a license which showed Mrs. Bellamy to be certified in Spanish until December 31, 2007.

In addition, we have provided information that shows that the educational program at the Arkansas School for the Blind excels beyond public school programs for visually impaired and blind students in meeting the needs of that special population. ASB's educational program is unique in its curriculum, its teacher certification requirements, and its program inherently provides all elements of the Gifted and Talented Program.

We will provide information about our student population, our academic program, and our adaptive curriculum that clearly shows valid reason why students may not be enrolled in every class offered on campus. We will show that the special needs of our students mandate that they take courses in ASB's adaptive curriculum to be better prepared to compete with their sighted peers in the sighted community.

This report will provide information which will show that there was no certification issue in 2004-2005 concerning the ASB Elementary School, and only one citation concerning the mix-up in the Spanish teacher's licensure for ASB Secondary School; and that the educational programs at the Arkansas School for the Blind fall into the "not applicable" section 4.0 and 5.0 of the ADE Standards. We respectfully request that the status of the educational programs at the ASB High School and Elementary School be changed to "Accredited."

### EXPLANATION OF CONCERNS RELATED TO THE CERTIFICATION OF CYNDA BELLAMY 15.0, STANDARD X, 15.03.1

In the 2004-2005 school year accreditation report dated May 11, 2005, the Arkansas School for the Blind High School accreditation status was determined "Accredited-cited". The reason given for the citation was listed as "Cynda Bellamy, Job not certified, Spanish I" (see documentation included). At the beginning of the 2005-2006 school year, the school administration had investigated the issues related to Mrs. Bellamy's certification and, based upon a letter from Pat Brandt at the ADE Professional Licensure dated May 24, 2005, (see letter included), we were under the impression that Mrs. Bellamy's certification would not result in a citation because, according to ADE, she was on a three year Additional Licensure Plan pending completion of the Praxis requirements listed on

her application for ALP. The first time we were officially notified of any concerns about her ALP certification was in Mr. McKinnon's letter dated May 12, 2006 (enclosed).

The Administration at the Arkansas School f/t Blind has always taken appropriate action within an appropriate time frame when there have been accreditation issues related to any certification deficiencies. The documentation shows that the school administration acted in good faith by immediately taking action to place Mrs. Bellamy on an ALP and that the ruling to override that decision made by an ADE staff members should not be a legal issue in the 2005-2006 ASB secondary accreditation report.

We respectfully request that the board take the appropriate action to remove the issue of Spanish certification for Cynda Bellamy listed on the Arkansas School for the Blind High School 2005-2006 Accreditation Report.

Since no further "probationary" issues were listed for the high school for the 2004-2005 school year, we respectfully request that under Standard 4.0 (Cited Status) which states that "a school which is deemed to have failed to meet any standard defined with a cited status in these rules and is referenced as applicable to a school, shall be assigned "cited status," and the ASB Secondary School be changed to reflect "Accredited."

Update: In June of 2006, Cynda Bellamy completed two PRAXIS exams in Spanish with very high scores (test results enclosed). In July of 2006, she became officially certified by the ADE Teacher License Division to teach Spanish (certificate enclosed).

### EXPLANATION OF CONCERNS RELATED TO GIFTED AND TALENTED CITATION Arkansas Code Annotated 6-42-102 (Repl. 1993)

This section of the hearing information will provide support of the fact that while ASB does not currently have a certified Gifted and Talented Program, its Special Education processes and its requirement of teachers to obtain dual certification provide equal or better than equal benefits to students with sensory impairments when compared to a Gifted and Talented Program.

Within this section, information concerning the GT Rules and Regulations will be listed and examples of how ASB meets those requirements will be given.

Section 6.00 – Personnel

6.01 - ASB teachers who have gifted and talented students in homogeneous groups currently hold the following certifications:

A. An Arkansas Teaching Certificate in their assigned teaching area

### B. Arkansas certification in Teacher for the Visually Impaired

The ASB Board of Education and Administration recognize the importance of teacher training/education and the successful completion of required assessments. The standard insures that teachers who teach identified gifted and talented students in a homogeneous setting will possess the instructional skills needed to insure that "qualitatively differentiated educational experiences and/or services" are provided.

ASB teachers have dual certification, which includes ADE certification in the grades or subjects they teach and ADE certification in Teacher for the Visually Impaired. The certification requirements to teach visually impaired and blind students provide special training and skills development specifically designed to enhance teacher effectiveness in providing for the special needs of the sensory impaired students.

The gifted and talented program was established to provide for the special needs of gifted and talented students in Arkansas. As a result the standards and regulations were established to insure that resources and trained personnel were available to meet those special student needs.

Blind and visually impaired gifted and talented students can benefit from the standards and regulation, but the special needs of this population far exceed those required for students with normal vision. To properly provide appropriate educational opportunities for all students who are blind or visually impaired, every member of the educational staff must have certification that focuses on specialized instructional, assessment, and counseling needs of each individual student. To accomplish that goal each teacher must have certification in Teacher for the Blind and Visually Impaired (Teacher for the Sensory Impaired).

Course requirements for certification as a teacher for the sensory impaired extends the educator's knowledge and skills beyond those required to teach in a regular classroom. The basic course of study for certification as a teacher for the sensory impaired include the following graduate courses and course of study (UALR requirements):

### Hrs

- 2 sped 7210 Methods of teaching Braille
- 3 sped 7301 foundations for special education
- 1 rhbl 7315 medical aspects of blindness
- 1 sped 7120 abacus and transcribing
- 1 sped 7121 Braille and Nemeth Code
- 1 sped 7194 practicum visually impaired
- 3 sped 7395 managing the learning environment
- 3 sped 7320 aids visual impairments I
- 1 sped 7195 Practicum visual impairments

- 3 sped 7321 aids visual impairments II
- 3 sped 7344 collaborative partners in education
- 3 rhbl 5302 basic independent living skills
- 3 edfn 7303 introduction to research
- 3 read 7551 teaching reading
- 1 sped 7193 Braille format for elementary and secondary
- 1 sped 7123 technology-visual impairments
- 1 sped 7196 practicum –visual impairments
- 3 sped 7309 seminar in special education

### 39 graduate hours - total

Additional requirements for certification in Vision Education are to pass the PRAXIS test code section 028 - Teaching Students with Visual Impairments, and test code section 0351 - Knowledge-based Core Principles of Special Education.

The course requirements for certification as a teacher of the sensory impaired certainly provide the ASB teachers with the skills and knowledge required to teach the gifted and talented students with visual impairments or blindness. The course content provides teacher training which deals with all items listed as certification requirements either as an administrator/coordinator, standard 6.00 and include specific training that qualifies them for the certification (a.) through (i.).

ASB teacher certification also exceeds the requirements specified in GT rules and Regulations in section 6.01 - teachers who teach identified students in homogeneous groups, and section 6.02 - persons who administer/coordinate a program for gifted students.

ADE certification requirements for gifted and talented "teacher who teach identified students in a heterogeneous group" fall short of ADE certification requirements for teachers of the blind and visually impaired.

### Section 7.00 - Identification

7.01- Describes the nomination process. The ASB nomination process can best be described by using our state regulated Individualized Education Plan (IEP), Annual Review (AR) and Re-evaluation processes. 7.02- These processes are clearly stated, provide uniform implementation and provide communication to the entire school staff.

7.03 - All Identification procedures are completed by the IEP/AR and Re-evaluation committee, chaired by the ASB Special Education Supervisor. The list of professionals who make up the committees include:

A. ASB principal

- B. ASB teacher
- C. ASB counselor
- D. Psychological Examiner, OT, PT, Speech Therapist as needed
- E. Public school teacher
- F. Public school Special Education representative
- G. Vision specialist
- H. Parent
- I. Student
- J. Orientation and Mobility Specialist
- K. Other professionals as required

Through the IEP/AR/Re-evaluation processes, the committee analyzes all data which includes objective and subjective data, teacher observations, student progress and grades, motivation, creative ability, task commitment, cognitive/functional/social strengths and weaknesses, and other appropriate information available.

7.04 - ASB utilizes various assessments to ascertain each student's strengths and weaknesses, cognitive abilities, talents, social abilities and functional abilities. The IEP/AR/Re-evaluation processes provide formats which require multiple sources of information which can be used to adequately make program decisions related to students who are gifted and talented.

ASB provides assessments that are subjective and objective as well as other important data. Evaluations and assessments are utilized and data reviewed annually for each student.

### The assessments include:

- A. ACTAAP
- B. Iowa Basic Skills
- C. Teacher made test and observations
- D. Intellectual Assessments such as WISC, WPPSI-R, Slossan, DAS, etc.
- E. Individual Achievement such as WIAT, WRAT, DAB, etc.
- F. Learning Media Assessment
- G. Functional Vision Assessment
- H. Clinical Vision examinations and evaluations
- I. Sensory Channels Checklist
- J. Adaptive Technology Evaluations
- K. Orientation and Mobility Assessments
- L. LCCE Vocational Assessment
- M. Jobs for American Graduates Assessment
- N. Minnesota Braille Skills Assessment
- O. Brigance Assessments

- P. Curriculum Assessments
- Q. Direct Instruction Reading Assessments
- R. Oregon Assessment for Visually Impaired/Blind students, ages birth through six
- S. Adaptive Behavior Assessments such as Vineland, BASC, etc.
- T. Social History
- U. Annual Strengths and Weaknesses review based on curriculum assessments
- V. ACTAAP, Brigance, teacher observations, class work, peer interaction, social skills, physical abilities and artistic/talent skills and abilities, etc.
- 7.05 The ASB IEP/AR/Re-evaluation processes require that multiple criteria be used in considering the placement of a student in a Gifted and Talented Program. The process includes a balanced committee and the committee members collectively and individually consider a wide source of data when recommending and placing an ASB student within any program placement. The IEP committee process is structured to provide a balanced multiple criteria approach to all program placement decisions.
- 7.06 The IEP/AR/Re-evaluation processes have legal requirements which eliminate opportunities for actions which could be considered discriminatory when making student program decisions.
- 7.07 The ASB IEP/AR/Re-evaluation processes provide an advocate teacher for each student and that teacher provides all instructional staff with appropriate, instructionally useful information obtained during the identification process. ASB has assigned each student an advocate teacher and their function is to communicate all information to other professional staff, to parents and to the local school district.
- 7.08 The parent of each student is a member of the IEP committee and has equal input into the programming process. In addition, parental signatures are required for any program decisions, we provide each parent a required documentation form showing receipt of appropriate information concerning their child (with signature page), we require parental permission for any programming decisions (signature required), and the parents are provided information concerning appeal rights which are guaranteed by law.
- 7.09 The ASB IEP/AR/Re-evaluation processes include the following:
- a. Annual review of student progress and program placements (Preschool through grade 12)
- b. Policies for program changes/exit that follow state mandated procedures
- c. ASB follows a state mandated law which requires that student records be kept for five
- (5) years after the student exits the school.

Section 8.00 – Program Options

8.05 – ASB provides students a minimum of 150 minutes a week of direct instruction within their program areas. GT class activities are integrated into the classroom setting for all students. Classes at ASB are small and allow teachers to provide class activities designed to accommodate all levels of student abilities within each class. Gifted and Talented classroom activities have always been provided by the teachers.

### Section 9.00 – Curriculum

9.00 - The ASB curricula are designed to provide regular academics, special education and the Expanded Core Curriculum for students with visual impairments and blindness, grades Preschool through twelve. The Expanded Core Curriculum provides access to activities provided within a gifted and talented program. There are eight specialized skill areas identified within the Expanded Core Curriculum: Compensatory academics, social development, recreation and leisure, independent living skills, orientation and mobility, technology, career development and visual efficiency (Hatlen, 1996).

ASB also participates in a cooperative agreement with the Little Rock School District which allows ASB high school students to attend classes at Hall High School or the Metro Vocational school. The Hall High School Curriculum is adequate to meet the requirements of AP courses within a Gifted and Talented program. ASB provides the scheduling and transportation required to insure all students' access to the curriculum. ASB also provides students the opportunity to participate in concurrent studies with the Pulaski Technical College and the University of Arkansas at Little Rock.

### Section 10.00 - Evaluation

The Arkansas School for the Blind will develop procedures as described in 10.01 through 10.07 to be used to evaluate the effectiveness of educational opportunities provided for identified gifted and talented students

The information provided in this section shows that the Arkansas School for the Blind has programs in place which provide opportunities for students identified as gifted and talented that are equal to and, in most cases, exceed those provided through a Gifted and Talented Program. The IEP/AR/Re-evaluation processes, the use of the Expanded Core Curriculum, regular education curriculum and special education, and the specialized certification of ASB teachers inherently provide guidelines which insure appropriate teacher training, provisions for appropriate student selection processes, and curriculum specified in the Standards for the Gifted and Talented program.

The Arkansas School for the Blind Elementary and Secondary Schools respectfully request that the "Probationary" status be removed from the 2006 accreditation report. Since no citation has ever been placed on the school for lack of a Gifted and Talented Program, we respectfully request that ASB be given an appropriate time frame to develop a program, if considered necessary and appropriate by the Board of Education. ASB also requests that it be approved as meeting standards 6.00 - Personnel, 7.00 - Identification, 9.00 - Curriculum and 10.00 - Evaluation.

Ш

### EXPLANATION OF CONCERNS RELATED TO CAMPUS COURSE OFFERINGS STANDARD 9.03.1.2

Standard 9.03.1.2 specifies that a total of thirty-eight (38) units must be taught on the ASB campus each school year. Interpretation of the standard requires that courses that have no students enrolled in them may not be counted as being offered.

The ASB education program serves three purposes: it provides a strong academic curriculum, a vocational/functional curriculum and an expanded core curriculum specifically designed to meet the need of blind and visually impaired students.

In 2005-2006, the school offered all thirty-eight (38) units on campus, but unfortunately three classes did not have students enrolled in them. However, the ASB academic curriculum is supplemented by a cooperative agreement with the Little Rock School District. The agreement makes provisions for ASB students to enroll in enrichment and advanced classes at Hall High School, or in courses offered at Metro Vocational School. Additional advanced course offerings and concurrent course offerings are available to ASB students at Pulaski Technical College and at the University of Arkansas at Little Rock.

When appropriate, students have taken advantage of opportunities to enroll in advanced or enrichment courses. Historically, ASB has facilitated student enrollment opportunities in those schools. Great care is taken by ASB staff to assure ASB student schedules accommodate successful enrollment. Also, ASB provides transportation for students to and from the school location.

The second curriculum, The Expanded Core Curriculum, is especially designed for blind and visually impaired students. All students at ASB have been identified as special education students who have special needs. In order to meet those special needs, an additional specialized curriculum for our population is necessary to enable them to develop the skills they will need to compete with their sighted peers.

The special Expanded Core Curriculum includes courses that provide skills training in:

Compensatory Skills
Braille/Nemeth Code
Social Development Skills
Adaptive P.E
Daily Living Skills
Adaptive Music
Cognitive Functional Concepts
Career Development
Concepts Development

Adaptive Technology Visual Efficiency Skills Independent Living Skills Adaptive Athletics Orientation and Mobility Recreation and Leisure Visual Efficiency

Many ASB students also require special education services of Occupational Therapy, Physical Therapy, and Speech Therapy.

ASB uses the Individualized Education Program (IEP) format to determine the student's specific educational programming needs. In the IEP committee meetings, the student's strengths and weaknesses are established, current comprehensive assessments are reviewed, student functional needs are established, the student's academic, social and related service needs are determined. Based upon the data gathered, an educational program is designed to prescribe the Expanded Core Courses required to meet the special needs of the student. The comprehensive process establishes a program of study based upon the specific needs of each individual student.

Expanded Core Courses are extremely important to the ASB student. If a blind or visually impaired student is to have equal educational opportunities with his/her sighted peers, s/he must be provided special adaptive courses within the Expanded Core Curriculum.

The development of student schedules, which reflect the academic, special, and Expanded Core Courses, creates tremendous scheduling problems within the school day. Often assessment data indicate that a student needs ten hours of courses within an eight hour day.

A sample schedule for one of our students will illustrate the problem. The student has chosen to return to ASB for an additional year of instruction to improve his skills for successful entry into a college setting. The student would like to take the following courses: Chemistry (at Hall High), College Freshman English Composition 1 and 2 by Internet (Pulaski Tech), Independent Living Skills, Adaptive Instrumental Music, Adaptive Technology, Physical Education, Orientation and Mobility, and Algebra II. This schedule means that the student will have a full 8 hours of courses, including 3 Expanded Core Curriculum courses.

When the school staff develops an IEP, they must schedule the courses designed to meet the academic, adaptive and special needs of the student. There are times when tough educational decisions must be made when considering academic courses. Some students choose to extend their education into a 5<sup>th</sup> year program to accomplish all their educational goals.

Another problem which restricts student course enrollment at ASB is the unique nature of our student population. In the 2005/2006 school year, ASB had thirty-one (31) students in grades nine through twelve (9-12). Ten (10) of the thirty-one (31) students were identified as students who exhibit abilities considered gifted and talented and have an IEP which places them into appropriate courses of study.

Another ten (10) have all the characteristics for potential GT placement but, because they are functioning at a lower skills level than their class placement, they have remained within a course of study that will remediate and increase their skills in basic subject areas. Students with skills below their grade placement are usually students who have transferred to ASB from a public school. The reason they transfer to ASB is because they have experienced low academic achievement and/or have exhibited poor social adjustment skills. Their program of study includes credit courses required for graduation, Expanded Core Curriculum courses, and remediation courses. For this group of students the highest priority is to bring their skills up to grade level and provide them with their required Expanded Core Curriculum courses.

The other eleven have been identified with multiple disabilities and their programming is in academic remediation with emphasis upon functional skills.

There are valid reasons why ASB does not enroll students in all courses identified in Standard 9.03.1.2. The special needs of the blind and visually impaired student must be considered in all program decisions. Also, the wide range of program needs and abilities of the thirty-one (31) students make it impossible to meet the standard unless the school implements forced enrollment policy. Reason would suggest other solutions to the problem. For all students at ASB, programming should me determined by the IEP process. Other considerations, including placing students in all 38 required classes, should be secondary.

Arkansas School for the Blind respectfully requests that the Citation related to Standard 9.01.1.2 be removed and that the Arkansas School for the Blind Secondary program be changed to reflect Accredited.

Sincerely

Jim Hill, Superintendent

Memo: To Whom It May Concern

From: Pat Brandt, Professional Licensure

Date: 5-24-2005

Please be informed that Cynda Bellamy currently holds a standard 10 yr. license in Secondary English and Visually Impaired 7-12. Ms. Bellamy gained a standard teaching license by participating in the Non-Traditional Program from 1996-1999. While in the program, she was granted provisional licenses in English and Spanish. When her license was converted to a standard license, Spanish was inadvertently left on the license, although she had not yet completed all the tests required for Spanish licensure.

During the school year of 1998-1999, while completing the Non-Traditional program, Mr. Tolson gave Ms. Bellamy an information sheet with things to be completed before expiration of the provisional license and issuance of a standard license. One of the items listed was the NTE for Spanish.

On 8-7-2001, Ms. Bellamy was sent a letter explaining that she had met all requirements for a standard license in Secondary English and Visually Impaired 7-12. On September 17, 2001, Ms. Bellamy was sent a response regarding adding Spanish to her license. Her only deficiency noted was the Specialty area test for Spanish.

To this date, the tests for adding Spanish have not all been completed. However, Ms. Bellamy may be employed to teach Spanish by filing an Additional Licensure Plan (ALP). School districts are allowed to have a teacher in a classroom for a max of 3 yrs. while an ALP is on file. I am including an ALP with the enclosed copies of the documents mentioned above. When she submits passing scores on the two remaining Spanish exams, along with an application, we can add Spanish 7-12 to her license.

If you have questions, please call me at 683-3121.

School districts seeking to employ teachers to teach out of field (not in the field in which the teacher is currently licensed) will use the Additional Licensure Plan (ALP) to meet	blind
that need. School districts may use the ALP process to address unusual emergency situations when licensed teachers are asked to teach in areas/levels for which they do not	
possess licenses/endorsements.	

Eligibility guidelines. Teachers must meet the following conditions:
 possess a standard teaching license,

- seek to add another area of licensure or endorsement, and
- be assigned to teach in an area other than the one for which they are currently licensed.

The additional area of licensure will be added to the credential when all licensure requirements are successfully completed.

Teachers assigned to teach in a field that is out of their <u>original level</u> of licensure, must complete an approved performance-based program of study and pass the required assessment(s) for the new licensure area.

### Required assessments:

Tape-recorded materials are used during #0191 (listening section) and #0192 (speaking section) of this testing.

- Praxis II: Spanish: Content Knowledge, test #0191
   Minimum score required: 155
- Praxis II: Spanish: Productive Language Skills, test #0192
   Minimum score required: 141
- Praxis II: Spanish: Pedagogy, test #0194
   Minimum score required: 160

NOTE: Test at a Glance (TAAG) study guide booklets are available on line from <a href="https://www.teachingandlearning.org">www.teachingandlearning.org</a> or through the ADE Office of Professional Licensure. Any teacher wishing to take any Praxis assessment is strongly encouraged to obtain these study materials.

Tape-recorded materials are used during #0191 (listening section) and #0192 (speaking section) of this testing.

The following background is strongly recommended before attempting the Praxis testing:

Recommended Content background:

- ✓ Listening comprehension for phonemic discrimination, understanding of idiomatic expressions, familiarity with vocabulary and structures typical of conversational Spanish,
- ✓ Language analysis,
- ✓ Speaking and writing of the Spanish language,
- ✓ Planning, teaching and evaluating Spanish instruction.

### Recommended Experience background:

- ✓ Practice with pedagogical approaches to planning instruction.
- Developed proficiency with planning lesson plans, demonstrating why specific topics are included in the Spanish curriculum, and how the Spanish curriculum fits into the total school curriculum.
- ✓ Developed ability to write about topics such as how Spanish could be taught, including why certain methods/techniques are appropriate.
- ✓ Practice with choosing and evaluating materials and instruction for Spanish instruction.

### Employing school district guidelines.

- The employing district will document the need to assign a teacher out of field by attesting that an appropriately credentialed teacher cannot be found.
- The employing district will file this complete ALP form with the ADE Office of Professional Licensure within 30 days of the out-of-field teaching assignment.
- The employing district understands that a teacher will have no more than three calendar years from the date of filing with the ADE to meet full licensure requirements for the additional licensure or endorsement being sought.

Dear Mr. Hill:

The State Board of Education has established criteria for the accreditation of public schools. Based on observation and evaluation of current data submitted by your schools, the Arkansas Department of Education cannot accredit the Arkansas School for the Blind Elementary School and the Arkansas School for the Deaf High School for the following reasons:

### Arkansas School for the Blind Elementary School

The school does not have an approved Gifted and Talented Program.

### Arkansas School for the Blind High School

The school does not teach all required courses for grades 9-12:

The Arkansas Department of Education (ADE) Standards Assurance Unit (SAU) reviews data submitted as part of the Cycle 2 reporting requirements to determine the initial accreditation of each district office and each school. Enclosed is the initial accreditation report for the 2005-2006 school year based on data submitted by the district as part of the Cycle 2 reporting including current information in the Arkansas Professional Licensure System. In addition to including a listing of violations/citations for the 2005-2006 school year, the report reflects the accreditation history for the previous two school years. An explanation of violation/citation numbers is also included.

Please review all initial violations listed for 2005-2006 and confirm that all citations are correct or submit written correction(s) to the assigned Standards Assurance Specialist by close of business on April 21, 2006. If corrections are sent by e-mail, Standards Assurance Unit (SAU) specialists will respond to confirm receipt of e-mail; if there is no response to information submitted by the district, contact the assigned SAU specialist. The assigned specialist is listed as "supervisor" on the upper right corner of the report's first page. If no supervisor is listed, e-mail mwilliams@arkedu.k12.ar.us. Written corrections may be sent by mail, e-mail, or fax and should include the LEA number and building name and the following, as applicable:

- 1) Name and Arkansas Teacher's License number of staff member;
- 2) Job code or course code change;
- 3) Grade level change:
- 4) Class size change (APSCN\_01 Class Count All Year);
- 5) Total students change (Master schedule matrix marking period 3 or second semester);
- 6) FTE change; or
- 7) Student enrollment change to address FTE violation.

For all individuals teaching for more than thirty (30) consecutive days in a grade level or subject area not included on the teaching license, the following documents are required to be on file at the Arkansas Department of Education: Additional Licensure Plan (ALP) and ADE approved waiver letter. Refer to "Rules Governing Standards for Accreditation of Arkansas Public Schools" (Rules 24.01 and 24.18).

Classes listed under "2400 Secondary Courses" are required classes for which no course code was submitted. To

provide confirmation of teaching required courses listed in the "2400 Secondary Courses" violation, please submit applicable pages of the current (grades 7-12) Arkansas Public School Computer Network (APSCN) new master schedule (APSCN\_01 State Report MS Check). If staff changes have occurred since the Cycle 2 report was submitted, send a copy of contracts for additional staff to correct class size violations and send a copy of contracts for changes in staff to correct licensure violations.

Please note that the specific course code must be used to prevent a citation; grade level entries must be appropriate for the course code. For example, if the course code is 355810 Physical Education Grade 5 with students in grades 5-6 included, there will be a citation.

Acceptable changes requested in writing by the district will be entered by the assigned SAU specialist. The final accreditation status for each school will be based on remaining violations/citations; refer to ADE "Rules Governing Standards for Accreditation of Arkansas Public Schools" (January 2005). As mandated by the Omnibus Quality Education Act (Act 1467 of 2003/Ark. Code Ann. § 6-15-203), final accreditation status will be determined by May 15, 2006.

Right Of Appeal (After May 15, 2006)

In the event a district believes the Department of Education has improperly determined that any school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the office of the Commissioner of the Department of Education.

Any such appeal shall be held in an open hearing and the decision of the Board shall be in open session. The appeal must be filed not later than May 30 following the May 15 written notification; the State Board of Education hearing must be held prior to August 15 of the same calendar year.

The State Board of Education may confirm the accreditation status of a school as determined by the Department of Education or it may sustain the appeal of the district.

Pursuant to Ark. Code Ann. § 6-15-203(b)(5), an appeal from the ruling of the Board may be made by a school district to the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administrative Procedures Act, Ark. Code Ann. § 25-15-201 et. seq.

The Arkansas Department of Education (ADE) reviews Annual Accreditation Reports to determine the accreditation status of each school in each district in Arkansas. The Annual Accreditation Status Reports will be mailed during the first part of May. This status report will be the school district's final and official accreditation status report for the 2005-2006 school year. It will reflect a three-year history of accreditation. Please note the review date indicated for Probationary violation(s); evidence to correct Probationary violation(s) must be received by the Standards Assurance Unit on or before the review date. Read items indicated in "Comments." Accreditation status resulting from the 2005-2006 On-campus Standards Review will be explained in "Comments."

Included with the status report is a Corrected Exceptions Accreditation Status Report. This report lists changes to the Initial Accreditation Report. To assist with processing, all 2008 generated licensure deadlines appear on this report rather than on the Annual Accreditation Report. Please refer to Rules Governing Standards for Accreditation, Rule 24.01, for further information concerning licensure deficiencies involving an individual's Additional Licensure Plan. The Corrected Exceptions Accreditation Status Report will assist school districts in preparing to submit future reports. Please thoroughly review this information. Other notes indicating necessary exception corrections may include incorrect course codes, incorrect grade levels, invalid data or may indicate the district has corrected an exception that may have existed when the report was initially submitted. Please continue to work with the respective school district's Standards Assurance Specialist for additional information about the district's report.

### Right Of Appeal

In the event that a school district believes the ADE has improperly determined that a school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the ADE, Office of the Commissioner, #4 State Capitol Mall, Room 304-A, Little Rock, AR 72201-1071.

Any such appeal shall be held in an open hearing and the decision of the State Board of Education (Board) shall be in open session. The appeal must be filed not later than May 30, 2006, following the May 15, 2006, written notification; the Board hearing must be held prior to August 15, 2006.

The Board may confirm the accreditation status of a school as determined by the ADE or it may sustain the appeal of the district.

Pursuant to the Ark. Code Ann. § 6-15-203, an appeal from the ruling of the Board may be made by a school district to the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administrati Procedures Act, Ark. Code Ann. § 25-15-200 et seq.

Dr. Marcella Dalla-Rosa, Superintendent Arkansas för the Deaf School District 2400 W. Markham Street Little Rock, AR 72203

Dear Dr. Dalla-Rosa:

The State Board of Education has established criteria for the accreditation of public schools. Based on observation and evaluation of current data submitted by your schools, the Arkansas Department of Education cannot accredit the Arkansas School for the Deaf Elementary School, the Arkansas School for the Deaf Middle School, and the Arkansas School for the Deaf High School for the following reasons:

### Arkansas School for the Deaf Elementary School

The school does not have at least a .5 fte Principal.

The school does not have at least a .5 fte Media Specialist

The school does not have an approved Gifted and Talented Program

### Arkansas School for the Deaf High School

The school does not teach all required courses for grades 9-12

Oral Communication/Drama

Physics

Science Electives

Pre-calculus with trigonometry

Foreign Language I

Foreign Language II

Vocal Music

Instrumental Music

Social Studies Electives

The school does not have at least a .5 fte Principal

The school does not have at least a .5 fte Media Specialist

The school does not have an approved Gifted and Talented Program

The high school principal is not licensed as a secondary building administrator (he has an expired ALTP)

STATE BOARD OF EDUCATION: Chair: Dr. Jeanna Westmoreland, Arkadelphia • Vice Chair: Diane Tatum, Pine Bluff Members: Sherry Burrow, Jonesboro • Shelby Hillman, Carlisle • Dr. Calvin King, Marianna • Randy Lawson, Bentonville • Dr. Ben Mays, Clinton • MaryJane Rebick, Little Rock • Dr. Naccaman Williams, Springdale

Dear Dr. James:

In attempting to respond to the letter from John McKinnon denying accreditation to the Arkansas School for the Deaf (ASD), it has become evident that there is conflict within the different department areas of the Arkansas Department of Education as to what is expected of ASD.

This conflict has created an impossible situation for our response. We cannot meet the criteria of one department without placing our school in opposition with another. For this reason, I am requesting that the parties involved meet as a group to try to address these concerns.

A second issue is that ASD is operated as a state agency under a separate statutory authority than a public school. As such, there needs to be some discussion prior to the determination of our accreditation status. I do not believe it is applicable or appropriate to determine our accreditation status without the resolution of these issues.

ASD does make available to its students all of the 38 units required to be taught. Although not all of these units are taught on campus, they are available to students through the distance learning lab on campus or by attending the class at one of the high schools in Pulaski County. Transportation is provided by either the local school district or ASD.

I hope to hear from you soon regarding this issue, and my request to sit down with the interested parties to resolve this situation. I do not believe at this time that an appropriate response is possible, based on the information I have received from the various areas of the ADE.

Sincerely

Marcella A. Dalla Rosa, Ed.D

Mr. Jack B. Crumbly, Superintendent Earle School District P.O. Box 637 Earle, AR 72331

Dear Mr. Crumbly:

Thank you for the professional courtesy during the recent Standards Assurance Unit Probationary Review of *Earle High School, Dumbar Middle School and Earle Elementary School.* This on-site review was conducted to check for corrections of the following compliance issues evidenced on the final 2004-2005 Annual Accreditation Report.

- Earle High School the teaching of Journalism, Vocal Music and Physical Education.
- Dumbar Middle School the teaching of art and music.
- Earle Elementary School the teaching of music and Library Media FTE.

The evidence presented for review on October 7, 2005, as well as additional information presented by the district reflects the teaching of the above courses as well as adequate Library Media FTE as required by Standards and law. Please contact me if you have additional questions. For further information, refer to the Rules Governing Standards for Accreditation of Arkansas Public Schools.

Mr. Jack B. Crumbly, Superintendent Earle School District P.O. Box 637 Earle, AR 72331

Dear Mr. Crumbly:

The Standards Assurance Unit (SAU) will conduct on-site monitoring for preliminary verification of teaching required courses and other compliance issues evidenced on the final 2004-05 Accreditation Status Report. Because of the final 2004-05 status of "Accredited-Probationary," a team of Standards Assurance Unit (SAU) Specialists will conduct a review between the dates of September 15 and October 14 inclusive. This on-site monitoring is not a Comprehensive Compliance Monitoring; it is a follow-up to 2004-05 final Accreditation Status Report issues.

An SAU specialist will contact you regarding the review. A specific time and date during the review period (9/15/05 – 10/14/05) will not be designated. The SAU specialist will discuss materials/evidence that may be reviewed.

Sincerely,

Annette Barnes, Coordinator

The Arkansas Department of Education (ADE) Standards Assurance Unit (SAU) reviews data submitted as part of the Cycle 2 reporting requirements to determine the initial accreditation of each district office and each school. Enclosed is the initial accreditation report for the 2005-2006 school year based on data submitted by the district as part of the Cycle 2 reporting including current information in the Arkansas Professional Licensure System. In addition to including a listing of violations/citations for the 2005-2006 school year, the report reflects the accreditation history for the previous two school years. An explanation of violation/citation numbers is also included.

Please review all initial violations listed for 2005-2006 and confirm that all citations are correct or submit written correction(s) to the assigned Standards Assurance Specialist by close of business on April 21, 2006. If corrections are sent by e-mail, Standards Assurance Unit (SAU) specialists will respond to confirm receipt of e-mail; if there is no response to information submitted by the district, contact the assigned SAU specialist. The assigned specialist is listed as "supervisor" on the upper right corner of the report's first page. If no supervisor is listed, e-mail mwilliams@arkedu.k12.ar.us. Written corrections may be sent by mail, e-mail, or fax and should include the LEA number and building name and the following, as applicable:

- 1) Name and Arkansas Teacher's License number of staff member;
- 2) Job code or course code change;
- 3) Grade level change:
- 4) Class size change (APSCN\_01 Class Count All Year);
- 5) Total students change (Master schedule matrix marking period 3 or second semester);
- 6) FTE change; or
- 7) Student enrollment change to address FTE violation.

For all individuals teaching for more than thirty (30) consecutive days in a grade level or subject area not included on the teaching license, the following documents are required to be on file at the Arkansas Department of Education: Additional Licensure Plan (ALP) and ADE approved waiver letter. Refer to "Rules Governing Standards for Accreditation of Arkansas Public Schools" (Rules 24.01 and 24.18).

Classes listed under "2400 Secondary Courses" are required classes for which no course code was submitted. To

provide confirmation of teaching required courses listed in the "2400 Secondary Courses" violation, please submit applicable pages of the current (grades 7-12) Arkansas Public School Computer Network (APSCN) new master schedule (APSCN\_01 State Report MS Check). If staff changes have occurred since the Cycle 2 report was submitted, send a copy of contracts for additional staff to correct class size violations and send a copy of contracts for changes in staff to correct licensure violations.

Please note that the specific course code must be used to prevent a citation; grade level entries must be appropriate for the course code. For example, if the course code is 355810 Physical Education Grade 5 with students in grades 5-6 included, there will be a citation.

Acceptable changes requested in writing by the district will be entered by the assigned SAU specialist. The final accreditation status for each school will be based on remaining violations/citations; refer to ADE "Rules Governing Standards for Accreditation of Arkansas Public Schools" (January 2005). As mandated by the Omnibus Quality Education Act (Act 1467 of 2003/Ark. Code Ann. § 6-15-203), final accreditation status will be determined by May 15, 2006.

Right Of Appeal (After May 15, 2006)

In the event a district believes the Department of Education has improperly determined that any school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the office of the Commissioner of the Department of Education.

Any such appeal shall be held in an open hearing and the decision of the Board shall be in open session. The appeal must be filed not later than May 30 following the May 15 written notification; the State Board of Education hearing must be held prior to August 15 of the same calendar year.

The State Board of Education may confirm the accreditation status of a school as determined by the Department of Education or it may sustain the appeal of the district.

Pursuant to Ark. Code Ann. § 6-15-203(b)(5), an appeal from the ruling of the Board may be made by a school district to the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administrative Procedures Act, Ark. Code Ann. § 25-15-201 et. seq.

### Eligibility guidelines. Teachers must meet the following conditions:

- · possess an initial or standard teaching license,
- seek to add this area of licensure or endorsement, and

١İ

• be assigned to teach in this area rather than the one for which they are currently licensed.

The additional area of licensure will be added to the credential when all licensure requirements are successfully completed and application is submitted. If "testing out", the test score(s) must be attached.

Teachers assigned to teach in a field that is out of their <u>current level</u> of licensure, must complete an approved performance-based program of study, as defined by an Arkansas university, and pass the required assessment(s) for the new licensure area. The application, when submitted, must bear the signature of the university's Licensure Officer verifying completion of their program of study. The test score(s) and transcript must be attached.

### Required assessments:

- Praxis II: Physical Science: Content Knowledge, test #0481
   Minimum score required: 145
- Praxis II: Physical Science Pedagogy, test #0483
   Minimum score required: 145
- Praxis II: Earth Science: Content Knowledge, test, #0571 Minimum score required: 145

NOTE: Test at a Glance (TAAG) study guide booklets are available on line from <a href="https://www.ets.org/praxis/

### The following background is strongly recommended before attempting the Praxis testing:

### Recommended Content background:

- ✓ Tectonics, the rock cycle, and history of the earth & its inhabitants.
- ✓ The water cycle & the earth in space.
- ✓ Methodology; Math. measurement, data; Science, technology, & society,
- ✓ Laboratory procedures & safety: Matter & energy.
- ✓ Heat & thermodynamics: Atomic & nuclear structure.

### Recommended Experience background:

- Demonstrated understanding of laboratory procedures for safety, including storage, use and disposal of lab and field materials.
- Developed proficiency using heat and thermodynamics in physical science, including measurement and transfer of thermal energy and its effects on matter.
- Demonstrated ability to express in written form the understanding of lesson design, conduct of instruction, and techniques of assessment and evaluation in a physical science classroom.

### Employing school district guidelines.

- The employing district will document the need to assign a teacher out of field because an appropriately credentialed teacher is not available.
- The employing district authority will sign and file this ALP form with the ADE Office of Professional Licensure within 30 days of the out-of-field teaching assignment, thus documenting the above statement.
- The employing district understands that a teacher will have no more than three calendar years from the date of filing with the ADE to meet full licensure requirements for the additional licensure or endorsement being sought.

### School District Assurances:

I certify that the above statements are true and correct to the best of my knowledge.

Dr. Kenneth James, Commissioner of Education

September 23, 2005

The Earle Public School District has been granted a waiver pending approval by the Arkansas State Board of Education, as requested in your letter dated August 24, 2005, to assign the following licensed teacher(s) to teach out of their licensure area or grade level for more than thirty (30) consecutive days: Frances A. Crocket, Melissa Gillum, Renee Gray, Larry Hosman, Felicia Watson, Lela D. Coleman and Yvone West.

This waiver is being granted based on the Permanent Rules and Regulations Governing the Parental Notification of An Assignment of a Non-Certified Teacher to Teach a Class For More Than Thirty (30) Consecutive Days and For Granting Waivers.

In addition, the Earle Public School District shall also meet the requirements of Section 24.01 of the Rules Coverning Accreditation of Arkansas Public Schools and School Districts for this waiver to be valid.

Any school district that obtains a waiver shall send written notice of the assignment of a non-certified teacher to the parent or guardian of each student in that classroom no later than thirty (30) school days after the date of the assignment.

Dr. Kenneth James, Commissioner of Education

November 2, 2005

The Earle Public School District has been granted a waiver pending approval by the Arkansas State Board of Education, as requested in your letter dated October 28, 2005, to assign the following licensed teacher(s) to teach out of their licensure area or grade level for more than thirty (30) consecutive days: James Baugus.

This waiver is being granted based on the Permanent Rules and Regulations Governing the Parental Notification of An Assignment of a Non-Certified Teacher to Teach a Class For More Than Thirty (30) Consecutive Days and For Granting Waivers.

In addition, the Earle Public School District shall also meet the requirements of Section 24.01 of the Rules Governing Accreditation of Arkansas Public Schools and School Districts for this waiver to be valid.

Any school district that obtains a waiver shall send written notice of the assignment of a non-certified teacher to the parent or guardian of each student in that classroom no later than thirty (30) school days after the date of the assignment.

The Arkansas Department of Education (ADE) reviews Annual Accreditation Reports to determine the accreditation status of each school in each district in Arkansas. The Annual Accreditation Status Reports will be mailed during the first part of May. This status report will be the school district's final and official accreditation status report for the 2005-2006 school year. It will reflect a three-year history of accreditation. Please note the review date indicated for Probationary violation(s); evidence to correct Probationary violation(s) must be received by the Standards Assurance Unit on or before the review date. Read items indicated in "Comments." Accreditation status resulting from the 2005-2006 On-campus Standards Review will be explained in "Comments."

Included with the status report is a Corrected Exceptions Accreditation Status Report. This report lists changes to the Initial Accreditation Report. To assist with processing, all 2008 generated licensure deadlines appear on this report rather than on the Annual Accreditation Report. Please refer to Rules Governing Standards for Accreditation, Rule 24.01, for further information concerning licensure deficiencies involving an individual's Additional Licensure Plan. The Corrected Exceptions Accreditation Status Report will assist school districts in preparing to submit future reports. Please thoroughly review this information. Other notes indicating necessary exception corrections may include incorrect course codes, incorrect grade levels, invalid data or may indicate the district has corrected an exception that may have existed when the report was initially submitted. Please continue to work with the respective school district's Standards Assurance Specialist for additional information about the district's report.

### Right Of Appeal

In the event that a school district believes the ADE has improperly determined that a school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the ADE, Office of the Commissioner, #4 State Capitol Mall, Room 304-A, Little Rock, AR 72201-1071.

Any such appeal shall be held in an open hearing and the decision of the State Board of Education (Board) shall be in open session. The appeal must be filed not later than May 30, 2006, following the May 15, 2006, written notification; the Board hearing must be held prior to August 15, 2006.

The Board may confirm the accreditation status of a school as determined by the ADE or it may sustain the appeal of the district.

district	Pursuant to the Ark. Code Ann. § 6-15-203, an appeal from the ruling of the Board may be made by a school district to the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administrative Procedures Act, Ark. Code Ann. § 25-15-200 et seq.

DATE:

May 13, 2006

TO:

**District Superintendent** 

FROM:

Frank Wimer, Standards Assurance Unit Leader

SUBJECT: Notification of Failure to Meet Standards for Accreditation

On or about April 3, 2006, an Initial Accreditation Status Report (Report) was sent by this office as well as a copy of Commissioner's Memo Number LS-06-097 (Memo). The Report included a list of initial probationary violations and/or citations for the 2005-2006 school year concerning one (1) or more of the schools in the district. The Memo indicated that the district was to review the initial violations and citations listed, confirm that all violations and citations were correct, or submit written corrections to the assigned Standards Assurance Specialist no later than April 21, 2006. If the district has been visited by Standards Assurance Unit (SAU) staff during this school year, you have also received notice after that visit of any violations and citations discovered during the Oncampus Standards Review.

This letter is notification that, as of this date, the district has not been cleared of all initial violations and/or citations by SAU. If you have already sent my office information concerning the violations, we will continue to review it and notify you of the district's final accreditation status later this month. However, if you have not already submitted information to SAU for review or you have submitted information and have received a response from SAU addressing your additional information, please take notice that the attached report is the final report on Standards for Accreditation Status for your school(s) or school district for the 2005-2006 school year which is required by law to be issued by May 15, 2006.

Pursuant to Ark. Code Ann. § 6-15-203, the district has until May 30, 2006, to file an appeal of the status concerning the Standards for Accreditation to the State Board of Education (Board). Appeal information should be sent to the Office of the Commissioner at #4 Capitol Mall, Little Rock, AR 72201.

Should you feel that any of the violations and/or citations listed in this Report is in error, submit corrected information to SAU no later than May 30. If you appeal to the Board and submit information to SAU for review, SAU will ask the Board not to confirm the classification of the district as listed in the Annual Accreditation Status Report if SAU determines that the correction information clears the district of any violations and/or citations.

Thank you for your assistance in this process.

Dr. Kenneth James, Commissioner Arkansas Department of Education 4 State Capitol Mall Little Rock, AR 72201-1071

Dear Dr. James:

Please accept this correspondence as an office	cial notice of appeal of the Earle S	School District
being placed on accredited probationary stat	us for the 2005-2006 academic sc	hool year. The
reasons the District were placed on probation	nary status for this school year we	re because of the
following teachers: Jackie Greer (	), Karen Peacock (	Francis
Crockett ( , Larry Hosman (	), and Beulah White (	). The
areas of concern for these teachers were iden	ntified in the April 2006 accreditate	ion report.

The Earle School District is appealing this ruling (accredited probationary status) based on the initial actions taken by the District prior to the 2005-2006 school year for each individual teacher. These conditions for each individual teacher are outlined as follows:

- Jackie Greer ( ) has a master's degree in reading and works with the Compass Learning Program, which provides computer based instruction to fourth grade students in reading and math. Mrs. Greer is being cited for not being certified to teach math to fourth grade students; however she is not a classroom instructor. Mrs. Greer's classroom is a prescriptive learning lab where she facilitates the program software for the students.
- Karen Peacock ( ) has completed the necessary coursework to be a counselor; however, she has not passed the appropriate test. This year and in the past, she has been utilized as a part-time counselor within the District. We have requested waivers and she has completed an Alternative Licensure Plan (ALP) that was approved for 9-30-04 and received.
- Francis Crockett ( was hired at the beginning of the 2005-2006 school year. We applied for and received a waiver for Mrs. Crockett to teach Spanish. We received clearance from the Department of Education on the waiver. We were not made aware that the waiver did not excuse her deficiencies for the current year.

- Larry Hosman ( ) applied for a waiver and an ALP for Physics and we were granted an approval for him to teach. We were not made aware that the waiver did not excuse his deficiencies for the current year.
- Beulah White ( ) is a cosmetology teacher. The Earle School District's cosmetology program and instructor was licensed and approved by the Arkansas State Board of Cosmetology and the Arkansas Department of Workforce Education during the 1999-2000 school year. The Arkansas State Board of Cosmetology requires that the license for our cosmetology program be approved annually. During the initial licensure by the Arkansas Department of Education we were informed that the only requirements for the cosmetology instructor was to have her cosmetology instructor license. She has been listed on our accreditation report since the 1999-2000 school year and has been cleared of certification problems each year to the present. On May 10, 2006, the District received notification by Suzanne Jones of the licensing requirements for our cosmetology instructor. To this date this is the only correspondence for certification in cosmetology that the District has received that is different from the initial certification requirement that was stated for the cosmetology program. The District is in the process of complying with this new certification process.

On October 20, 2005, the District received notice from Ms. Annette Barnes, School Improvement Coordinator, of the issues that caused the Earle School District to be placed on probationary status had been corrected for the 2004-2005 school year. During their on-site visit, the Arkansas Department of Education team reviewed all of the accreditation issues and teacher certification for the current school year and indicated areas of concern. The District met these obligations by applying for and receiving waivers for the deficient areas. The receipt of the letter on October 20, 2005, indicated the District's compliance with the Standards and law of the State for the current school year. No further correspondence was received until the initial accreditation report that was received in April 2006. Knowing the District's current status, for the 2004-2005 school year, the District made every effort to comply with the Standards and law of the state of Arkansas in an effort to prevent a second year probationary designation. In all of the Districts correspondence with the Department of Education during the 2005-2006 school year we were not notified of any problems with accreditation. Therefore, we feel that the designation of accredited probationary status- year two is unwarranted.

Sincerely.

Jack B. Crumbly

## Eligibility guidelines. Teachers must meet the following conditions:

- possess an initial or standard teaching license,
- seek to add this area of licensure or endorsement, and
- be assigned to teach in this area rather than the one for which they are currently licensed.

The additional area of licensure will be added to the credential when all licensure requirements are successfully completed and application is submitted. If "testing out", the test score(s) must be attached.

Teachers assigned to teach in a field that is out of their <u>current level</u> of licensure, must complete an approved performance-based program of study, as defined by an Arkansas university, and pass the required assessment(s) for the new licensure area. The application, when submitted, must bear the signature of the university's Licensure Officer verifying completion of their program of study. The test score(s) and transcript must be attached.

### Required assessments:

- Praxis II: Physical Science: Content Knowledge, test #0481
   Minimum score required: 145
- Praxis II: Physical Science Pedagogy, test #0483
   Minimum score required: 145
- Praxis II: Earth Science: Content Knowledge, test, #0571 Minimum score required: 145

NOTE: Test at a Glance (TAAG) study guide booklets are available on line from <a href="https://www.eis.org/praxis/

# The following background is strongly recommended before attempting the Praxis testing:

### Recommended Content background:

- ✓ Tectonics, the rock cycle, and history of the earth & its inhabitants.
- ✓ The water cycle & the earth in space.
- ✓ Methodology; Math, measurement, data; Science, technology, & society.
- ✓ Laboratory procedures & safety: Matter & energy.
- ✓ Heat & thermodynamics: Atomic & nuclear structure.

### Recommended Experience background:

- Demonstrated understanding of laboratory procedures for safety, including storage, use and disposal of lab and field materials.
- ✓ Developed proficiency using heat and thermodynamics in physical science, including measurement and transfer of thermal energy and its effects on matter.
- Demonstrated ability to express in written form the understanding of lesson design, conduct of instruction, and techniques of assessment and evaluation in a physical science classroom.

### Employing school district guidelines.

- The employing district will document the need to assign a teacher out of field because an appropriately credentialed teacher is not available.
- The employing district authority will sign and file this ALP form with the ADE Office of Professional Licensure within 30 days of the out-of-field teaching assignment, thus documenting the above statement.
- The employing district understands that a teacher will have no more than three calendar years from the date of filing with the ADE to meet full licensure requirements for the additional licensure or endorsement being sought.

VIA CERTIFIED MAIL July 12, 2006

Mr. Jack B. Crumbly Superintendent Earle School District P. O. Box 637 Earle, AR 72331-0637

Re: Hearing on Appeal of Standards of Accreditation Probationary Status

Dear Mr. Crumbly:

The purpose of this letter is to provide you with notice, in accordance with Ark. Code Ann. § 6-15-203, that the State Board of Education (SBE) will hold a hearing on your appeal of the Department's identification of the Earle Elementary School, Dunbar Middle School and Earle High School as Accredited-Probationary.

The hearing will be held at the regular SBE board meeting on Monday, August 14, 2006, in the Auditorium of the Arkansas Department of Education, Arch Ford Education Building, #4 State Capitol Mall, Little Rock, at 9:00 a.m.

You or your representative should be present at the meeting. Please feel free to contact me if you have any questions.

Sincerely,

General Counsel

Date Created: 04/03/2006

The Arkansas Department of Education (ADE) Standards Assurance Unit (SAU) reviews data submitted as part of the Cycle 2 reporting requirements to determine the initial accreditation of each district office and each school. Enclosed is the initial accreditation report for the 2005-2006 school year based on data submitted by the district as part of the Cycle 2 reporting including current information in the Arkansas Professional Licensure System. In addition to including a listing of violations/citations for the 2005-2006 school year, the report reflects the accreditation history for the previous two school years. An explanation of violation/citation numbers is also included.

Please review all initial violations listed for 2005-2006 and confirm that all citations are correct or submit written correction(s) to the assigned Standards Assurance Specialist by close of business on April 21, 2006. If corrections are sent by e-mail, Standards Assurance Unit (SAU) specialists will respond to confirm receipt of e-mail; if there is no response to information submitted by the district, contact the assigned SAU specialist. The assigned specialist is listed as "supervisor" on the upper right corner of the report's first page. If no supervisor is listed, e-mail mwilliams@arkedu.k12.ar.us. Written corrections may be sent by mail, e-mail, or fax and should include the LEA number and building name and the following, as applicable:

- 1) Name and Arkansas Teacher's License number of staff member;
- 2) Job code or course code change;
- 3) Grade level change:
- 4) Class size change (APSCN\_01 Class Count All Year);
- 5) Total students change (Master schedule matrix marking period 3 or second semester);
- 6) FTE change; or
- 7) Student enrollment change to address FTE violation.

For all individuals teaching for more than thirty (30) consecutive days in a grade level or subject area not included on the teaching license, the following documents are required to be on file at the Arkansas Department of Education: Additional Licensure Plan (ALP) and ADE approved waiver letter. Refer to "Rules Governing Standards for Accreditation of Arkansas Public Schools" (Rules 24.01 and 24.18).

Classes listed under "2400 Secondary Courses" are required classes for which no course code was submitted. To

provide confirmation of teaching required courses listed in the "2400 Secondary Courses" violation, please submit applicable pages of the current (grades 7-12) Arkansas Public School Computer Network (APSCN) new master schedule (APSCN\_01 State Report MS Check). If staff changes have occurred since the Cycle 2 report was submitted, send a copy of contracts for additional staff to correct class size violations and send a copy of contracts for changes in staff to correct licensure violations.

Please note that the specific course code must be used to prevent a citation; grade level entries must be appropriate for the course code. For example, if the course code is 355810 Physical Education Grade 5 with students in grades 5-6 included, there will be a citation.

Acceptable changes requested in writing by the district will be entered by the assigned SAU specialist. The final accreditation status for each school will be based on remaining violations/citations; refer to ADE "Rules Governing Standards for Accreditation of Arkansas Public Schools" (January 2005). As mandated by the Omnibus Quality Education Act (Act 1467 of 2003/Ark. Code Ann. § 6-15-203), final accreditation status will be determined by May 15, 2006.

Right Of Appeal (After May 15, 2006)

In the event a district believes the Department of Education has improperly determined that any school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the office of the Commissioner of the Department of Education.

Any such appeal shall be held in an open hearing and the decision of the Board shall be in open session. The appeal must be filed not later than May 30 following the May 15 written notification; the State Board of Education hearing must be held prior to August 15 of the same calendar year.

The State Board of Education may confirm the accreditation status of a school as determined by the Department of Education or it may sustain the appeal of the district.

Pursuant to Ark. Code Ann. § 6-15-203(b)(5), an appeal from the ruling of the Board may be made by a school district to the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administrative Procedures Act, Ark. Code Ann. § 25-15-201 et. seq.

STANDARDS ASSURANCE

To: Mr. Johnie Walters, ADE Standards Assurance Unit

From: Dr. Robert W. Allen, Superintendent Re: Initial Accreditation Report - responses

Date: April 18, 2006

Our responses are as follows to the violations reported:

## Elkins Elementary School

Wayne Ramsey - 8311 - Not certified. After calling Professional Licensure, I have been told that they are still waiting on the FBI background check. They are supposed to be sending me, and your office, a letter that will address the accreditation issue for this school year.

Martha Disney - 3220 - 1-3 class size - 970300. Ms. Disney works with Title I students on a pull-out basis.

Martha Disney - 3220 - 1-3 class size - 970600. Ms. Disney works with Title I students on a pull-out basis.

## Elkins High School

Secondary Courses - 07 - Science electives. In addition to Physical Science, Biology, Chemistry, and Physics, we offer PT I, PT II, and Honors Biology. A copy of our master schedule, with the science courses highlighted, is included.

Secondary Courses - 22 - Arkansas History. Arkansas History is taught in the 8th. grade at the Middle School.

Doug Wright - 8313 - Job not certified - 6033 - High School guidance counselor. Mr. Wright has been given a three-year period to complete his certification, and he is currently finishing the second year. A copy of his paperwork is included.

David Paschal - 8313 - Job not certified - 470000, American History, 471000, World History, 999800, Prep period. Mr. Paschal is currently certified in Social Studies at the secondary level, which is the requirement for teaching American History and World History, according to the people at Professional Licensure. I'm assuming that the prep period does not have to be addressed.

Christopher Fuller - 8313 - Job not certified - 453000 - Survey of Fine Arts. I believe that Carol Guist has discussed this with you. We will correct this coding.

Monica Wells - 8316 - Grade Level - 999810 - Athletics. We believe that that may be a coding error. Ms. Wells is our basketball

coach for our junior high and high school teams, and has the necessary certification for that. Her duties have not changed from the past few years.

Jerry Gadberry - - 8312 - Certificate expired. We called on this at the beginning of the year, and Ms. Gadberry was granted a provisional certificate for the 2005-06 school year. We have received a copy and are sending it to you.

Albert L. Randall - - 3241 - 7-12 total students. Mr. Randall is being credited students for "Elk Hour", which is not a course. It is an activity period that is used for remediation, activities, and intramurals. We will try to correct that so that students do not appear. I am sending a copy of our master schedule, which gives the enrollment for his six regular classes, which totals 148.

## Elkins Elementary Primary School

Sandra Posey - Ms. Posey works with Title I students on a pull-out basis. She does not have a Kindergarten classroom.

I know that you have already helped us with some of the above problems, and I hope that I have adequately answered the rest of the citations. If you need more information, please feel free to call me at (479)-643-2172, or e-mail me at ralien@elkins.k12.ar.us. Thank you for you consideration, and for the assistance you have given us, both this year, and in the past.

Sincerely,
Maleut Col. Celler

The Arkansas Department of Education (ADE) reviews Annual Accreditation Reports to determine the accreditation status of each school in each district in Arkansas. The Annual Accreditation Status Reports will be mailed during the first part of May. This status report will be the school district's final and official accreditation status report for the 2005-2006 school year. It will reflect a three-year history of accreditation. Please note the review date indicated for Probationary violation(s); evidence to correct Probationary violation(s) must be received by the Standards Assurance Unit on or before the review date. Read items indicated in "Comments." Accreditation status resulting from the 2005-2006 On-campus Standards Review will be explained in "Comments."

Included with the status report is a Corrected Exceptions Accreditation Status Report. This report lists changes to the Initial Accreditation Report. To assist with processing, all 2008 generated licensure deadlines appear on this report rather than on the Annual Accreditation Report. Please refer to Rules Governing Standards for Accreditation, Rule 24.01, for further information concerning licensure deficiencies involving an individual's Additional Licensure Plan. The Corrected Exceptions Accreditation Status Report will assist school districts in preparing to submit future reports. Please thoroughly review this information. Other notes indicating necessary exception corrections may include incorrect course codes, incorrect grade levels, invalid data or may indicate the district has corrected an exception that may have existed when the report was initially submitted. Please continue to work with the respective school district's Standards Assurance Specialist for additional information about the district's report.

### Right Of Appeal

In the event that a school district believes the ADE has improperly determined that a school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the ADE, Office of the Commissioner, #4 State Capitol Mall, Room 304-A, Little Rock, AR 72201-1071.

Any such appeal shall be held in an open hearing and the decision of the State Board of Education (Board) shall be in open session. The appeal must be filed not later than May 30, 2006, following the May 15, 2006, written notification; the Board hearing must be held prior to August 15, 2006.

The Board may confirm the accreditation status of a school as determined by the ADE or it may sustain the appeal of the district.

district	Pursuant to the Ark. Code Ann. § 6-15-203, an appeal from the ruling of the Board may be made by a school district to the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administrative Procedures Act, Ark. Code Ann. § 25-15-200 et seg.

TO:

District Superintendent

FROM:

Frank Wimer, Standards Assurance Unit Leader Luc

SUBJECT: Notification of Failure to Meet Standards for Accreditation

On or about April 3, 2006, an Initial Accreditation Status Report (Report) was sent by this office as well as a copy of Commissioner's Memo Number LS-06-097 (Memo). The Report included a list of initial probationary violations and/or citations for the 2005-2006 school year concerning one (1) or more of the schools in the district. The Memo indicated that the district was to review the initial violations and citations listed, confirm that all violations and citations were correct, or submit written corrections to the assigned Standards Assurance Specialist no later than April 21, 2006. If the district has been visited by Standards Assurance Unit (SAU) staff during this school year, you have also received notice after that visit of any violations and citations discovered during the Oncampus Standards Review.

This letter is notification that, as of this date, the district has not been cleared of all initial violations and/or citations by SAU. If you have already sent my office information concerning the violations, we will continue to review it and notify you of the district's final accreditation status later this month. However, if you have not already submitted information to SAU for review or you have submitted information and have received a response from SAU addressing your additional information, please take notice that the attached report is the final report on Standards for Accreditation Status for your school(s) or school district for the 2005-2006 school year which is required by law to be issued by May 15, 2006.

Pursuant to Ark. Code Ann. § 6-15-203, the district has until May 30, 2006, to file an appeal of the status concerning the Standards for Accreditation to the State Board of Education (Board). Appeal information should be sent to the Office of the Commissioner at #4 Capitol Mall, Little Rock, AR 72201.

Should you feel that any of the violations and/or citations listed in this Report is in error, submit corrected information to SAU no later than May 30. If you appeal to the Board and submit information to SAU for review, SAU will ask the Board not to confirm the classification of the district as listed in the Annual Accreditation Status Report if SAU determines that the correction information clears the district of any violations and/or citations.

Thank you for your assistance in this process.

Re: Appeal of Accreditated-probationary status, Elkins Elementary Schoolsistant Commissioner's Office Division of Learning Services

This letter is written to respectfully request that the accredited-probationary status of Elkins Elementary School be removed. The reason for this status is because of the certification questions of Wayne Ramsey, a person admitted to the non-traditional program who was employed for the 2005/06 school year for this school. His certification has been pending the results of his background check. Mr. Ramsey has been issued a six-month letter of eligibility, allowing him to teach in the area of Early Childhood Education (P-4), but that letter was not issued until April 1, 2006.

Mr. Ramsey successfully passed the State background check this year, and in 2002, successfully passed the FBI check. However, recently the most current FBI background check came back with records of a conviction in 1991. Consequently, he has been denied his license; hence the probationary status for Elkins Elementary School.

Mr. Ramsey will be appealing to have his certification granted to him, because of his length of time since the conviction, and his exemplary record since that time. Should his appeal be granted, he should have a provisional certificate for the 2005/06 school year. He has completed all other requirements for this certification.

Elkins Elementary School has had a clean record, as the three-year history from the Standards Assurance Report indicates.

Please contact me, if there is additional information that is needed. My phone number is (479)-643-2172, and my e-mail is rallen@elkins.k12.ar.us.

Thank you for your consideration of this matter.

The Arkansas Department of Education (ADE) Standards Assurance Unit (SAU) reviews data submitted as part of the Cycle 2 reporting requirements to determine the initial accreditation of each district office and each school. Enclosed is the initial accreditation report for the 2005-2006 school year based on data submitted by the district as part of the Cycle 2 reporting including current information in the Arkansas Professional Licensure System. In addition to including a listing of violations/citations for the 2005-2006 school year, the report reflects the accreditation history for the previous two school years. An explanation of violation/citation numbers is also included.

Please review all initial violations listed for 2005-2006 and confirm that all citations are correct or submit written correction(s) to the assigned Standards Assurance Specialist by close of business on April 21, 2006. If corrections are sent by e-mail, Standards Assurance Unit (SAU) specialists will respond to confirm receipt of e-mail; if there is no response to information submitted by the district, contact the assigned SAU specialist. The assigned specialist is listed as "supervisor" on the upper right corner of the report's first page. If no supervisor is listed, e-mail mwilliams@arkedu.k12.ar.us. Written corrections may be sent by mail, e-mail, or fax and should include the LEA number and building name and the following, as applicable:

- 1) Name and Arkansas Teacher's License number of staff member;
- 2) Job code or course code change;
- 3) Grade level change:
- 4) Class size change (APSCN\_01 Class Count All Year);
- 5) Total students change (Master schedule matrix marking period 3 or second semester);
- 6) FTE change; or
- 7) Student enrollment change to address FTE violation.

For all individuals teaching for more than thirty (30) consecutive days in a grade level or subject area not included on the teaching license, the following documents are required to be on file at the Arkansas Department of Education: Additional Licensure Plan (ALP) and ADE approved waiver letter. Refer to "Rules Governing Standards for Accreditation of Arkansas Public Schools" (Rules 24.01 and 24.18).

Classes listed under "2400 Secondary Courses" are required classes for which no course code was submitted. To

provide confirmation of teaching required courses listed in the "2400 Secondary Courses" violation, please submit applicable pages of the current (grades 7-12) Arkansas Public School Computer Network (APSCN) new master schedule (APSCN\_01 State Report MS Check). If staff changes have occurred since the Cycle 2 report was submitted, send a copy of contracts for additional staff to correct class size violations and send a copy of contracts for changes in staff to correct licensure violations.

Please note that the specific course code must be used to prevent a citation; grade level entries must be appropriate for the course code. For example, if the course code is 355810 Physical Education Grade 5 with students in grades 5-6 included, there will be a citation.

Acceptable changes requested in writing by the district will be entered by the assigned SAU specialist. The final accreditation status for each school will be based on remaining violations/citations; refer to ADE "Rules Governing Standards for Accreditation of Arkansas Public Schools" (January 2005). As mandated by the Omnibus Quality Education Act (Act 1467 of 2003/Ark. Code Ann. § 6-15-203), final accreditation status will be determined by May 15, 2006.

Right Of Appeal (After May 15, 2006)

In the event a district believes the Department of Education has improperly determined that any school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the office of the Commissioner of the Department of Education.

Any such appeal shall be held in an open hearing and the decision of the Board shall be in open session. The appeal must be filed not later than May 30 following the May 15 written notification; the State Board of Education hearing must be held prior to August 15 of the same calendar year.

The State Board of Education may confirm the accreditation status of a school as determined by the Department of Education or it may sustain the appeal of the district.

Pursuant to Ark. Code Ann. § 6-15-203(b)(5), an appeal from the ruling of the Board may be made by a school district to the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administrative Procedures Act, Ark. Code Ann. § 25-15-201 et. seq.

To Whom It May Concern:

The class size for Lisa Ray and J.W. Whisenhunt at the Kirby Elementary School is not over in numbers. Both are Title I teachers and they have the same students every other day. The student goes to one teacher on Monday and the other on Tuesday and so on.

Sincerely,

Jeff Alexander

School districts seeking to employ teachers to teach out of field (not in the field in which the teacher is currently licensed) will use the Additional Licensure Plan (ALP) to meet that need. School districts may use the ALP process to address unusual emergency situations when licensed teachers are asked to teach in areas/levels for which they do not possess licenses/endorsements.

### Eligibility guidelines. Teachers must meet the following conditions:

- possess a standard teaching license,
- seek to add another area of licensure or endorsement, and
- be assigned to teach in an area other than the one for which they are currently licensed.

The additional area of licensure will be added to the credential when all licensure requirements are successfully completed.

Teachers assigned to teach in this area, must complete an approved performance-based program of study and pass the required assessment(s).

### Required assessment:

Praxis II: Principles of Learning and Teaching (K-6 OR 5-9 OR 7-12, any level is accepted)
 Minimum score required: 164

NOTE: Test at a Glance (TAAG) study guide booklets are available on line from <a href="https://www.ets.org/praxis/praxar.html">www.ets.org/praxis/praxar.html</a> or through the ADE Office of Professional Licensure. Any teacher wishing to take any Praxis assessment is strongly encouraged to obtain these study materials.

## The following content is required to complete an approved program of study:

- ✓ Survey of mass media and society,
- ✓ Techniques of writing for the mass media,
- Application of news writing and editing,
- ✓ Photo journalism for news and magazine publications.

### Employing school district guidelines.

- The employing district will document the need to assign a teacher out of field by attesting that an appropriately credentialed teacher cannot be found.
- The employing district will file this complete ALP form with the ADE Office of Professional Licensure within 30 days of the out-of-field teaching assignment.
- The employing district understands that a teacher will have no more than three calendar years from the date of filing with the ADE to meet full licensure requirements for the additional licensure or endorsement being sought.

The Arkansas Department of Education (ADE) reviews Annual Accreditation Reports to determine the accreditation status of each school in each district in Arkansas. The Annual Accreditation Status Reports will be mailed during the first part of May. This status report will be the school district's final and official accreditation status report for the 2005-2006 school year. It will reflect a three-year history of accreditation. Please note the review date indicated for Probationary violation(s); evidence to correct Probationary violation(s) must be received by the Standards Assurance Unit on or before the review date. Read items indicated in "Comments." Accreditation status resulting from the 2005-2006 On-campus Standards Review will be explained in "Comments."

Included with the status report is a Corrected Exceptions Accreditation Status Report. This report lists changes to the Initial Accreditation Report. To assist with processing, all 2008 generated licensure deadlines appear on this report rather than on the Annual Accreditation Report. Please refer to Rules Governing Standards for Accreditation, Rule 24.01, for further information concerning licensure deficiencies involving an individual's Additional Licensure Plan. The Corrected Exceptions Accreditation Status Report will assist school districts in preparing to submit future reports. Please thoroughly review this information. Other notes indicating necessary exception corrections may include incorrect course codes, incorrect grade levels, invalid data or may indicate the district has corrected an exception that may have existed when the report was initially submitted. Please continue to work with the respective school district's Standards Assurance Specialist for additional information about the district's report.

### Right Of Appeal

In the event that a school district believes the ADE has improperly determined that a school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the ADE, Office of the Commissioner, #4 State Capitol Mall, Room 304-A, Little Rock, AR 72201-1071.

Any such appeal shall be held in an open hearing and the decision of the State Board of Education (Board) shall be in open session. The appeal must be filed not later than May 30, 2006, following the May 15, 2006, written notification; the Board hearing must be held prior to August 15, 2006.

The Board may confirm the accreditation status of a school as determined by the ADE or it may sustain the appeal of the district.

district	suant to the Ark. Code Ann. § 6-15-203, an appeal from the ruling of the Board may be made by a school rict to the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administrative cedures Act, Ark. Code Ann. § 25-15-200 et seq.

**District Superintendent** 

FROM:

Frank Wimer, Standards Assurance Unit Leader Luc

SUBJECT: Notification of Failure to Meet Standards for Accreditation

On or about April 3, 2006, an Initial Accreditation Status Report (Report) was sent by this office as well as a copy of Commissioner's Memo Number LS-06-097 (Memo). The Report included a list of initial probationary violations and/or citations for the 2005-2006 school year concerning one (1) or more of the schools in the district. The Memo indicated that the district was to review the initial violations and citations listed, confirm that all violations and citations were correct, or submit written corrections to the assigned Standards Assurance Specialist no later than April 21, 2006. If the district has been visited by Standards Assurance Unit (SAU) staff during this school year, you have also received notice after that visit of any violations and citations discovered during the Oncampus Standards Review.

This letter is notification that, as of this date, the district has not been cleared of all initial violations and/or citations by SAU. If you have already sent my office information concerning the violations, we will continue to review it and notify you of the district's final accreditation status later this month. However, if you have not already submitted information to SAU for review or you have submitted information and have received a response from SAU addressing your additional information, please take notice that the attached report is the final report on Standards for Accreditation Status for your school(s) or school district for the 2005-2006 school year which is required by law to be issued by May 15, 2006.

Pursuant to Ark. Code Ann. § 6-15-203, the district has until May 30, 2006, to file an appeal of the status concerning the Standards for Accreditation to the State Board of Education (Board). Appeal information should be sent to the Office of the Commissioner at #4 Capitol Mall, Little Rock, AR 72201.

Should you feel that any of the violations and/or citations listed in this Report is in error, submit corrected information to SAU no later than May 30. If you appeal to the Board and submit information to SAU for review, SAU will ask the Board not to confirm the classification of the district as listed in the Annual Accreditation Status Report if SAU determines that the correction information clears the district of any violations and/or citations.

Thank you for your assistance in this process.

DEPARTMENT OF EDUCATION

Dear Commissioner and State Board,

Kirby School was on probation last year and is possibly going to be again this year. Last year the probation was received as a result of our Music Program, this has been corrected. This year we have a Journalism teacher that is not certified. It was her understanding and mine also that she had until December of 2006 to receive her certification and she had already made plans to take care of this during summer break, 2006. When we received notification that the date of December, 2006 was incorrect, she took immediate steps to correct this. She has finished all of her coursework and took her final test for certification last Wednesday, May 10, 2006 after we were made aware of our status.

Kirby is an excellent school system with many outstanding teachers, our Journalism teacher being one of them. I take full responsibility for this oversight and would appreciate any considerations with this matter. I am confident that this teacher will be certified as soon as her test results are available.

Sincerely,

Jeff Alexander

The Arkansas Department of Education (ADE) Standards Assurance Unit (SAU) reviews data submitted as part of the Cycle 2 reporting requirements to determine the initial accreditation of each district office and each school. Enclosed is the initial accreditation report for the 2005-2006 school year based on data submitted by the district as part of the Cycle 2 reporting including current information in the Arkansas Professional Licensure System. In addition to including a listing of violations/citations for the 2005-2006 school year, the report reflects the accreditation history for the previous two school years. An explanation of violation/citation numbers is also included.

Please review all initial violations listed for 2005-2006 and confirm that all citations are correct or submit written correction(s) to the assigned Standards Assurance Specialist by close of business on April 21, 2006. If corrections are sent by e-mail, Standards Assurance Unit (SAU) specialists will respond to confirm receipt of e-mail; if there is no response to information submitted by the district, contact the assigned SAU specialist. The assigned specialist is listed as "supervisor" on the upper right corner of the report's first page. If no supervisor is listed, e-mail mwilliams@arkedu.k12.ar.us. Written corrections may be sent by mail, e-mail, or fax and should include the LEA number and building name and the following, as applicable:

- 1) Name and Arkansas Teacher's License number of staff member;
- 2) Job code or course code change;
- 3) Grade level change:
- 4) Class size change (APSCN\_01 Class Count All Year);
- 5) Total students change (Master schedule matrix marking period 3 or second semester);
- 6) FTE change; or
- 7) Student enrollment change to address FTE violation.

For all individuals teaching for more than thirty (30) consecutive days in a grade level or subject area not included on the teaching license, the following documents are required to be on file at the Arkansas Department of Education: Additional Licensure Plan (ALP) and ADE approved waiver letter. Refer to "Rules Governing Standards for Accreditation of Arkansas Public Schools" (Rules 24.01 and 24.18).

Classes listed under "2400 Secondary Courses" are required classes for which no course code was submitted. To

provide confirmation of teaching required courses listed in the "2400 Secondary Courses" violation, please submit applicable pages of the current (grades 7-12) Arkansas Public School Computer Network (APSCN) new master schedule (APSCN\_01 State Report MS Check). If staff changes have occurred since the Cycle 2 report was submitted, send a copy of contracts for additional staff to correct class size violations and send a copy of contracts for changes in staff to correct licensure violations.

Please note that the specific course code must be used to prevent a citation; grade level entries must be appropriate for the course code. For example, if the course code is 355810 Physical Education Grade 5 with students in grades 5-6 included, there will be a citation.

Acceptable changes requested in writing by the district will be entered by the assigned SAU specialist. The final accreditation status for each school will be based on remaining violations/citations; refer to ADE "Rules Governing Standards for Accreditation of Arkansas Public Schools" (January 2005). As mandated by the Omnibus Quality Education Act (Act 1467 of 2003/Ark. Code Ann. § 6-15-203), final accreditation status will be determined by May 15, 2006.

Right Of Appeal (After May 15, 2006)

In the event a district believes the Department of Education has improperly determined that any school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the office of the Commissioner of the Department of Education.

Any such appeal shall be held in an open hearing and the decision of the Board shall be in open session. The appeal must be filed not later than May 30 following the May 15 written notification; the State Board of Education hearing must be held prior to August 15 of the same calendar year.

The State Board of Education may confirm the accreditation status of a school as determined by the Department of Education or it may sustain the appeal of the district.

Pursuant to Ark. Code Ann. § 6-15-203(b)(5), an appeal from the ruling of the Board may be made by a school district to the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administrative Procedures Act, Ark. Code Ann. § 25-15-201 et. seq.

The Arkansas Department of Education (ADE) reviews Annual Accreditation Reports to determine the accreditation status of each school in each district in Arkansas. The Annual Accreditation Status Reports will be mailed during the first part of May. This status report will be the school district's final and official accreditation status report for the 2005-2006 school year. It will reflect a three-year history of accreditation. Please note the review date indicated for Probationary violation(s); evidence to correct Probationary violation(s) must be received by the Standards Assurance Unit on or before the review date. Read items indicated in "Comments." Accreditation status resulting from the 2005-2006 On-campus Standards Review will be explained in "Comments."

Included with the status report is a Corrected Exceptions Accreditation Status Report. This report lists changes to the Initial Accreditation Report. To assist with processing, all 2008 generated licensure deadlines appear on this report rather than on the Annual Accreditation Report. Please refer to Rules Governing Standards for Accreditation, Rule 24.01, for further information concerning licensure deficiencies involving an individual's Additional Licensure Plan. The Corrected Exceptions Accreditation Status Report will assist school districts in preparing to submit future reports. Please thoroughly review this information. Other notes indicating necessary exception corrections may include incorrect course codes, incorrect grade levels, invalid data or may indicate the district has corrected an exception that may have existed when the report was initially submitted. Please continue to work with the respective school district's Standards Assurance Specialist for additional information about the district's report.

### Right Of Appeal

In the event that a school district believes the ADE has improperly determined that a school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the ADE, Office of the Commissioner, #4 State Capitol Mall, Room 304-A, Little Rock, AR 72201-1071.

Any such appeal shall be held in an open hearing and the decision of the State Board of Education (Board) shall be in open session. The appeal must be filed not later than May 30, 2006, following the May 15, 2006, written notification; the Board hearing must be held prior to August 15, 2006.

The Board may confirm the accreditation status of a school as determined by the ADE or it may sustain the appeal of the district.

district	suant to the Ark. Code Ann. § 6-15-203, an appeal from the ruling of the Board may be made by a school rict to the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administrative cedures Act, Ark. Code Ann. § 25-15-200 et seq.

### MEMO

DATE:

May 13, 2006

TO:

District Superintendent

FROM:

Frank Wimer, Standards Assurance Unit Leader Lu

SUBJECT: Notification of Failure to Meet Standards for Accreditation

On or about April 3, 2006, an Initial Accreditation Status Report (Report) was sent by this office as well as a copy of Commissioner's Memo Number LS-06-097 (Memo). The Report included a list of initial probationary violations and/or citations for the 2005-2006 school year concerning one (1) or more of the schools in the district. The Memo indicated that the district was to review the initial violations and citations listed, confirm that all violations and citations were correct, or submit written corrections to the assigned Standards Assurance Specialist no later than April 21, 2006. If the district has been visited by Standards Assurance Unit (SAU) staff during this school year, you have also received notice after that visit of any violations and citations discovered during the Oncampus Standards Review.

This letter is notification that, as of this date, the district has not been cleared of all initial violations and/or citations by SAU. If you have already sent my office information concerning the violations, we will continue to review it and notify you of the district's final accreditation status later this month. However, if you have not already submitted information to SAU for review or you have submitted information and have received a response from SAU addressing your additional information, please take notice that the attached report is the final report on Standards for Accreditation Status for your school(s) or school district for the 2005-2006 school year which is required by law to be issued by May 15, 2006.

Pursuant to Ark. Code Ann. § 6-15-203, the district has until May 30, 2006, to file an appeal of the status concerning the Standards for Accreditation to the State Board of Education (Board). Appeal information should be sent to the Office of the Commissioner at #4 Capitol Mall, Little Rock, AR 72201.

Should you feel that any of the violations and/or citations listed in this Report is in error, submit corrected information to SAU no later than May 30. If you appeal to the Board and submit information to SAU for review, SAU will ask the Board not to confirm the classification of the district as listed in the Annual Accreditation Status Report if SAU determines that the correction information clears the district of any violations and/or citations.

Thank you for your assistance in this process.

Dear Dr. James,

#4 Capitol Mall

Tuesday, May 30, 2006

Little Rock, AR 72201

Office of the Commissioner

I am writing in response to the Lincoln Consolidated School 2005 – 2006 Initial Accreditation Status Report. During the 2004 – 2005 school district Accreditation Report, there were no areas of concern regarding my certification.

I have worked with Dr. Carl Holt at the University of Arkansas, Fayetteville regarding my certification as Superintendent of Schools. I have taken all necessary course work. Passed the School Leadership Series by the Educational Testing Service.

I learned that my certification is not complete this spring 2006 by the Arkansas Department of Education. Investigating the certification issue, I have learned that University of Arkansas, Fayetteville needs to sign off on my completion of necessary coursework. I am working with Dr. Holt presently to correct this matter.

I am asking to appeal the current status and provide the ADE necessary documentation of completion certification requirements.

Jim Lewis

INSTRUCTIONS: An individual holding a valid, standard six or ten-year Arkansas teaching certificate and desiring to add an additional area to his/her teaching certificate must submit the course work (on an official transcript) and the appropriate NTE Specialty Area test score to the Arkansas Department of Education (ADE) for certification. This form/application must be submitted along with the transcript and NTE score.

If an individual desires an EVALUATION, he/she must submit the completed/to be completed course work on this "add-on" form/application to the ADE. A written response will be mailed from the ADE.

Any person who seeks a degree or who plans to seek a higher degree in the future should communicate with the department chairperson of the Arkansas Teacher Education institution as well as the certifying officer of the institution awarding the degree.

When an area is added to the individual's certificate, the expiration date will remain the same.

Changes in requirements by the State Board of Education which become effective prior to the completion of this program could necessitate a change in this plan.

### ARKANSAS DEPARTMENT OF EDUCATION

### ADMINISTRATOR LICENSURE COMPLETION PROGRAM (ALCP)

### DISTRICT LEVEL ADMINISTRATOR

(Superintendent, Deputy Superintendent, Assistant Superintendent)

The Administrator Licensure Completion Program (ALCP) for District Level Administrator is the appropriate avenue for an individual who has been offered employment in a District Level Administrator position prior to completion of state District Level Administrator licensure requirements.

### **Eligibility guidelines**

Candidate must meet the following conditions:

- Possess a current Standard Teaching License and Building Level or Curriculum/Program Administrator License
- Have 4 years teaching experience, preferably with Building Level or Curriculum/Program Administrator experience
- Enroll in a University's advanced degree or program of study that is reflective of the Arkansas Standards for District Level Administrator Licensure with a timeline for completion within three (3) years\* of beginning the ALCP

### **Completion requirements**

- Successfully complete the advanced degree or program of study (as above), including recommendation for licensure, within three (3) years\* of beginning the ALCP
- Pass the School Leadership Series: School Superintendent Assessment (SSA) within three years\* of beginning the ALCP. Arkansas' cut-score = 152.
  - o Note: Test at a Glance (TAAG) study guide booklets are available from the ADE Office of Teacher Quality, or online via <a href="https://www.teachingandlearning.org">www.teachingandlearning.org</a>. Any teacher or administrator planning to take a School Leadership Series assessment is strongly encouraged to obtain these study materials.

### **Employing school district guidelines**

The employing district must:

- File a complete ALCP application form with the ADE Office of Professional Licensure within thirty (30) days of hiring an administrator via ALCP
- Verify candidate holds a Standard Teaching License with four years teaching experience
- Understand the candidate has no more than three (3) calendar years\* from the date of hire to meet full licensure requirements for the license being sought

Date Created: 04/03/2006

The Arkansas Department of Education (ADE) Standards Assurance Unit (SAU) reviews data submitted as part of the Cycle 2 reporting requirements to determine the initial accreditation of each district office and each school. Enclosed is the initial accreditation report for the 2005-2006 school year based on data submitted by the district as part of the Cycle 2 reporting including current information in the Arkansas Professional Licensure System. In addition to including a listing of violations/citations for the 2005-2006 school year, the report reflects the accreditation history for the previous two school years. An explanation of violation/citation numbers is also included.

Please review all initial violations listed for 2005-2006 and confirm that all citations are correct or submit written correction(s) to the assigned Standards Assurance Specialist by close of business on April 21, 2006. If corrections are sent by e-mail, Standards Assurance Unit (SAU) specialists will respond to confirm receipt of e-mail; if there is no response to information submitted by the district, contact the assigned SAU specialist. The assigned specialist is listed as "supervisor" on the upper right corner of the report's first page. If no supervisor is listed, e-mail mwilliams@arkedu.k12.ar.us. Written corrections may be sent by mail, e-mail, or fax and should include the LEA number and building name and the following, as applicable:

- 1) Name and Arkansas Teacher's License number of staff member;
- 2) Job code or course code change;
- 3) Grade level change:
- 4) Class size change (APSCN\_01 Class Count All Year);
- 5) Total students change (Master schedule matrix marking period 3 or second semester);
- 6) FTE change; or
- 7) Student enrollment change to address FTE violation.

For all individuals teaching for more than thirty (30) consecutive days in a grade level or subject area not included on the teaching license, the following documents are required to be on file at the Arkansas Department of Education: Additional Licensure Plan (ALP) and ADE approved waiver letter. Refer to "Rules Governing Standards for Accreditation of Arkansas Public Schools" (Rules 24.01 and 24.18).

Classes listed under "2400 Secondary Courses" are required classes for which no course code was submitted. To

provide confirmation of teaching required courses listed in the "2400 Secondary Courses" violation, please submit applicable pages of the current (grades 7-12) Arkansas Public School Computer Network (APSCN) new master schedule (APSCN\_01 State Report MS Check). If staff changes have occurred since the Cycle 2 report was submitted, send a copy of contracts for additional staff to correct class size violations and send a copy of contracts for changes in staff to correct licensure violations.

Please note that the specific course code must be used to prevent a citation; grade level entries must be appropriate for the course code. For example, if the course code is 355810 Physical Education Grade 5 with students in grades 5-6 included, there will be a citation.

Acceptable changes requested in writing by the district will be entered by the assigned SAU specialist. The final accreditation status for each school will be based on remaining violations/citations; refer to ADE "Rules Governing Standards for Accreditation of Arkansas Public Schools" (January 2005). As mandated by the Omnibus Quality Education Act (Act 1467 of 2003/Ark. Code Ann. § 6-15-203), final accreditation status will be determined by May 15, 2006.

Right Of Appeal (After May 15, 2006)

In the event a district believes the Department of Education has improperly determined that any school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the office of the Commissioner of the Department of Education.

Any such appeal shall be held in an open hearing and the decision of the Board shall be in open session. The appeal must be filed not later than May 30 following the May 15 written notification; the State Board of Education hearing must be held prior to August 15 of the same calendar year.

The State Board of Education may confirm the accreditation status of a school as determined by the Department of Education or it may sustain the appeal of the district.

Pursuant to Ark. Code Ann. § 6-15-203(b)(5), an appeal from the ruling of the Board may be made by a school district to the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administrative Procedures Act, Ark. Code Ann. § 25-15-201 et. seq.

Polly Davis, Supervisor Standards Assurance Unit Arkansas Department of Education #4 Capitol Mall, Room 202B Little Rock, AR 72201-1071

Ms. Davis,

This note is in reply to the Initial Accreditation Report for the schools of the Mulberry/Pleasant View Bi-County School District for school year 2005/2006.

Enclosed you will find documentation and evidence which should provide remedy for any and all instances which would eventually warrant a rating of probationary status for any of the schools in the district. Specifically you will find the following information:

## 1. Marvin Elementary School

Copy- Certificate and Approval (8510 per Licensure) for John Hunter,

8511 Elementary School Principal

Certification from Professional Licensure that a One Year Provisional license has been issued to Jeanne Hamilton,

She will complete certification

requirements this summer.

3210 KIND. CLASS SIZE, , , JEANNE Z HAMILTON 970300 is simply a coding error. If you can tell me where to fix that I will. Ms. Hamilton is Title I Reading exclusively.

The Arkansas Department of Education (ADE) reviews Annual Accreditation Reports to determine the accreditation status of each school in each district in Arkansas. The Annual Accreditation Status Reports will be mailed during the first part of May. This status report will be the school district's final and official accreditation status report for the 2005-2006 school year. It will reflect a three-year history of accreditation. Please note the review date indicated for Probationary violation(s); evidence to correct Probationary violation(s) must be received by the Standards Assurance Unit on or before the review date. Read items indicated in "Comments." Accreditation status resulting from the 2005-2006 On-campus Standards Review will be explained in "Comments."

Included with the status report is a Corrected Exceptions Accreditation Status Report. This report lists changes to the Initial Accreditation Report. To assist with processing, all 2008 generated licensure deadlines appear on this report rather than on the Annual Accreditation Report. Please refer to Rules Governing Standards for Accreditation, Rule 24.01, for further information concerning licensure deficiencies involving an individual's Additional Licensure Plan. The Corrected Exceptions Accreditation Status Report will assist school districts in preparing to submit future reports. Please thoroughly review this information. Other notes indicating necessary exception corrections may include incorrect course codes, incorrect grade levels, invalid data or may indicate the district has corrected an exception that may have existed when the report was initially submitted. Please continue to work with the respective school district's Standards Assurance Specialist for additional information about the district's report.

## Right Of Appeal

In the event that a school district believes the ADE has improperly determined that a school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the ADE, Office of the Commissioner, #4 State Capitol Mall, Room 304-A, Little Rock, AR 72201-1071.

Any such appeal shall be held in an open hearing and the decision of the State Board of Education (Board) shall be in open session. The appeal must be filed not later than May 30, 2006, following the May 15, 2006, written notification; the Board hearing must be held prior to August 15, 2006.

The Board may confirm the accreditation status of a school as determined by the ADE or it may sustain the appeal of the district.

district	Pursuant to the Ark. Code Ann. § 6-15-203, an appeal from the ruling of the Board may be made by a school district to the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administrative Procedures Act, Ark. Code Ann. § 25-15-200 et seg.

# **MEMO**

DATE:

May 13, 2006

TO:

District Superintendent

FROM:

Frank Wimer, Standards Assurance Unit Leader

SUBJECT: Notification of Failure to Meet Standards for Accreditation

On or about April 3, 2006, an Initial Accreditation Status Report (Report) was sent by this office as well as a copy of Commissioner's Memo Number LS-06-097 (Memo). The Report included a list of initial probationary violations and/or citations for the 2005-2006 school year concerning one (1) or more of the schools in the district. The Memo indicated that the district was to review the initial violations and citations listed, confirm that all violations and citations were correct, or submit written corrections to the assigned Standards Assurance Specialist no later than April 21, 2006. If the district has been visited by Standards Assurance Unit (SAU) staff during this school year, you have also received notice after that visit of any violations and citations discovered during the Oncampus Standards Review.

This letter is notification that, as of this date, the district has not been cleared of all initial violations and/or citations by SAU. If you have already sent my office information concerning the violations, we will continue to review it and notify you of the district's final accreditation status later this month. However, if you have not already submitted information to SAU for review or you have submitted information and have received a response from SAU addressing your additional information, please take notice that the attached report is the final report on Standards for Accreditation Status for your school(s) or school district for the 2005-2006 school year which is required by law to be issued by May 15, 2006.

Pursuant to Ark. Code Ann. § 6-15-203, the district has until May 30, 2006, to file an appeal of the status concerning the Standards for Accreditation to the State Board of Education (Board). Appeal information should be sent to the Office of the Commissioner at #4 Capitol Mall, Little Rock, AR 72201.

Should you feel that any of the violations and/or citations listed in this Report is in error, submit corrected information to SAU no later than May 30. If you appeal to the Board and submit information to SAU for review, SAU will ask the Board not to confirm the classification of the district as listed in the Annual Accreditation Status Report if SAU determines that the correction information clears the district of any violations and/or citations.

Thank you for your assistance in this process.

Accreditation Status Appeal,

Marvin Elementary School, 1704-016, of the Mulberry/Pleasant View Bi-County School District, 1704, has been identified as Accredited Probationary for the 2005/2006 school year. This identification is a direct result of what I believe to be an unreasonable clerical situation. The specific reason for the identification is listed in the Accreditation Status Report as 8312, Certification Expired.

Jeanne Hamilton, , allowed her Arkansas Teacher License to lapse in December of 2004. Her excuse is that the previous administration told her that her license would automatically renew per director's memo, DIR-04-025, dated December 3, 2003. It is apparent to me that due to a miscommunication neither party realized that Mrs. Hamilton's license would not renew until she completed the required background check. She was not instructed to do the background check and the previous administrator did not know that she had not completed a background check.

The district discovered Mrs. Hamilton's license status in February and contacted ADE Licensure to get instructions on what needed to be done. The instructions from ADE Licensure were to obtain, complete and submit the background check forms, upon clearance from the ASP and FBI Mrs. Hamilton would be issued a one (1) year provisional for the 2005/2006 school year. The forms were completed and submitted in March and on April 21, 2006 the ASP cleared Mrs. Hamilton. To date no word has been received from the FBI.

The designated deadline for submission of corrections for all accreditation deficiencies each school year is May 30. It is my opinion that more than ten (10) weeks should be adequate for any agency to complete a single background check, especially a check that was passed by ASP in approximately four (4) weeks.

I have maintained regular contact with ADE Licensure regarding this matter. I understand that there is nothing that office can do to expedite the procedure, but they are able to provide information that I do not have access to.

The fact that all information necessary to alleviate Mrs. Hamilton's certification issue and Marvin Elementary School's Accreditation issue was submitted more than ten (10) weeks before the required deadline of May 30, leads me to appeal to the Arkansas Board of Education for relief on behalf of Marvin Elementary School and the Mulberry/Pleasant View Bi-County School District.

Please contact my office if any additional information is necessary.

Thank you for your time and attention.

٠.

Sincerely.

### STATEMENT OF ASSURANCE

Pursuant to A.C.A. § 6-15-202 (c)(1) and Section 26 of Act 2131 of the 2005 Arkansas General Assembly, each Arkansas school district superintendent and each chief academic officer of an open-enrollment charter school shall by October 15<sup>th</sup> of each school year give written assurance of school district or charter school compliance with Arkansas law by providing their signature below as required. This written assurance shall be received or postmarked and mailed to the Department of Education by October 15<sup>th</sup> of each school year.

I hereby certify by my signature that I have thoroughly reviewed the following information required for the statewide information Cycle 2 report and that the data contained in the attached report are true, accurate, and timely, for the 2005-2006 school year. By my signature below, I certify that information in the report accurately describes the status and condition of the

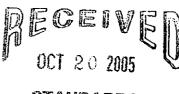

Muserry Pleasant View Bi-County
School District in \_\_\_\_\_\_ CRAWFORD / Freshin \_\_\_\_\_ County
as of October 1, 2005, and is submitted in compliance with A.C.A. § 6-15-206 (c)(1) and is
subject to the enforcement provisions of A.C.A. §§ 6-15-207 and 6-17-410.

Furthermore, I hereby certify by my signature below that Mucberry Pleasant View Bi-County School District is in compliance for the 2005-2006 school year (July 1, 2005 – June 30, 2006) with each of the following statutory provisions and/or requirements for school districts identified as relevant to the Standards for Accreditation of Arkansas Public Schools and School Districts:

- The content of each academic subject area course is aligned to Arkansas Curriculum Frameworks developed by the Department of Education as required by A.C.A. § 6-15-1505.
- 2. The high school(s) (grades 9-12) is teaching and has students enrolled in all 38 units required to be taught by the Rules Governing Standards for Accreditation. If this requirement is met by means other than a class taught in the school by a teacher employed by the district or an approved distance learning class, please attach appropriate documentation as follows:

Contracts or letters of agreement, which shall include:

- A. Names of all courses with corresponding six-digit course codes taught out of district (including career and technical education courses offered at area vocational centers) with name(s) of teacher(s) and Social Security Number(s);
- B. Statement that transportation will be provided to off-campus sites; and
- C. Signatures of both superintendents/directors.
- The school district is in compliance with Act 1399 of 2003 regarding written personnel policies.
- 4. Each school, grades 9-12, teaches at least one unit of Computer Applications with emphasis on current applications or East Lab.
- The school district provides all students in grades K-8 with Tools for Learning which includes technical skills (research and information skills, use of computers and calculators) and data gathering (use of data banks, atlases, dictionaries, almanacs, networks, news sources, and interviews).

- 83. The school district is in compliance with A.C.A. § 20-7-135 concerning prohibition for elementary school students in-school access to vending machines offering food and beverages.
- 84. The school district is in compliance with Act 2131 of 2005 § 28 concerning professional development for teachers.
- 85. The school district is in compliance with Act 2283 of 2005 concerning school funding.

In addition to any written statement of assurance required pursuant to Section 26 of Act 2131 of 2005, the Department of Education may conduct an on-site review of a school district to confirm that a school district has complied with any statutory requirements listed in this written statement of assurance or any other matter related to the Standards for Accreditation of Arkansas Public Schools and School Districts.

Any superintendent who fails to file a written statement of assurance as required by the Commissioner of the Department of Education pursuant to Section 26 of Act 2131 of 2005 by the date established by the Department of Education or knowingly submits false information or if the Department of Education determines the information in the statement is inaccurate or incomplete, the Department of Education may:

- (1) Conduct a random on-site visit;
- (2) Request additional information from the school district:
- (3) Take licensure action on the license of the superintendent under the procedure of § 6-17-410; or
- (4) Find the school or school district in citation or probationary violation of the Standards for Accreditation of Arkansas Public Schools and School Districts.

Statement of Assurance must be postmarked on or before October 17, 2005.

Re: Hearing on Appeal of Standards of Accreditation Probationary Status

Dear Mr. Schneider:

The purpose of this letter is to provide you with notice, in accordance with Ark. Code Ann. § 6-15-203, that the State Board of Education (SBE) will hold a hearing on your appeal of the Department's identification of the Marvin Elementary School as Accredited-Probationary.

The hearing will be held at the regular SBE board meeting on Monday, August 14, 2006, in the Auditorium of the Arkansas Department of Education, Arch Ford Education Building, #4 State Capitol Mall, Little Rock, at 9:00 a.m.

You or your representative should be present at the meeting. Please feel free to contact me if you have any questions.

Sincerely,

General Counsel

Date Created: 04/03/2006

The Arkansas Department of Education (ADE) Standards Assurance Unit (SAU) reviews data submitted as part of the Cycle 2 reporting requirements to determine the initial accreditation of each district office and each school. Enclosed is the initial accreditation report for the 2005-2006 school year based on data submitted by the district as part of the Cycle 2 reporting including current information in the Arkansas Professional Licensure System. In addition to including a listing of violations/citations for the 2005-2006 school year, the report reflects the accreditation history for the previous two school years. An explanation of violation/citation numbers is also included.

Please review all initial violations listed for 2005-2006 and confirm that all citations are correct or submit written correction(s) to the assigned Standards Assurance Specialist by close of business on April 21, 2006. If corrections are sent by e-mail, Standards Assurance Unit (SAU) specialists will respond to confirm receipt of e-mail; if there is no response to information submitted by the district, contact the assigned SAU specialist. The assigned specialist is listed as "supervisor" on the upper right corner of the report's first page. If no supervisor is listed, e-mail mwilliams@arkedu.k12.ar.us. Written corrections may be sent by mail, e-mail, or fax and should include the LEA number and building name and the following, as applicable:

- 1) Name and Arkansas Teacher's License number of staff member;
- 2) Job code or course code change;
- 3) Grade level change:
- 4) Class size change (APSCN\_01 Class Count All Year);
- 5) Total students change (Master schedule matrix marking period 3 or second semester);
- 6) FTE change; or
- 7) Student enrollment change to address FTE violation.

For all individuals teaching for more than thirty (30) consecutive days in a grade level or subject area not included on the teaching license, the following documents are required to be on file at the Arkansas Department of Education: Additional Licensure Plan (ALP) and ADE approved waiver letter. Refer to "Rules Governing Standards for Accreditation of Arkansas Public Schools" (Rules 24.01 and 24.18).

Classes listed under "2400 Secondary Courses" are required classes for which no course code was submitted. To

provide confirmation of teaching required courses listed in the "2400 Secondary Courses" violation, please submit applicable pages of the current (grades 7-12) Arkansas Public School Computer Network (APSCN) new master schedule (APSCN\_01 State Report MS Check). If staff changes have occurred since the Cycle 2 report was submitted, send a copy of contracts for additional staff to correct class size violations and send a copy of contracts for changes in staff to correct licensure violations.

Please note that the specific course code must be used to prevent a citation; grade level entries must be appropriate for the course code. For example, if the course code is 355810 Physical Education Grade 5 with students in grades 5-6 included, there will be a citation.

Acceptable changes requested in writing by the district will be entered by the assigned SAU specialist. The final accreditation status for each school will be based on remaining violations/citations; refer to ADE "Rules Governing Standards for Accreditation of Arkansas Public Schools" (January 2005). As mandated by the Omnibus Quality Education Act (Act 1467 of 2003/Ark. Code Ann. § 6-15-203), final accreditation status will be determined by May 15, 2006.

Right Of Appeal (After May 15, 2006)

In the event a district believes the Department of Education has improperly determined that any school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the office of the Commissioner of the Department of Education.

Any such appeal shall be held in an open hearing and the decision of the Board shall be in open session. The appeal must be filed not later than May 30 following the May 15 written notification; the State Board of Education hearing must be held prior to August 15 of the same calendar year.

The State Board of Education may confirm the accreditation status of a school as determined by the Department of Education or it may sustain the appeal of the district.

Pursuant to Ark. Code Ann. § 6-15-203(b)(5), an appeal from the ruling of the Board may be made by a school district to the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administrative Procedures Act, Ark. Code Ann. § 25-15-201 et. seq.

John,

Under Oak Grove High School – Paul Willis – Course #388813 should be changed to #999810. This is athletics (football, basketball & track).

I have sent some pages of the master schedule for Oak Grove. Would the following classes be six?

Algebra I & II

Geometry

Pre Calculus

Intalb A & B

Mr. Heien says that this is basicly the same offerings they have had for the last three (3) years.

Ann Deloney called and I am in hopes that Miranda Young's situation will work. Also, we have called Dick Burchtt(sp). He was out today but will be in tornorrow.

John,

Michael Aeilts has the correct licensure. We have just not received his license from the state department. This should answer all the issues from Thursday. Please call if there is something else I need to address. I appreciate you working with me on this.

The Arkansas Department of Education (ADE) reviews Annual Accreditation Reports to determine the accreditation status of each school in each district in Arkansas. The Annual Accreditation Status Reports will be mailed during the first part of May. This status report will be the school district's final and official accreditation status report for the 2005-2006 school year. It will reflect a three-year history of accreditation. Please note the review date indicated for Probationary violation(s); evidence to correct Probationary violation(s) must be received by the Standards Assurance Unit on or before the review date. Read items indicated in "Comments." Accreditation status resulting from the 2005-2006 On-campus Standards Review will be explained in "Comments."

Included with the status report is a Corrected Exceptions Accreditation Status Report. This report lists changes to the Initial Accreditation Report. To assist with processing, all 2008 generated licensure deadlines appear on this report rather than on the Annual Accreditation Report. Please refer to Rules Governing Standards for Accreditation, Rule 24.01, for further information concerning licensure deficiencies involving an individual's Additional Licensure Plan. The Corrected Exceptions Accreditation Status Report will assist school districts in preparing to submit future reports. Please thoroughly review this information. Other notes indicating necessary exception corrections may include incorrect course codes, incorrect grade levels, invalid data or may indicate the district has corrected an exception that may have existed when the report was initially submitted. Please continue to work with the respective school district's Standards Assurance Specialist for additional information about the district's report.

### Right Of Appeal

In the event that a school district believes the ADE has improperly determined that a school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the ADE, Office of the Commissioner, #4 State Capitol Mall, Room 304-A, Little Rock, AR 72201-1071.

Any such appeal shall be held in an open hearing and the decision of the State Board of Education (Board) shall be in open session. The appeal must be filed not later than May 30, 2006, following the May 15, 2006, written notification; the Board hearing must be held prior to August 15, 2006.

The Board may confirm the accreditation status of a school as determined by the ADE or it may sustain the appeal of the district.

district	t to the Ark. Code Ann. § 6-15-203, an appeal from the ruling of the Board may be made by a school o the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administra res Act, Ark. Code Ann. § 25-15-200 et seg.

### MEMO

DATE:

May 13, 2006

TO:

District Superintendent

FROM:

Frank Wimer, Standards Assurance Unit Leader

SUBJECT: Notification of Failure to Meet Standards for Accreditation

On or about April 3, 2006, an Initial Accreditation Status Report (Report) was sent by this office as well as a copy of Commissioner's Memo Number LS-06-097 (Memo). The Report included a list of initial probationary violations and/or citations for the 2005-2006 school year concerning one (1) or more of the schools in the district. The Memo indicated that the district was to review the initial violations and citations listed, confirm that all violations and citations were correct, or submit written corrections to the assigned Standards Assurance Specialist no later than April 21, 2006. If the district has been visited by Standards Assurance Unit (SAU) staff during this school year, you have also received notice after that visit of any violations and citations discovered during the Oncampus Standards Review.

This letter is notification that, as of this date, the district has not been cleared of all initial violations and/or citations by SAU. If you have already sent my office information concerning the violations, we will continue to review it and notify you of the district's final accreditation status later this month. However, if you have not already submitted information to SAU for review or you have submitted information and have received a response from SAU addressing your additional information, please take notice that the attached report is the final report on Standards for Accreditation Status for your school(s) or school district for the 2005-2006 school year which is required by law to be issued by May 15, 2006.

Pursuant to Ark. Code Ann. § 6-15-203, the district has until May 30, 2006, to file an appeal of the status concerning the Standards for Accreditation to the State Board of Education (Board). Appeal information should be sent to the Office of the Commissioner at #4 Capitol Mall, Little Rock, AR 72201.

Should you feel that any of the violations and/or citations listed in this Report is in error, submit corrected information to SAU no later than May 30. If you appeal to the Board and submit information to SAU for review, SAU will ask the Board not to confirm the classification of the district as listed in the Annual Accreditation Status Report if SAU determines that the correction information clears the district of any violations and/or citations.

Thank you for your assistance in this process.

925 East Dixon Road/P.O. Box 8601 Little Rock, Arkansas 72216 www.pcssd.org (501) 490-2000

May 30, 2006

Dr. T. Kenneth James, Commissioner Arkansas Department of Education #4 State Capitol Mall Little Rock, AR 72201-1071

Dear Dr. James:

We are appealing the citing of Oak Grove High School (LEA# 60-03-126) based on the number of mathematics courses offered. Oak Grove currently offers the following mathematics courses:

- Integrative Algebra B
- Algebra I
- Geometry
- Algebra II
- Pre-Calculus
- AP Calculus AB

Our concern stems from the fact that we had sixteen (16) seniors eligible to enroll in Calculus based on enrollment the previous year in pre-calculus. Three students from the pre-calculus class are not enrolled in the AP Calculus AB class due to the following reasons: one transferred to another school, one is repeating pre-calculus and one is taking geometry workshop due to non proficiency on the End of Course Geometry exam. It is our belief that it would have been a disservice to thirteen (13) seniors to enroll them in calculus when they could be challenged with a more advanced and rigorous course of study.

Please consider our request for appeal and allow AP Calculus AB to count as their sixth mathematics course.

Sincerely,

Mr. James Sharpe Superintendent

Re: Hearing on Appeal of Standards of Accreditation Probationary Status

Dear Mr. Sharpe:

The purpose of this letter is to provide you with notice, in accordance with Ark. Code Ann. § 6-15-203, that the State Board of Education (SBE) will hold a hearing on your appeal of the Department's identification of the Oak Grove High School as Accredited-Probationary.

The hearing will be held at the regular SBE board meeting on Monday, August 14, 2006, in the Auditorium of the Arkansas Department of Education, Arch Ford Education Building, #4 State Capitol Mall, Little Rock, at 9:00 a.m.

You or your representative should be present at the meeting. Please feel free to contact me if you have any questions.

Sincerely,

The Arkansas Department of Education (ADE) Standards Assurance Unit (SAU) reviews data submitted as part of the Cycle 2 reporting requirements to determine the initial accreditation of each district office and each school. Enclosed is the initial accreditation report for the 2005-2006 school year based on data submitted by the district as part of the Cycle 2 reporting including current information in the Arkansas Professional Licensure System. In addition to including a listing of violations/citations for the 2005-2006 school year, the report reflects the accreditation history for the previous two school years. An explanation of violation/citation numbers is also included.

Please review all initial violations listed for 2005-2006 and confirm that all citations are correct or submit written correction(s) to the assigned Standards Assurance Specialist by close of business on April 21, 2006. If corrections are sent by e-mail, Standards Assurance Unit (SAU) specialists will respond to confirm receipt of e-mail; if there is no response to information submitted by the district, contact the assigned SAU specialist. The assigned specialist is listed as "supervisor" on the upper right corner of the report's first page. If no supervisor is listed, e-mail mwilliams@arkedu.k12.ar.us. Written corrections may be sent by mail, e-mail, or fax and should include the LEA number and building name and the following, as applicable:

- 1) Name and Arkansas Teacher's License number of staff member;
- 2) Job code or course code change;
- 3) Grade level change:
- 4) Class size change (APSCN\_01 Class Count All Year);
- 5) Total students change (Master schedule matrix marking period 3 or second semester);
- 6) FTE change; or
- 7) Student enrollment change to address FTE violation.

For all individuals teaching for more than thirty (30) consecutive days in a grade level or subject area not included on the teaching license, the following documents are required to be on file at the Arkansas Department of Education: Additional Licensure Plan (ALP) and ADE approved waiver letter. Refer to "Rules Governing Standards for Accreditation of Arkansas Public Schools" (Rules 24.01 and 24.18).

Classes listed under "2400 Secondary Courses" are required classes for which no course code was submitted. To

provide confirmation of teaching required courses listed in the "2400 Secondary Courses" violation, please submit applicable pages of the current (grades 7-12) Arkansas Public School Computer Network (APSCN) new master schedule (APSCN\_01 State Report MS Check). If staff changes have occurred since the Cycle 2 report was submitted, send a copy of contracts for additional staff to correct class size violations and send a copy of contracts for changes in staff to correct licensure violations.

Please note that the specific course code must be used to prevent a citation; grade level entries must be appropriate for the course code. For example, if the course code is 355810 Physical Education Grade 5 with students in grades 5-6 included, there will be a citation.

Acceptable changes requested in writing by the district will be entered by the assigned SAU specialist. The final accreditation status for each school will be based on remaining violations/citations; refer to ADE "Rules Governing Standards for Accreditation of Arkansas Public Schools" (January 2005). As mandated by the Omnibus Quality Education Act (Act 1467 of 2003/Ark. Code Ann. § 6-15-203), final accreditation status will be determined by May 15, 2006.

Right Of Appeal (After May 15, 2006)

In the event a district believes the Department of Education has improperly determined that any school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the office of the Commissioner of the Department of Education.

Any such appeal shall be held in an open hearing and the decision of the Board shall be in open session. The appeal must be filed not later than May 30 following the May 15 written notification; the State Board of Education hearing must be held prior to August 15 of the same calendar year.

The State Board of Education may confirm the accreditation status of a school as determined by the Department of Education or it may sustain the appeal of the district.

Pursuant to Ark. Code Ann. § 6-15-203(b)(5), an appeal from the ruling of the Board may be made by a school district to the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administrative Procedures Act, Ark. Code Ann. § 25-15-201 et. seq.

The Arkansas Department of Education (ADE) reviews Annual Accreditation Reports to determine the accreditation status of each school in each district in Arkansas. The Annual Accreditation Status Reports will be mailed during the first part of May. This status report will be the school district's final and official accreditation status report for the 2005-2006 school year. It will reflect a three-year history of accreditation. Please note the review date indicated for Probationary violation(s); evidence to correct Probationary violation(s) must be received by the Standards Assurance Unit on or before the review date. Read items indicated in "Comments." Accreditation status resulting from the 2005-2006 On-campus Standards Review will be explained in "Comments."

Included with the status report is a Corrected Exceptions Accreditation Status Report. This report lists changes to the Initial Accreditation Report. To assist with processing, all 2008 generated licensure deadlines appear on this report rather than on the Annual Accreditation Report. Please refer to Rules Governing Standards for Accreditation, Rule 24.01, for further information concerning licensure deficiencies involving an individual's Additional Licensure Plan. The Corrected Exceptions Accreditation Status Report will assist school districts in preparing to submit future reports. Please thoroughly review this information. Other notes indicating necessary exception corrections may include incorrect course codes, incorrect grade levels, invalid data or may indicate the district has corrected an exception that may have existed when the report was initially submitted. Please continue to work with the respective school district's Standards Assurance Specialist for additional information about the district's report.

### Right Of Appeal

In the event that a school district believes the ADE has improperly determined that a school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the ADE, Office of the Commissioner, #4 State Capitol Mall, Room 304-A, Little Rock, AR 72201-1071.

Any such appeal shall be held in an open hearing and the decision of the State Board of Education (Board) shall be in open session. The appeal must be filed not later than May 30, 2006, following the May 15, 2006, written notification; the Board hearing must be held prior to August 15, 2006.

The Board may confirm the accreditation status of a school as determined by the ADE or it may sustain the appeal of the district.

district	t to the Ark. Code Ann. § 6-15-203, an appeal from the ruling of the Board may be made by a school the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administrates res Act, Ark. Code Ann. § 25-15-200 et seg.

## MEMO

DATE:

May 13, 2006

TO:

District Superintendent

FROM:

Frank Wimer, Standards Assurance Unit Leader Luc

SUBJECT: Notification of Failure to Meet Standards for Accreditation

On or about April 3, 2006, an Initial Accreditation Status Report (Report) was sent by this office as well as a copy of Commissioner's Memo Number LS-06-097 (Memo). The Report included a list of initial probationary violations and/or citations for the 2005-2006 school year concerning one (1) or more of the schools in the district. The Memo indicated that the district was to review the initial violations and citations listed, confirm that all violations and citations were correct, or submit written corrections to the assigned Standards Assurance Specialist no later than April 21, 2006. If the district has been visited by Standards Assurance Unit (SAU) staff during this school year, you have also received notice after that visit of any violations and citations discovered during the Oncampus Standards Review.

This letter is notification that, as of this date, the district has not been cleared of all initial violations and/or citations by SAU. If you have already sent my office information concerning the violations, we will continue to review it and notify you of the district's final accreditation status later this month. However, if you have not already submitted information to SAU for review or you have submitted information and have received a response from SAU addressing your additional information, please take notice that the attached report is the final report on Standards for Accreditation Status for your school(s) or school district for the 2005-2006 school year which is required by law to be issued by May 15, 2006.

Pursuant to Ark. Code Ann. § 6-15-203, the district has until May 30, 2006, to file an appeal of the status concerning the Standards for Accreditation to the State Board of Education (Board). Appeal information should be sent to the Office of the Commissioner at #4 Capitol Mall, Little Rock, AR 72201.

Should you feel that any of the violations and/or citations listed in this Report is in error, submit corrected information to SAU no later than May 30. If you appeal to the Board and submit information to SAU for review, SAU will ask the Board not to confirm the classification of the district as listed in the Annual Accreditation Status Report if SAU determines that the correction information clears the district of any violations and/or citations.

Thank you for your assistance in this process.

RE: Standards for Accreditation Appeal for the South Conway County School District

Dear State Board of Education:

The South Conway County School District appeals the Standards of Assurance Unit's (SAU) decision to place Morrilton High School on probationary status.

It is my understanding that the probationary status has been assigned allegedly because Morrilton High School does not offer the required thirty-eight (38) units as set forth in Standard 9.03.4. Specifically, the citation stems from SAU's determination that Advanced Placement courses cannot count towards meeting the thirty-eight (38) unit requirement. More specifically, Standard 9.03.4.7 requires that 4 units of social studies be taught. Morrilton High School teaches the 3 units required. Additionally, Morrilton High School also teaches AP American History, AP European History, Pre-AP World History, and Honors Civics. Unfortunately, SAU has indicated that these more challenging courses cannot count towards fulfilling the 4 units of Social Studies.

I respectfully request that you consider the appeal on the following grounds:

- 1. The Standards for Accreditation (dated January 2005) do not prohibit AP courses from fulfilling the requirement. In fact, Standard 9.03.4.10 states, "the course offerings should include appropriate Advanced Placement (AP) courses."
- 2. The ADE rules and regulations regarding Gifted and Talented (dated June 1999) do **not** address this specific issue.
- The ADE Rules Governing Advanced Placement Courses in the Four Core Areas 3. in Arkansas High Schools (dated October 2005) do not address this specific issue. However, Morrilton High School has exceeded the promulgated rules by offering AP courses in all four core areas.
- 4. I am unaware of any Director's/Commissioner's memo that addresses this issue.
- The Annual Accreditation Status Report for 2004-2005 lists Morrilton High 5. School as accredited. We have **not** changed our course offerings in social studies.

If the aforementioned grounds are factually correct, then is it appropriate to hold a school accountable for an unpublished standard, rule, or regulation? Furthermore, is it appropriate to hold a school accountable when it was previously found to be accredited and everything else remains the same? What standard of fairness is applied to this situation?

Please let me know if you require any additional information. Thank you for the opportunity to share this information with you.

Respectfully submitted,

Douglas S. Adams

Pursuant to A.C.A. § 6-15-202 (c)(1) and Section 26 of Act 2131 of the 2005 Arkansas General Assembly, each Arkansas school district superintendent and each chief academic officer of an open-enrollment charter school shall by October 15<sup>th</sup> of each school year give written assurance of school district or charter school compliance with Arkansas law by providing their signature below as required. This written assurance shall be received or postmarked and mailed to the Department of Education by October 15<sup>th</sup> of each school year.

I hereby certify by my signature that I have thoroughly reviewed the following information required for the statewide information Cycle 2 report and that the data contained in the attached report are true, accurate, and timely, for the 2005-2006 school year. By my signature below, I certify that information in the report accurately describes the status and condition of the

as of October 1, 2003, and is submitted in compliance with A.C.A. § 6-15-206 (c)(1) and is subject to the enforcement provisions of A.C.A. § 6-15-207 and 6-17-410.

- The content of each academic subject area course is aligned to Arkansas Curriculum Frameworks developed by the Department of Education as required by A.C.A. § 6-15-1505.
- 2. The high school(s) (grades 9-12) is teaching and has students enrolled in all 38 units required to be taught by the Rules Governing Standards for Accreditation. If this requirement is met by means other than a class taught in the school by a teacher employed by the district or an approved distance learning class, please attach appropriate documentation as follows:

Contracts or letters of agreement, which shall include:

- A. Names of all courses with corresponding six-digit course codes taught out of district (including career and technical education courses offered at area vocational centers) with name(s) of teacher(s) and Social Security Number(s);
- B. Statement that transportation will be provided to off-campus sites; and
- C. Signatures of both superintendents/directors.
- 3. The school district is in compliance with Act 1399 of 2003 regarding written personnel policies.
- Each school, grades 9-12, teaches at least one unit of Computer Applications with emphasis on current applications or East Lab.
- The school district provides all students in grades K-8 with Tools for Learning which includes technical skills (research and information skills, use of computers and calculators) and data gathering (use of data banks, atlases, dictionaries, almanacs, networks, news sources, and interviews).

- 83. The school district is in compliance with A.C.A. § 20-7-135 concerning prohibition for elementary school students in-school access to vending machines offering food and beverages.
- 84. The school district is in compliance with Act 2131 of 2005 § 28 concerning professional development for teachers.
- 85. The school district is in compliance with Act 2283 of 2005 concerning school funding.

Date Created: 04/03/2006

The Arkansas Department of Education (ADE) Standards Assurance Unit (SAU) reviews data submitted as part of the Cycle 2 reporting requirements to determine the initial accreditation of each district office and each school. Enclosed is the initial accreditation report for the 2005-2006 school year based on data submitted by the district as part of the Cycle 2 reporting including current information in the Arkansas Professional Licensure System. In addition to including a listing of violations/citations for the 2005-2006 school year, the report reflects the accreditation history for the previous two school years. An explanation of violation/citation numbers is also included.

Please review all initial violations listed for 2005-2006 and confirm that all citations are correct or submit written correction(s) to the assigned Standards Assurance Specialist by close of business on April 21, 2006. If corrections are sent by e-mail, Standards Assurance Unit (SAU) specialists will respond to confirm receipt of e-mail; if there is no response to information submitted by the district, contact the assigned SAU specialist. The assigned specialist is listed as "supervisor" on the upper right corner of the report's first page. If no supervisor is listed, e-mail mwilliams@arkedu.k12.ar.us. Written corrections may be sent by mail, e-mail, or fax and should include the LEA number and building name and the following, as applicable:

- 1) Name and Arkansas Teacher's License number of staff member;
- 2) Job code or course code change;
- 3) Grade level change:
- 4) Class size change (APSCN\_01 Class Count All Year);
- 5) Total students change (Master schedule matrix marking period 3 or second semester);
- 6) FTE change; or
- 7) Student enrollment change to address FTE violation.

For all individuals teaching for more than thirty (30) consecutive days in a grade level or subject area not included on the teaching license, the following documents are required to be on file at the Arkansas Department of Education: Additional Licensure Plan (ALP) and ADE approved waiver letter. Refer to "Rules Governing Standards for Accreditation of Arkansas Public Schools" (Rules 24.01 and 24.18).

Classes listed under "2400 Secondary Courses" are required classes for which no course code was submitted. To

provide confirmation of teaching required courses listed in the "2400 Secondary Courses" violation, please submit applicable pages of the current (grades 7-12) Arkansas Public School Computer Network (APSCN) new master schedule (APSCN\_01 State Report MS Check). If staff changes have occurred since the Cycle 2 report was submitted, send a copy of contracts for additional staff to correct class size violations and send a copy of contracts for changes in staff to correct licensure violations.

Please note that the specific course code must be used to prevent a citation; grade level entries must be appropriate for the course code. For example, if the course code is 355810 Physical Education Grade 5 with students in grades 5-6 included, there will be a citation.

Acceptable changes requested in writing by the district will be entered by the assigned SAU specialist. The final accreditation status for each school will be based on remaining violations/citations; refer to ADE "Rules Governing Standards for Accreditation of Arkansas Public Schools" (January 2005). As mandated by the Omnibus Quality Education Act (Act 1467 of 2003/Ark. Code Ann. § 6-15-203), final accreditation status will be determined by May 15, 2006.

Right Of Appeal (After May 15, 2006)

In the event a district believes the Department of Education has improperly determined that any school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the office of the Commissioner of the Department of Education.

Any such appeal shall be held in an open hearing and the decision of the Board shall be in open session. The appeal must be filed not later than May 30 following the May 15 written notification; the State Board of Education hearing must be held prior to August 15 of the same calendar year.

The State Board of Education may confirm the accreditation status of a school as determined by the Department of Education or it may sustain the appeal of the district.

Pursuant to Ark. Code Ann. § 6-15-203(b)(5), an appeal from the ruling of the Board may be made by a school district to the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administrative Procedures Act, Ark. Code Ann. § 25-15-201 et. seq.

To: Arkansas Department of Education:

This is in reference to the initial accreditation report for 2005-2006.

Plainview Rover High School was cited for:

Mr. Michael Onyett - Chemistry and Physical Science - He is in the non-traditional program.

Mrs. Jennifer Lisenbey - Oral Communications - She is in the non-traditional program and has taken enough speech /journalism classes to qualify for Oral Communications.

Mrs. Alpha D. Thurman- she is certified teacher - first year - mentoring.

Mrs. Kathy Loomis- Visual Art Grade 7, Visual Art Grade 8, Art - she is on an ALP and we have a waiver (see attached copy).

Mrs. Carmen Keys - counselor - she has finished her certification and was on an ALP and we have a waiver (see attached copy).

Mr. Marti Valdivia - School of Math and Science - Spanish - (see attached letter).

R Quijano - School of Math and Science - Spanish - (see attached letter).

We hope this clears up the cite.

Sincerely,

Kerry Cunningham

Dear Mr. Cunningham,

This letter is in reference to your inquiry about the status of your Office of Dista to action instructor. Yesterday, 04/19/06, our personnel were in contact with the Standard Discion of the Arkanses Department of Education following up on your certification questic:

It is a standards Division has asked that we forward a list of all Office of Distance Education instructors to match against their records. Once that is done, the flag generated to your school should be removed from the State System.

If would like to apologize for any confusion or inconvenience you have experier and the absult of this issue. Please note that the certification of Office of Distance Education in solutors in the responsibility of this office, as opposed to that of your individual school. We are working at tively to make sure that all flags are being removed. No further action in this make an ould be required on your part. Thank you very much.

Dr. Kenneth James, Commissioner of Education

October 22, 2005

The Two Rivers Public School District has been granted a waiver pending approval by the Arkansas State Board of Education, as requested in your letter dated October 3, 2005, to assign the following licensed teacher(s) to teach out of their licensure area or grade level for more than thirty (30) consecutive days: Heather Spencer, Patricia Fine, Kathy Loomis, Carmen Keys, Janet Ball, Josh Harrison, Jenniser Holt, Cheryl Seay, and Jenniser Phomsithi.

Cheyenne Lambert does not hold a current Arkansas teaching license and cannot be granted a waiver at this time.

A waiver request is not necessary for Mary Lawrence, however, an ALCP does need to be filed with the Office of Professional Licensure since she is working out-of-area.

This waiver is being granted based on the Permanent Rules and Regulations Governing the Parental Notification of An Assignment of a Non-Certified Teacher to Teach a Class For More Than Thirty (30) Consecutive Days and For Granting Waivers.

In addition, the Two Rivers Public School District shall also meet the requirements of Section 24.01 of the Rules Governing Accreditation of Arkansas Public Schools and School Districts for this waiver to be valid.

Any school district that obtains a waiver shall send written notice of the assignment of a non-certified teacher to the parent or guardian of each student in that classroom no later than thirty (30) school days after the date of the assignment.

Ola High School Accreditation Report 05-06

Ms. Davis,

My name is Kenneth McCoy and I am the principal at Ola High School and our LEA number is 7510025 we are in the Two Rivers School District.

1. We were cited on our accreditation report for 05-06 for teachers at our area vo-tech. The teachers that were cited are not teaching any of our students. We only have two students attending vo-tech and one of them has Mr. Byrd as an instructor and the other has Mr. Ehemann neither of these were cited on the report.

Barbara Ward, K. Knight, R. Pierce, Deb. Barnhouse, Donna Mitchell and Billy Martin do not teach our students but were cited on the report. We have these classes listed in our course directory in case we have a student move in here that needs the course.

- 2. The next thing listed was Shannon D. Hudgins cired for grade level in the area of instrumental music. I have a copy of her teaching certificate and it shows she has a bachelor's degree in the area of vocal music and the code is 203 for P-08 grade. It also shows her being certified in vocal music and the code is 204 for 07-12 grade. Then it shows instrumental music and the code is 205 for P-08 grade and code  $20\bar{6}$  for 9 12 intrumental music. The license is valid from 01/01/2006-12/31/2010. Her License number and this is a standard license for five years and she does teach all of our music 1-12.
- 3. The next thing we were cited for was written on Carla R. Tindell. It has her down as being cited for class size 4 - 6. Ms. Tindell does not teach 4 - 6 grade. Ms. Tindell teaches 7 - 9 social studies for us and we do not have a class with more than 30 students in it. Ms. Tindell is completly certified and her license number is valid through 12/31/2008. The code on her license for social studies is 167. She teaches two sections of 7th grade geography, two sections of 8th grade US/Arkansas History and two sections of 9th grade civics/government.
- 4. The next thing was Melissa McCrotty cited for having an expired teaching certificate. We have a certificate on here that is an initial three year license and it is good until 02/09/2007. The number on the license is 431618916 and the code is 169 for the teaching area of Physical/Earth Science, the grade level is 07-12. We have her teaching physical and earth science.
- 5. The last thing we were cited on concerned my own certificate being expired. issued this year an intial license for building administration. I took the ISSLC in September and passed it and was sent a standard five year license. This license is valid from 01/01/2006 - 12/31/2010 and the number is My certificate covers P-08 and 07-12 grades in building administration. I am the high school principal at Ola.
- Ms. Davis I do not see anything else on here except for 2400 secondary courses was listed with 12 Math electives and 22 Arkansas History. We have our six math courses this year. They are Algebra A/B, Algebra I, Algebra II, Geometry, Pre Calculus with Trig and Transitions to college math. We understand that Algebra A/B will not count next year and we are in the process of placing Algebraic Connections in this slot. As far as Arkansas History, we are teaching this in the 8th grade for a semester. Ms. Davis if there is anything that I have missed please contact me because I want to be in full compliance with the rules and regulations at Ola High School.

Thanks, Kenneth McCov Principal Ola High School Kenneth McCoy

Dr. Kenneth James, Commissioner of Education

January 3, 2006

The Two Rivers Public School District has been granted a waiver pending approval by the Arkansas State Board of Education, as requested in your letter dated <u>December 1, 2005</u>, to assign the following licensed teacher(s) to teach out of their licensure area or grade level for more than thirty (30) consecutive days: Cheyenne Lambert.

This waiver is being granted based on the Permanent Rules and Regulations Governing the Parental Notification of An Assignment of a Non-Certified Teacher to Teach a Class For More Than Thirty (30) Consecutive Days and For Granting Waivers.

In addition, the Two Rivers Public School District shall also meet the requirements of Section 24.01 of the Rules Governing Accreditation of Arkansas Public Schools and School Districts for this waiver to be valid.

Any school district that obtains a waiver shall send written notice of the assignment of a non-certified teacher to the parent or guardian of each student in that classroom no later than thirty (30) school days after the date of the assignment.

The Arkansas Department of Education (ADE) reviews Annual Accreditation Reports to determine the accreditation status of each school in each district in Arkansas. The Annual Accreditation Status Reports will be mailed during the first part of May. This status report will be the school district's final and official accreditation status report for the 2005-2006 school year. It will reflect a three-year history of accreditation. Please note the review date indicated for Probationary violation(s); evidence to correct Probationary violation(s) must be received by the Standards Assurance Unit on or before the review date. Read items indicated in "Comments." Accreditation status resulting from the 2005-2006 On-campus Standards Review will be explained in "Comments."

Included with the status report is a Corrected Exceptions Accreditation Status Report. This report lists changes to the Initial Accreditation Report. To assist with processing, all 2008 generated licensure deadlines appear on this report rather than on the Annual Accreditation Report. Please refer to Rules Governing Standards for Accreditation, Rule 24.01, for further information concerning licensure deficiencies involving an individual's Additional Licensure Plan. The Corrected Exceptions Accreditation Status Report will assist school districts in preparing to submit future reports. Please thoroughly review this information. Other notes indicating necessary exception corrections may include incorrect course codes, incorrect grade levels, invalid data or may indicate the district has corrected an exception that may have existed when the report was initially submitted. Please continue to work with the respective school district's Standards Assurance Specialist for additional information about the district's report.

### Right Of Appeal

In the event that a school district believes the ADE has improperly determined that a school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the ADE, Office of the Commissioner, #4 State Capitol Mall, Room 304-A, Little Rock, AR 72201-1071.

Any such appeal shall be held in an open hearing and the decision of the State Board of Education (Board) shall be in open session. The appeal must be filed not later than May 30, 2006, following the May 15, 2006, written notification; the Board hearing must be held prior to August 15, 2006.

The Board may confirm the accreditation status of a school as determined by the ADE or it may sustain the appeal of the district.

Pursuant to the Ark. Code Ann. § 6-15-203, an appeal from the ruling of the Board may be made by a school district to the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administrative Procedures Act, Ark. Code Ann. § 25-15-200 et seg.

## MEMO

DATE:

May 13, 2006

TO:

District Superintendent

FROM:

Frank Wimer, Standards Assurance Unit Leader

SUBJECT: Notification of Failure to Meet Standards for Accreditation

On or about April 3, 2006, an Initial Accreditation Status Report (Report) was sent by this office as well as a copy of Commissioner's Memo Number LS-06-097 (Memo). The Report included a list of initial probationary violations and/or citations for the 2005-2006 school year concerning one (1) or more of the schools in the district. The Memo indicated that the district was to review the initial violations and citations listed, confirm that all violations and citations were correct, or submit written corrections to the assigned Standards Assurance Specialist no later than April 21, 2006. If the district has been visited by Standards Assurance Unit (SAU) staff during this school year, you have also received notice after that visit of any violations and citations discovered during the Oncampus Standards Review.

This letter is notification that, as of this date, the district has not been cleared of all initial violations and/or citations by SAU. If you have already sent my office information concerning the violations, we will continue to review it and notify you of the district's final accreditation status later this month. However, if you have not already submitted information to SAU for review or you have submitted information and have received a response from SAU addressing your additional information, please take notice that the attached report is the final report on Standards for Accreditation Status for your school(s) or school district for the 2005-2006 school year which is required by law to be issued by May 15, 2006.

Pursuant to Ark. Code Ann. § 6-15-203, the district has until May 30, 2006, to file an appeal of the status concerning the Standards for Accreditation to the State Board of Education (Board). Appeal information should be sent to the Office of the Commissioner at #4 Capitol Mall, Little Rock, AR 72201.

Should you feel that any of the violations and/or citations listed in this Report is in error, submit corrected information to SAU no later than May 30. If you appeal to the Board and submit information to SAU for review, SAU will ask the Board not to confirm the classification of the district as listed in the Annual Accreditation Status Report if SAU determines that the correction information clears the district of any violations and/or citations.

Thank you for your assistance in this process.

STANDARDS ASSURANCE

Mr. Frank Wimer, Standards Assurance Unit Leader Arkansas Department of Education #4 Capitol Mall, Room 202-B Little Rock AR 72201-1071

Dear Mr. Wimer:

On behalf of the Two Rivers School District, I would like to appeal the declaration of Accredited-Probationary status based on a late submission of the October 1 report.

On October 17, 2005, the SIS Coordinator was performing maintenance on the database up until midnight when APSCN shuts down for back-ups. At this point, we were unable to access the database. At 6:18 a.m. on October 18, 2005 the SIS Coordinator was able to access the database and submitted at 6:20 a.m.

Please contact me if there is anything further that you need.

Sincerely,

Earl Jamison

Re: Hearing on Appeal of Standards of Accreditation Probationary Status

Dear Mr. Jamison:

The purpose of this letter is to provide you with notice, in accordance with Ark. Code Ann. § 6-15-203, that the State Board of Education (SBE) will hold a hearing on your appeal of the Department's identification of the Two Rivers School District as Accredited-Probationary.

The hearing will be held at the regular SBE board meeting on Monday, August 14, 2006, in the Auditorium of the Arkansas Department of Education, Arch Ford Education Building, #4 State Capitol Mall, Little Rock, at 9:00 a.m.

You or your representative should be present at the meeting. Please feel free to contact me if you have any questions.

Sincerely,

The Arkansas Department of Education (ADE) Standards Assurance Unit (SAU) reviews data submitted as part of the Cycle 2 reporting requirements to determine the initial accreditation of each district office and each school. Enclosed is the initial accreditation report for the 2005-2006 school year based on data submitted by the district as part of the Cycle 2 reporting including current information in the Arkansas Professional Licensure System. In addition to including a listing of violations/citations for the 2005-2006 school year, the report reflects the accreditation history for the previous two school years. An explanation of violation/citation numbers is also included.

Please review all initial violations listed for 2005-2006 and confirm that all citations are correct or submit written correction(s) to the assigned Standards Assurance Specialist by close of business on April 21, 2006. If corrections are sent by e-mail, Standards Assurance Unit (SAU) specialists will respond to confirm receipt of e-mail; if there is no response to information submitted by the district, contact the assigned SAU specialist. The assigned specialist is listed as "supervisor" on the upper right corner of the report's first page. If no supervisor is listed, e-mail mwilliams@arkedu.k12.ar.us. Written corrections may be sent by mail, e-mail, or fax and should include the LEA number and building name and the following, as applicable:

- 1) Name and Arkansas Teacher's License number of staff member;
- 2) Job code or course code change;
- 3) Grade level change;
- 4) Class size change (APSCN\_01 Class Count All Year);
- 5) Total students change (Master schedule matrix marking period 3 or second semester):
- 6) FTE change; or
- 7) Student enrollment change to address FTE violation.

For all individuals teaching for more than thirty (30) consecutive days in a grade level or subject area not included on the teaching license, the following documents are required to be on file at the Arkansas Department of Education: Additional Licensure Plan (ALP) and ADE approved waiver letter. Refer to "Rules Governing Standards for Accreditation of Arkansas Public Schools" (Rules 24.01 and 24.18).

Classes listed under "2400 Secondary Courses" are required classes for which no course code was submitted. To

provide confirmation of teaching required courses listed in the "2400 Secondary Courses" violation, please submit applicable pages of the current (grades 7-12) Arkansas Public School Computer Network (APSCN) new master schedule (APSCN\_01 State Report MS Check). If staff changes have occurred since the Cycle 2 report was submitted, send a copy of contracts for additional staff to correct class size violations and send a copy of contracts for changes in staff to correct licensure violations.

Please note that the specific course code must be used to prevent a citation; grade level entries must be appropriate for the course code. For example, if the course code is 355810 Physical Education Grade 5 with students in grades 5-6 included, there will be a citation.

Acceptable changes requested in writing by the district will be entered by the assigned SAU specialist. The final accreditation status for each school will be based on remaining violations/citations; refer to ADE "Rules Governing Standards for Accreditation of Arkansas Public Schools" (January 2005). As mandated by the Omnibus Quality Education Act (Act 1467 of 2003/Ark. Code Ann. § 6-15-203), final accreditation status will be determined by May 15, 2006.

Right Of Appeal (After May 15, 2006)

In the event a district believes the Department of Education has improperly determined that any school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the office of the Commissioner of the Department of Education.

Any such appeal shall be held in an open hearing and the decision of the Board shall be in open session. The appeal must be filed not later than May 30 following the May 15 written notification; the State Board of Education hearing must be held prior to August 15 of the same calendar year.

The State Board of Education may confirm the accreditation status of a school as determined by the Department of Education or it may sustain the appeal of the district.

Pursuant to Ark. Code Ann. § 6-15-203(b)(5), an appeal from the ruling of the Board may be made by a school district to the Pulaski County Circuit Court provided such appeal is made pursuant to the Arkansas Administrative Procedures Act, Ark. Code Ann. § 25-15-201 et. seq.

Memo Number: LS-06-114 Date Created: 05/02/2006 Type of Memo: Informational Attention: Response Required: No Superintendents Co-op Directors Section: Learning Services - Dr. Diana Julian, Assistant Commissioner Subject: **Contact Person: Annual Accreditation Report** Frank Wimer **Regulatory Authority: Phone Number:** Ark. Code Ann. § 6-15-203 501-682-4380 E-mail:

The Arkansas Department of Education (ADE) reviews Annual Accreditation Reports to determine the accreditation status of each school in each district in Arkansas. The Annual Accreditation Status Reports will be mailed during the first part of May. This status report will be the school district's final and official accreditation status report for the 2005-2006 school year. It will reflect a three-year history of accreditation. Please note the review date indicated for Probationary violation(s); evidence to correct Probationary violation(s) must be received by the Standards Assurance Unit on or before the review date. Read items indicated in "Comments." Accreditation status resulting from the 2005-2006 On-campus Standards Review will be explained in "Comments."

fwimer@arkedu.k12.ar.us

Included with the status report is a Corrected Exceptions Accreditation Status Report. This report lists changes to the Initial Accreditation Report. To assist with processing, all 2008 generated licensure deadlines appear on this report rather than on the Annual Accreditation Report. Please refer to Rules Governing Standards for Accreditation, Rule 24.01, for further information concerning licensure deficiencies involving an individual's Additional Licensure Plan. The Corrected Exceptions Accreditation Status Report will assist school districts in preparing to submit future reports. Please thoroughly review this information. Other notes indicating necessary exception corrections may include incorrect course codes, incorrect grade levels, invalid data or may indicate the district has corrected an exception that may have existed when the report was initially submitted. Please continue to work with the respective school district's Standards Assurance Specialist for additional information about the district's report.

#### Right Of Appeal

In the event that a school district believes the ADE has improperly determined that a school or school district has failed to meet Standards for Accreditation, the school district shall have a right to file its written appeal with the ADE, Office of the Commissioner, #4 State Capitol Mall, Room 304-A, Little Rock, AR 72201-1071.

Any such appeal shall be held in an open hearing and the decision of the State Board of Education (Board) shall be in open session. The appeal must be filed not later than May 30, 2006, following the May 15, 2006, written notification; the Board hearing must be held prior to August 15, 2006.

The Board may confirm the accreditation status of a school as determined by the ADE or it may sustain the appeal of the district.

None

district to the	o the Ark. Code Ann. § 6-15-203, an appeal from the ruling of the Board may be m he Pulaski County Circuit Court provided such appeal is made pursuant to the Ark s Act, Ark. Code Ann. § 25-15-200 et seg.

# MEMO

DATE:

May 13, 2006

TO:

District Superintendent

FROM:

Frank Wimer, Standards Assurance Unit Leader

SUBJECT: Notification of Failure to Meet Standards for Accreditation

On or about April 3, 2006, an Initial Accreditation Status Report (Report) was sent by this office as well as a copy of Commissioner's Memo Number LS-06-097 (Memo). The Report included a list of initial probationary violations and/or citations for the 2005-2006 school year concerning one (1) or more of the schools in the district. The Memo indicated that the district was to review the initial violations and citations listed, confirm that all violations and citations were correct, or submit written corrections to the assigned Standards Assurance Specialist no later than April 21, 2006. If the district has been visited by Standards Assurance Unit (SAU) staff during this school year, you have also received notice after that visit of any violations and citations discovered during the Oncampus Standards Review.

This letter is notification that, as of this date, the district has not been cleared of all initial violations and/or citations by SAU. If you have already sent my office information concerning the violations, we will continue to review it and notify you of the district's final accreditation status later this month. However, if you have not already submitted information to SAU for review or you have submitted information and have received a response from SAU addressing your additional information, please take notice that the attached report is the final report on Standards for Accreditation Status for your school(s) or school district for the 2005-2006 school year which is required by law to be issued by May 15, 2006.

Pursuant to Ark. Code Ann. § 6-15-203, the district has until May 30, 2006, to file an appeal of the status concerning the Standards for Accreditation to the State Board of Education (Board). Appeal information should be sent to the Office of the Commissioner at #4 Capitol Mall, Little Rock, AR 72201.

Should you feel that any of the violations and/or citations listed in this Report is in error, submit corrected information to SAU no later than May 30. If you appeal to the Board and submit information to SAU for review, SAU will ask the Board not to confirm the classification of the district as listed in the Annual Accreditation Status Report if SAU determines that the correction information clears the district of any violations and/or citations.

Thank you for your assistance in this process.

# Arkansas Department of Education Rules Governing the

# Arkansas Comprehensive Testing, Assessment and Accountability Program And the Academic Distress Program January July 2006

### 1.0 Regulatory Authority

- 1.01 These Rules shall be known as the Arkansas Department of Education Rules Governing the Arkansas Comprehensive Testing, Assessment and Accountability Program (ACTAAP).
- 1.02 The State Board of Education promulgated these Rules pursuant to implementation of A.C.A. §§ 6-11-105, 6-15-431, 6-15-437, 25-15-201 and Act 2243 of the 85<sup>th</sup> Arkansas General Assembly.

### 2.0 Purposes of Rules

- 2.01 To develop a single comprehensive testing, assessment and accountability program, which applies to and governs all public schools and public school districts in Arkansas.
- 2.02 To develop a single comprehensive testing, assessment and accountability program which utilizes the most current and effective testing, evaluation and assessment research information designed to achieve the following:
  - 2.02.1 Clear academic standards that are periodically reviewed and revised:
  - 2.02.2 Professional development standards for all administrators, teachers and instructional support personnel;
  - 2.02.3 Expected achievement levels;
  - 2.02.4 Reporting on student achievement and other indicators;
  - 2.02.5 School and school district evaluation data;
  - 2.02.6 A system of sanctions and rewards based on performance of schools and school districts; and
  - 2.02.7 Compliance with current federal and state law and State Board of Education policies.
- 2.03 To ensure that all students in the public schools of Arkansas have an equal opportunity to demonstrate grade-level academic proficiency through the application of knowledge and skills in the core academic subjects consistent with state curriculum frameworks, performance standards and assessments.

- 2.04 To improve student learning and classroom instruction and to support high academic standards for all students, including identifiable subgroups, by establishing the provisions, procedures and requirements for the student assessment program.
- 2.05 To require point-in-time intervention when it is determined that a student(s) is not performing at grade level.
- 2.06 To outline testing and assessment security and confidentiality requirements.
- 2.07 To establish a program to identify, evaluate, assist and advise public school districts in academic distress.
- 3.0 Definitions For the purpose of these Rules, the following terms mean:
  - 3.01 "Academic Content Standards" a series of documents that specify what a student enrolled in an Arkansas Public School should know and be able to do. These Academic Content Standards also provide the foundation for development of the State assessment system.
  - 3.02 "Academic Distress" a classification assigned to any public school district in which 75% or more of its students perform at the "below basic" performance level on the criterion-referenced assessments administered in that district.
  - 3.03 "Academic Improvement Plan" a plan detailing supplemental or intervention and remedial instruction, or both, in deficient academic areas for any student who is not proficient on the state-mandated criterion-referenced assessments and state mandated developmental appropriate assessments for K-2 (or delayed as that term is defined in "Uniform Readiness Screening").
  - 3.04 "Adequate Yearly Progress" the level of academic performance required of public schools or school districts on the state-mandated criterion-referenced assessments and/or other indicators as required in the ACTAAP, which shall comply with State and Federal law.
  - 3.05 "Alternative Education Intervention Program" A special instructional program for students who have been retained for two consecutive years. The program shall include research-based learning opportunities and instructional strategies.
  - 3.06 "Approved Early Reading Assessments" Those assessments that identify students' strengths and weaknesses in all of the elements of reading as described in the Report of the National Reading Panel.
  - 3.07 "Approved Intensive Reading Program" Programs of high-quality instruction that include the essential elements of reading described in the Report of the National Reading Panel.

- 3.08 "Arkansas Comprehensive Assessment Program" means the testing component of Arkansas Comprehensive, Testing, Assessment and Accountability Program, which shall consist of developmentally appropriate assessments for kindergarten, Grades one and two, national norm-referenced tests in Grades 3 through 9, any other assessments as required by the State Board of Education, criterion-references tests for Grades 3 through 8, or other assessments which are based on researched best practices as determined by qualified experts which would be in compliance with federal and state law, End-of-Course tests for designated grades and content areas, and the high school literacy test.
- 3.09 "Arkansas Comprehensive Testing, Assessment and Accountability Program" means a comprehensive system that focus on high academic standards, professional development, student assessments, and accountability for all schools.
- 3.10 "Arkansas Comprehensive School Improvement Plan (ACSIP)" a plan developed by a local school team based on an analysis of student performance data and other relevant data that provides a plan of action to address deficiencies in student performance as evidenced in the Arkansas Comprehensive Assessment Program as defined in Section 3.08. This plan shall be reviewed annually and monitored at least every two years. Components of the plan include professional development, technology, and materials and resources necessary to carry out the activities of the plan. Additionally, this plan shall become the application for all instructional federal programs as administered by the Department of Education.
- 3.11 "Awards" financial or other recognition of a public school structured to recognize schools that demonstrate and maintain high performance over time and to recognize schools that demonstrate growth on the statemandated indicators. Awards also can be used to highlight individual schools so that their practices can be adopted in other schools and districts across the state.
- 3.12 "Benchmarks/Grade-Level Benchmarks" Academic Content Standards and/or grade-level statements of what a student should know and be able to do. The Grade-Level Benchmarks provide guidance to classroom teachers in planning instruction aligned with the Academic Content Standards.
- 3.13 "Board" The Arkansas State Board of Education.
- 3.14 "Criterion-Referenced Test (CRT)" an assessment required by state statute, rule or regulation which is designed by the State to measure student performance/achievement on the State's Academic Content Standards.
- 3.15 "Department" The Arkansas Department of Education.

- 3.16 "District Improvement Plan" a compilation of the individual school improvement plans which align the district's resources to meet the needs of the individual school's plans. The main focus of the district improvement plan shall be to ensure that all students have an opportunity to demonstrate proficiency on all portions of state-mandated criterion-referenced assessments.
- 3.17 "Early Intervention" a short-term, intensive, focused individualized instruction developed from ongoing, daily, systemic assessment that occurs while a child is in the initial, kindergarten through grade one (K -1), stages of learning.
- 3.18 "Elementary School" public school(s) having some combination of grades kindergarten through four (K 4).
- 3.19 "End-of-Course Test" an assessment taken at the completion of a course of study to determine whether a student demonstrates attainment of the knowledge and skills necessary for proficiency in that course.
- 3.20 "Essential Elements Early Reading"

  Comprehension Understanding and remembering what is read
  Decoding and Word Recognition (Phonics) Recognizing words
  accurately, fluently, and independently
  Fluency Ability to read text accurately, quickly and with expression
  Phonemic Awareness Ability to hear and manipulate the sound
  structure of language
  Vocabulary Words that must be known to communicate effectively
- 3.21 "Grade Level" performance of a student (or group of students) at the proficient level on benchmark assessments at the specified grade that is age-appropriate for that student(s).
- 3.22 "High School" public school(s) having some combination of grades 9 12.
- 3.23 "Intensive Reading Improvement Plan (IRI)" An intervention program for any K-2 student identified with substantial reading difficulties.
- 3.24 "Longitudinal Tracking" means tracking individual student yearly academic achievement gains based on scheduled and annual assessments.
- 3.25 "Middle School" public school(s) having some combination of grades five through eight (5 8).
- 3.26 "Norm-Referenced Test (NRT)" an assessment required by state law, rule or regulation to measure the performance/achievement of Arkansas students relative to the achievement of students who comprised the norm or standardization group for a particular commercial instrument.

- 3.27 "Participation in Remediation" The amount of student involvement required in a student academic improvement plan that addresses those deficiencies for that student.
- 3.28 "Pass Rate" The pass rate for the Benchmark Exams and the developmental appropriate assessments for K 2 shall be proficiency. However, the pass rate for end-of-course and high school literacy shall be those scores established and independently approved by the State Board of Education. (See 6.03 for the proficiency definition)
- 3.29 "Public School District/Public School" those school districts and schools (including open-enrollment charter schools) created pursuant to Title 6 of the Arkansas Code and subject to the Arkansas Comprehensive Testing, Assessment and Accountability Program except specifically excluding those schools or educational programs created by or receiving authority to exist pursuant to §6-15-501; §9-28-205, and §12-29-301 through §12-29-310, or other provisions of Arkansas law.
- 3.30 "Remediation" a process of providing corrective, specialized supplemental instruction to help a student overcome academic deficiencies pursuant to their student academic improvement plan.
- 3.31 "Safe Harbor" An alternate method of demonstrating Adequate Yearly Progress under the No Child Left Behind Act determined by decreasing the percent of students not performing at the proficient level on the Criterion Referenced Assessments by at least ten percent. Safe Harbor can only be applied if the school meets the secondary indicator condition and tests 95% or more of eligible students.
- 3.32 "Sanction" intervention by the state to assist teaching and learning at a public school or a public school district that fails to meet expected performance goals on the state-mandated criterion-referenced assessments and/or other indicators.
- 3.33 "School Improvement" the initial classification applied to a school that fails to meet adequate yearly progress for two successive years.
- 3.34 "Starting Point" a specific figure for grade-level clusters K- 5, 6-8, and 9-12 in the content areas of literacy and mathematics which was derived by determining the school at the 20th percentile in the state based on total enrollment, among all schools ranked by the percentage of students at the proficient level, using data for the 2001-2002 school year or subsequent year for which there is a recalculation.
- 3.35 "Secure Examination or Assessment" an assessment instrument, materials or other student achievement evaluation method required by State statute, rule or regulation that is administered to assess student performance or achievement and takes place on the dates specified on the testing/assessment calendar developed by the Commissioner of the Department.

- 3.36 "Substantial Reading Deficiency" a determination for first and second grade students who score in the Below Basic Category on the State Reading Assessment in the previous school year and for kindergarten students who are rated as Delayed in both oral communication and written language on the Uniform Reading Scale (URS).
- 3.37 "Uniform Readiness Screening" uniform, objective evaluation procedures specifically formulated for children entering public school for the first time that are intended for either kindergarten or first grade, as appropriate, and developed or adopted by the Board.
- 3.38 "Value-Added Computations of Student Gains" statistical analyses of the educational impact of the school's instructional delivery system on individual student learning using a comparison of previous and post student achievement gains.

### 4.0 Academic Content Standards

- 4.01 The Board shall establish clear, specific, challenging academic content standards, which define what students shall know and be able to do in each content area.
- 4.02 The Board shall establish a schedule for periodic review and revision of academic content standards to ensure Arkansas academic content standards are rigorous and equip students to compete in the global workforce. For each review, the Department will provide the following:
  - 4.02.1 Study and consideration of academic content standards from across the nation and international levels as appropriate;
  - 4.02.2 Study and consideration of evaluations from national groups or organizations as appropriate;
  - 4.02.3 Committees composed of Arkansas teachers and instructional supervisory personnel from public schools, assisted by teachers from institutions of higher education;
  - 4.02.4 Review and input by the Departments of Higher Education and Workforce Education as well as community members; and
  - 4.02.5 Public dissemination of revised academic content standards on the Department Website.
- 4.03 The Board shall provide for external review of revised standards by nationally recognized content experts in the discipline/area under consideration.
- 4.04 The Board shall establish a clear, concise system of reporting the academic performance of each school on the state's mandated criterion-referenced assessments and the norm-referenced assessments, which conform to current state and federal law.

4.05 Each local school/school district shall engage in a procedure that will assure that the academic standards for every level - grades kindergarten through twelve (K-12) are aligned and education and financial resources are aligned with student performance expectations at each level.

### 5.0 Arkansas Comprehensive Assessment Program

The Board shall establish a statewide assessment system for Grades K through 12 to be implemented in each public school in the State by the Department. All districts shall comply with the requirements of the assessment system. Failure to do so shall result in a recommendation to the Board for Probationary status or loss of accreditation as set out in the Standards for Accreditation, or for other intervention or sanction as allowed or required by these rules, state or federal law

Local district school boards shall not establish school calendars that jeopardize or limit the valid testing and comparison of student learning gains.

### 5.01 Kindergarten, Grade one and Grade two

- 5.01.1 The Board shall adopt and the Department shall implement a developmentally appropriate, uniform school readiness screening to validate a child's school readiness as part of a comprehensive evaluation decision. Beginning with the 2004-2005 school year and thereafter, the Department shall require that all school districts administer the uniform school readiness-screening instrument to each kindergarten student in the district prior to or upon the entry into kindergarten. Children who enter public school for the first time in first grade must be administered the uniform school readiness screening instrument as modified for use in first grade to determine placement.
- 5.01.2 Kindergarten, Grades 1 and 2: The Department shall select a developmentally appropriate assessment to be administered to all students in kindergarten, Grades one (1) and two (2) in reading and mathematics.
- 5.02 Criterion-Referenced tests Grades three through eight and high school
  - 5.02.1 The Department shall develop and implement criterion-referenced assessments as follows: (1) Grades three (3) through eight (8) which measure application of knowledge and skills in reading and writing literacy and mathematics and science in Grades 5 and 7; (2) End-of-Course testing in Algebra I, geometry and Biology I (Biology begins in 2007-2008); (3) High school literacy that measures application of knowledge and skills in reading and writing literacy; and (4) social studies as funds are available and approved by the State Board of Education.

- 5.02.2 All criterion-referenced assessments shall be based on the Arkansas Curriculum Frameworks and Academic Content Standards.
- 5.02.3 All students in Grades 3 8 as well as all students enrolled in courses for which End-of-Course assessments are administered, shall take the criterion-referenced assessments on the testing dates established by the Department. This requirement includes the high school literacy assessment. This authority shall include field testing and any other requirements needed to establish fully-developed assessment instruments and methodologies.
- 5.02.4 Each school district shall administer criterion-referenced assessments to its students according to procedures established by the Commissioner of Education and specified in the applicable assessment administration materials.
- 5.02.5 Accounting for Students with Disabilities and Limited English Proficient Students
  - 5.02.5.1 Each student in the specified grades shall participate as outlined in the test coordinator's handbook. A student shall participate in the Arkansas Alternate Assessment Program only upon the formal determination of:
    - 5.02.5.1.1 The student's individual education program (IEP) committee, as documented in the student's individual educational program; or
    - 5.02.5.1.2 The student's language proficiency assessment committee, as documented in the student's permanent record file based on multiple assessment measures.
  - The Individual Education Program (IEP) committee shall determine whether or not participation in the standard state assessment program is appropriate for students with IEPs. Students with disabilities for whom it is deemed inappropriate to take the standard state assessments (Benchmarks and End-of-Course) with the established accommodations shall participate in the Arkansas Alternate Assessment Program following the guidelines established by the Board.
  - 5.02.5.3 A Language Proficiency Assessment committee shall recommend the Arkansas Limited English Proficiency (LEP) Alternate Assessment Program based on limited English proficiency only, following

the guidelines established by the Board. The committee shall assess English proficiency growth annually to determine appropriate participation in the standard state assessment program or the Arkansas Alternate Assessment Program. The intent of this section is to ensure that students participate in all of the standard state assessment programs as soon as appropriately possible. LEP students may participate in the alternate assessment program for a period, which shall not exceed three (3) years before entering the standard state assessment unless on an individual case-bycase basis the school determines from multiple assessment measures that the student continues to lack English proficiency. In that case the student may continue to participate in the alternate portfolio assessment for at most two additional years.

- 5.02.5.43 Scores for students with disabilities or English language learners participating in the Alternate Assessment Program shall be reported with other assessment results from the school.
- 5.02.5.4 LEP students shall participate in all required criterion referenced assessments. LEP students may access state approved accommodations provided such accommodations have been recommended by the language proficiency assessment committee and are used regularly in classroom instruction and assessment.
- 5.02.5.5 LEP students with less than one year in a U.S. school will not be required to take the State required literacy benchmark test or the High school literacy test. Districts may exercise this option. LEP students must take the appropriate mathematics test.

### 5.03 Norm-Referenced Assessments

- 5.03.1 The Board shall adopt a norm-referenced test to be administered in Grade 3 through Grade 9 in mathematics and reading, which shall be administered by the Department annually.
- 5.03.2 Each school district shall administer the norm-referenced assessments to its students according to procedures established by the Department and specified in the applicable test administration materials.
- 5.03.3 The Department shall establish mandatory training sessions for local district testing coordinators and other appropriate school personnel to ensure understanding of the norm-referenced

assessments, proper administration of assessments, security, and effective use of the assessment reporting data to improve classroom instruction and learning.

### 5.04 National Assessment of Educational Progress

- 5.04.1 Selected schools shall participate in any or all components of the National Assessment of Educational Progress (NAEP).
- 5.04.2 Any school that fails to participate in the administration of any NAEP assessment shall be reported to the Board and may be subject to probationary status as set out in the Standards for Accreditation

### 5.05 Test Administration

- 5.05.1 The Department shall establish mandatory training sessions for local district testing coordinators and other appropriate school personnel to ensure understanding of the administration of assessments and effective use of assessment reporting data to improve classroom instruction and learning to provide program evaluation;
- 5.05.2 The superintendent or his/her designee in each school district shall be responsible for coordinating all local assessment activities including:
- 5.05.3 Scheduling testing times of all affected campuses according to the testing calendar developed by the Department;
- 5.05.4 Ensuring that security is maintained as specified in the appropriate testing administration materials;
- 5.05.5 Ensuring that all district personnel involved in the testing have been properly trained as specified by the Department;
- 5.05.6 Ensuring that all testing instruments are administered to all students according to the procedures established by the Commissioner of Education;
- 5.05.7 Ensuring that all assessment documents and student identification information are properly and accurately coded; and
- 5.05.8 Attesting whether ALL students have participated in the appropriate grade-level assessment(s).
- 5.05.9 Recommending for adoption by local school boards a school calendar that in no way jeopardizes or limits the valid testing and comparison of students' learning gains.

- 5.05.10 The appropriate test administration materials shall specify any allowable accommodations available to students participating in the administration of standard state assessments.
- 5.05.11 All students enrolled in a State-tested grade shall be accounted for in the State Assessment System.
- 5.06 A Technical Advisory Committee composed of nationally-recognized testing experts and psychometricians shall be selected by the Commissioner of Education and shall advise the Department in all technical aspects of the assessment system.
- 5.07 Security and Confidentiality
  - 5.07.1 Violation of the security or confidential integrity of any assessment is prohibited.
  - 5.07.2 The Board shall sanction a person who engages in conduct prohibited by this section, as provided under Arkansas Code §6-17-405 and following the Process for Certificate Invalidation as approved by the Board. Additionally, the Board may sanction a school district and/or school in which conduct prohibited in this section occurs.
  - 5.07.3 Procedures for maintaining the security and confidential integrity of all assessment instruments and procedures shall be specified in the appropriate test administration instructions. Conduct that violates the security or confidential integrity of an assessment is defined as any departure from either the requirements established by the Commissioner of the Department for the administration of the assessment or from the procedures specified in the applicable test administration materials. Conduct of this nature may include, but is not limited to the following acts and omissions:
    - 5.07.3.1 Viewing secure assessment materials;
    - 5.07.3.2 Duplicating secure assessment materials;
    - 5.07.3.3 Disclosing the contents of any portion of secure assessment materials;
    - 5.07.3.4 Providing, suggesting, or indicating to an examinee a response or answer to any secure assessment items;
    - 5.07.3.5 Aiding or assisting an examinee with a response or answer to any secure assessment item;
    - 5.07.3.6 Changing or altering any response or answer of an examinee to a secure assessment item;

- 5.07.3.7 Failing to follow the specified testing procedures or to proctor students;
- 5.07.3.8 Failing to administer the assessment on the designated testing dates;
- 5.07.3.9 Encouraging or assisting an individual to engage in the conduct described in this subsection;
- 5.07.3.10 Failing to report to appropriate authority that an individual has engaged in conduct set forth is this section;
- 5.07.3.11 Failing to follow the specified procedures and required criteria for alternate assessments; or,
- 5.07.3.12 Failing to return the secured test booklets back to the testing company in a timely manner.
- 5.07.4 The superintendent of each school district shall develop procedures to ensure the security and confidential integrity of all assessment instruments and test items. The superintendent shall be responsible for immediately notifying the Department in writing of conduct that violates the security or confidential integrity of an examination or assessment.

### 6.0 Student Performance Levels

6.01 The Board shall establish four (4) performance levels for each criterion-referenced assessment administered as part of ACTAAP. The Board shall establish four (4) performance levels for the Alternate Assessment for Limited English Proficiency administered as part of ACTAAP. Those performance levels shall be advanced, proficient, basic and below basic. The Board shall establish five (5) performance levels for the Alternate Assessment for Students with Disabilities as part of ACTAAP. Those performance levels shall be not evident, emergent, supported independence, functional independence, and independent. Performance levels shall be established for mathematics, reading/language arts and science independently. Additionally, the Board shall establish a pass rate for each end-of-course and high school literacy assessment.

6.02 The Board shall establish four (4) performance levels for Grades K-2 (3) for the norm-referenced assessment administered as part of the Arkansas Comprehensive Assessment Program for reading and mathematics. The following numerical scores define those performance levels.

Mathematics Norm Referenced Assessment standard score cut scores*

6.03 The following numerical scores define the performance levels on the criterion-referenced assessments and on the Limited English Proficiency Alternate Assessment for advanced, proficient, basic and below-basic and on the Students with Disabilities Alternate Assessment for not evident, emergent, supported independence, functional independence and independent. Functional independence and independent are considered to be grade level.

### 7.0 Student Accountability

7.01 By the year 2013-2014 all students are expected to perform at the proficient level or above.

7.02 Beginning with the 2005-2006 school year, a) students identified as failing to achieve at the proficient level on the State 2004-2005 or any subsequent mandated CRT (as referenced in Section 6.03 tables: Mathematics Criterion Referenced Assessments, Benchmarks, raw score points and Literacy Criterion Referenced Assessments. Benchmarks, raw score points, etc.); b) students in Grade K scoring delayed on either written language or oral communications and scoring delayed in mathematics on the state mandated uniform readiness screening (as referenced in Sections 3.36 and 3.37 Uniform Readiness Screening); and c) students in Grades 1 and 2 and 3 not scoring proficient on the state mandated NRT(as referenced in Section 6.02 tables. Mathematics Norm Referenced Assessment standard score cut scores and Reading Norm-Referenced Assessment standard score cut scores), shall be evaluated by school personnel, who shall jointly develop, a remediation plan with the student's parents. The remediation plan (AIP or if appropriate IRI) will assist the student in achieving the expected standard and will describe the parent's role and responsibilities as well as the consequences for the student's failure to participate in the plan.

- 7.02.1 The AIP shall be prepared using the format designed by the Department of Education. However, the local school may adjust the format as deemed necessary.
- 7.02.2 The AIP shall be developed cooperatively by appropriate teachers and/or other school personnel knowledgeable about the student's performance or responsible for the remediation in consultation with the student's parents. An analysis of student strengths and deficiencies based on test data and previous student records shall be available for use in developing the Plan. The plan shall be signed by the appropriate school administrator and the parent/guardian.
- 7.02.3 The AIP should be flexible, should contain multiple remediation methods and strategies, and should include an intensive instructional program different from the previous year's regular classroom instructional program. Examples of strategies and methods include, but are not limited to, computer assisted instruction, tutorial, extended year, learning labs within the school day, Saturday school, double blocking instruction in deficient areas during the school day, extended day etc.
- 7.02.4 The AIP shall include formative assessment strategies and shall be revised periodically based on results from the formative assessments.

- 7.02.5 The AIP shall include standards-based supplemental/remedial strategies aligned with the child's deficiencies.
- 7.02.6 A highly qualified teacher and/or a highly qualified paraprofessional under the guidance of a highly qualified teacher shall provide instructional delivery under the AIP.
- 7.02.7 The AIP should contain an implementation timeline that assures the maximum time for remedial instruction.
- 7.02.8 AIPs should be individualized; however, similar deficiencies based on test data, may be remediated through group instruction.
- 7.02.9 In any instance where a student with disabilities identified under the Individuals with Disabilities Education Act has an Individualized Education Program (IEP) that already addresses any academic area or areas in which the student is not proficient on state-mandated criterion-referenced assessments, the individualized education program shall serve to meet the requirement of an AIP.
- 7.03 Retention for failure to participate in the Academic Improvement Plan
  - 7.03.1 School districts shall notify parents, guardians or caregivers of remediation requirements and retention consequences for failure to participate in the required remediation at the beginning of the 2004-2005 school year. Beginning with the 2005-2006 school year, this information shall be included in the student handbook.
  - 7.03.2 Beginning with the 2005-2006 school year, students in Grades three through eight, identified for an AIP who do not participate in the remediation program shall be retained. The local district shall determine the extent of the required participation in remediation as set forth in the student academic improvement plan.
  - 7.03.3 Remedial instruction provided during high school years (Grades 7 12) may not be in lieu of English, mathematics, science or social studies, or other core subjects required for graduation.
  - 7.03.4 Any student who does not score at the Proficient level on the criterion—referenced assessments in reading, writing and mathematics shall continue to be provided with remedial or supplemental instruction until the expectations are met or the student is not subject to compulsory school attendance.
  - 7.03.5 Any student that has an AIP and fails to remediate, but scores at the Proficient level on the criterion-referenced assessments, shall not be retained.
  - 7.03.6 Beginning in the 2005-2006 school year, students not proficient on the End-of-Course tests or on the high school Literacy test, shall

- participate in a remediation program to receive credit for the corresponding course.
- 7.03.7 Beginning with the 2009-2010 school year, students who fail to meet the pass rate on the end-of-course assessments shall not receive credit for the course until at least one of the following conditions are met. Any student failing to meet one of these conditions shall not be entitled to graduate with a high school diploma from an Arkansas high school or charter school.
  - 7.03.7.1 The student is identified as meeting a satisfactory pass level on a subsequent end-of-course assessment.
    - 7.03.7.1.1 No student that is identified as having failed to meet the satisfactory pass levels on an initial end-of-course assessment shall be entitled to take more than three (3) additional subsequent end-of-course assessments. ADE will determine annually the schedule for administration of additional assessments.
    - 7.03.7.1.2 Prior to a student taking additional end-ofcourse assessments, the student shall be given a sufficient opportunity and time for remediation.
  - 7.03.7.2 The student is identified as having, by the end of grade twelve (12), finished an appropriate Alternate exit course and is identified as having met a satisfactory pass level on an Alternate assessment directly related to the Alternate exit course.
    - 7.03.7.2.1 Any student that fails to pass the end-of-course assessment after three additional attempts shall be required to take and pass an Alternate exit course and meet a satisfactory Alternate level score on a subsequent Alternate assessment.
    - 7.03.7.2.2 Alternate exit courses may be offered through a distance learning class and may be offered outside the normal school day.
    - 7.03.7.3 The student is identified as a student with disabilities who, because of the nature of the disabilities, cannot meet the requirements. In such case that student may graduate from high school by demonstrating alternate competencies or Alternate levels of competency as contained in the student's individualized education program.
- 7.04 The results of End-of-Course assessments shall become a part of each student's transcript or permanent record. Each course for which a student completes the assessment shall be recorded with the performance level (advanced, proficient, basic or below-basic).

- 7.05 The Department shall implement a statistical system that shall provide the best analysis of classroom, school, and school district effects on student progress based on established, value-added longitudinal calculations, which shall measure the difference in a student's previous year's achievement compared to the current year achievement for the purposes of improving student achievement, accountability, and recognition.
- 7.06 The approach used by the Department shall be in alignment with federal statutes and developed in 2004-2005 to collect data to allow research and evaluation of student achievement growth models.
- 7.07 The approach shall include value-added longitudinal calculations with sufficient transparency in the model's conception and operation to allow others in the field to replicate the results.
- 7.08 Reading Deficiency for Students in Kindergarten through Grade Two
  7.08.1 Beginning with the 2005-2006 school year, any student who
  exhibits a substantial reading deficiency shall be provided
  intensive reading instruction utilizing a scientifically-based reading
  program. The intensive instruction shall systematically, explicitly,
  and coherently provide instruction in the five essential elements of
  reading as defined in Section 3.20.
  - 7.08.2 During the 2005-2006 school year, the State Board of Education shall establish performance levels for kindergarten, Grade 1 and Grade 2 that define substantial difficulties in reading based on the State mandated, developmentally appropriate assessment. The State mandated Uniform Screening Readiness (USR) instrument shall be used to determine substantial reading difficulty for kindergarten students.
  - 7.08.3 Beginning with the 2005-2006 school year, all kindergarten students exhibiting substantial difficulties in reading will be evaluated by school personnel for the purpose of diagnosing specific reading difficulties. This evaluation will occur within 30 days of receiving the USR results.
  - 7.08.4 Beginning with the 2005-2006 school year, within 30 days of the beginning of school, Grade 1 and Grade 2 students exhibiting substantial difficulties in reading will be evaluated by school personnel for the purpose of diagnosing specific reading difficulties. However, in those school years in which the State Board of Education shall revise the performance levels schools shall be allowed 30 days from the date of the final approval to conduct the evaluation.
  - 7.08.5 The evaluation shall include the Dynamic Indicators of Basic Early Literacy Skills (DIBELS).
  - 7.08.6 Beginning with the 2005-2006 school year, school personnel shall develop an intensive reading Improvement plan (IRI) that describes the intervention program for any student identified with substantial reading difficulty. The IRI shall be developed cooperatively by appropriate teachers and/or other school personnel knowledgeable about the student's performance or responsible for remediation.

- 7.08.7 The IRI shall contain an implementation timeline that assures the maximum time for remedial instruction. The intervention shall occur during the regular school day whenever possible, but may include extended day when appropriate. The intervention shall supplement, and not supplant, core classroom instruction.
- 7.08.8 The IRI shall include valid and reliable progress monitoring assessments to measure student growth toward the grade level benchmarks in each essential element of reading.
- 7.08.9 The intensive reading instruction provided under the IRI shall utilize strategies that are aligned with scientifically-based reading research.
  - 7.08.9.1 The intensive instruction shall systematically, explicitly and coherently provide instruction in the five essential areas of reading. The intensity and focus of the instruction shall be based on the evaluation results, teacher observation, and data from progress monitoring assessments. The intervention plan shall be revised periodically to reflect student needs as indicated on progress monitoring assessments.
  - 7.08.9.2 The IRI should be individualized; however, similar deficiencies may be remediated through group instruction.
  - 7.08.9.3 A highly qualified teacher and/or a highly qualified paraprofessional under the guidance of a highly qualified teacher shall provide instruction under the IRI.
  - 7.08.9.4 The intervention shall continue until the child has reached grade level benchmarks in all essential areas of reading.
- 7.08.10 Student achievement in each of the essential elements shall be monitored monthly after students complete the intervention. Students who are not meeting current expectations shall be provided additional interventions.
- 7.08.11 In any instance where a student with disabilities identified under the Individuals with Disabilities Act has an IEP that already addresses reading deficiencies, the individual education program shall serve to meet the requirements of the IRI.
- 7.09 The parent or guardian of any student identified with a substantial reading deficiency shall be notified in writing to include the following:
  - 7.09.1 That the child has been identified as having a substantial deficiency in reading;
  - 7.09.2 A description of the current services that are provided to the child; and.
  - 7.09.3 A description of the proposed supplemental instructional services and supports that will be provided to the child that are designed to remediate the identified area of reading deficiency.
- 8.0 School Accountability
  - 8.01 The Department of Education shall provide analyses of data produced by the Arkansas Comprehensive Assessment Program and other reliable

- measures of student learning to determine classroom, school, and school district academic performance.
- 8.02 Student performance trend data shall be one of the components used in developing objectives of the school improvement plan, internal evaluations of instructional and administrative personnel, assignment of staff, allocation of resources, acquisition of instructional materials and technology, performance-based budgeting, and assignment of students into educational programs of the local school program.
- 8.03 Each school shall develop one (1) Arkansas Comprehensive, School Improvement Plan (ACSIP) focused on student achievement. This requirement is intended to focus the school/school district annually on the school's performance data for the purposes of improved student performance, based on data and the performance of students on the state assessment system.
- 8.04 The purpose of ACSIP is to provide equal opportunity for all students, including identifiable subgroups, to meet the expected performance levels established by the Board on all State assessments.
- 8.05 Consistent with the No Child Left Behind Act, each school must make adequate yearly progress (AYP), based primarily on the administration of the criterion-referenced assessments described in Section 5.02. In order to make AYP, a school or school district must—
  - Demonstrate that at least 95 percent of all students and of students in each applicable subgroup, as provided in section 903.1 8.06, at the tested grade levels, participated in the assessments;
  - Meet or exceed the annual measurable performance levels described in section 904.5, based on the percentages of students scoring proficient or above on the assessments, overall and for each applicable subgroup; or alternatively, if the total group or any subgroup does not meet the annual measurable performance levels, demonstrate that the percentage of students in that subgroup who did not meet the proficient level for that year decreased by 10 percent of that percentage from the preceding school year and that the subgroup made progress on one additional academic indicator; and
  - Show progress for all students on an additional academic indicator, which shall be graduation rate for high schools and percent attendance for elementary and middle schools.
- 8.06 The following subgroups must be included in the school/school district data disaggregation:
  - 8.06.1 Students with Disabilities
  - 8.06.2 Students who are English Language Learners
  - 8.06.3 Economically Disadvantaged Students
  - 8.06.4 Ethnic Subgroups
    - 8.06.4.1 Caucasian
    - 8.06.4.2 African American
    - 8.04.4.3 Hispanic
- 8.07 A school must meet AYP criteria overall and for each of these subgroups that meets the minimum group size as determined by the Department of Education and approved by the U.S. Department of Education.

- 8.08 The Department will determine AYP separately for mathematics and literacy, using appropriate statistical treatments. Based on the single statewide starting point described in this section, annual performance levels assure that ALL students will reach proficient by school year 2013-2014.
- 8.09 The Department will determine for each school in the state the percent of students performing at the proficient or advanced levels. This percentage will be determined by computing the sum of students proficient or advanced for the current year or the most recent three years across each grade for which there is a criterion-referenced assessment. That sum is divided by the total number of students assessed for that year or across those three years and grades. This number shall include students taking alternate assessments. The percentage shall be determined separately for mathematics and reading/literacy.
- 8.10 The AYP starting point regarding percent proficient on state assessments will be determined for grade-level clusters K- 5; 6 8; and 9 12 and separately for mathematics and reading/literacy.
- 8.11 The AYP starting point will be determined by ranking each school within the grade-level by the percent proficient. Additionally, the ranking will include the total student enrollment for those grades using October 1, 2002, data or October 1 of a subsequent year for which there is a recalculation.
- 8.12 The Department will determine the school that contains the 20 percent student of total enrollment starting from the school with the lowest percent proficient and counting upward. The percent proficient of that school becomes the "starting point" for determining AYP for that gradelevel cluster and content area.
- 8.13 The following table establishes the starting point and projected performance level for each year of the twelve years addressed by the No Child Left Behind Act.

- 8.14 Each year, in determining whether a school has met the target of percent proficient for that school year as listed on the chart, the Department shall compare the school's percent proficient in the appropriate grade-level cluster and content area with the statewide projected goal for that year. A school shall be deemed to have met AYP for a particular year for a particular grade-level cluster and content area as long as the school attains at least the statewide projected goal.
- 8.15.1 Schools/School Districts failing to meet expected performance standards as established by the Board shall be subject to sanctions as specified in school improvement or academic distress.

8.16 Schools/School Districts exemplifying exceptional performance levels and/or growth patterns shall be recognized for exemplary performance and will be eligible to participate in the rewards program.

### 9.0 Accountability

Schools failing to meet Adequate Yearly Progress as determined under these Rules shall be classified subject to the following consequences.

9.01 A school will be identified in alert status if it has not made AYP in the same subject (Mathematics or Literacy) for one year.

9.02 A school will be identified as in Improvement Status if it has not made AYP in the same subject (Mathematics or Literacy) for two consecutive years.

9.03 A school in Alert Status or Improvement Status that fails to make AYP, but does not fail to make AYP in the same subject for two consecutive years, will remain in its existing status for the following school year.

9.04 The first year a school fails to meet expected performance levels, that school shall be classified as on Alert Status. Any school classified on Alert Status shall be required to review and/or revise the school's ACSIP Plan with special attention given to State designated subgroup(s) which failed to meet expected performance levels.

9.05 The local school board president and the superintendent of a public school or school district identified by the Department in school improvement shall be notified in writing by the Department, via certified mail, return receipt requested, and the school district shall have a right to appeal to the Commissioner of the Department. The written appeal must be received in the Office of the Commissioner of Education within thirty (30) calendar days of the receipt of notice.

9.06 The second year a school fails to make Adequate Yearly Progress, that school shall be classified as Year 1 of School Improvement. Any school classified in Year 1 of School Improvement shall offer eligible students choice options to another school in the district not in school improvement.

9.07 The third year a school fails to make Adequate Yearly Progress, that school shall be classified as Year 2 of School Improvement. Any school classified in Year 2 of School Improvement shall offer eligible students supplementary educational services in keeping with federal guidelines in addition to continued consequences from Year 1 of School Improvement.

9.08 Should a school fail to make Adequate Yearly Progress in the fourth year, the Board shall advance that school into corrective action. Schools in corrective action must continue to offer consequences from School Improvement Year 2 and the school must implement a plan, with the approval of the Department, having specified corrective actions.

- 9.10 9.09 Should a school fail to make Adequate Yearly Progress in the fifth year, the Board shall advance that school into restructuring. In restructuring the Department may require the school to dismiss staff and administrators, annex the school to another school that is not in school improvement, and/or take other such action as deemed necessary by the Department and the Board.
- 9.119.10 Once a school has been identified in school improvement, that school must make adequate yearly progress meet the standard(s) for which it failed to meet for two consecutive years in both mathematics and literacy to be considered for removal.
- 9129.11 Schools that receive Title I funds must meet all funding requirements as specified by federal guidelines. Schools that do not receive Title I funds must implement programming in keeping with the school's ACSIP Plan as revised.
- 9139.12 Beginning with the 2006-2007 school year, schools designated in year three, four or five school improvement shall participate in a scholastic audit conducted by the Department of Education (or its designees).
  - 9.13.19.12.1 Results of the scholastic audit shall be presented to the superintendent within four (4) weeks of completing the scholastic audit. The audit shall make recommendations to improve teaching and learning for inclusion in the comprehensive school improvement plan.
- 9.149.13 School Performance Rating System
  - 9.14.19.13.1 The Department of Education will establish a working task force during the 2004-2005 school year to assist in the development of the rating system. The task force shall include educators, parents, and business/community stakeholders. In order to keep the rating system reliable and valid, a Technical Advisory Committee composed of nationally recognized accountability experts, statisticians, and psychometricians shall be selected by the Commissioner of Education and shall advise the Department in all technical aspects of the accountability system.

The rating system shall include the establishment of a performance level and an improvement level. The

improvement level shall be assigned in the 2007-2008 school year and the performance level shall be assigned no later than the 2009-2010 school year. The ADE will implement a pilot system of performance levels required by A.C.A. § 6-15-1903, at least one (1) year prior to the year of implementation required by law. The performance level designations may be applied to any school district requesting to be classified by such performance designations as allowed by A.C.A. § 6-15-1903 (b) (1).

#### 9.14 Performance Category Levels

- 9.14. 1 The Department of Education shall prepare an annual report,
  which shall describe the school rating system. The annual
  report shall designate two (2) category levels for each
  school. The first category, annual performance, is based
  on the performance from the prior year on the criterionreferenced test and end-of-course exams. The second
  category, growth, shall be based on the schools'
  improvement gains tracked longitudinally and using valueadded calculations on the criterion-referenced assessment
- 9.14.2 The initial annual report shall identify schools as being in one (1) of the following annual performance category levels, based on the criterion-referenced Benchmark exams, as defined in 6-15-404(g) (1), and defined according to rules of the State Board of Education:
  - (1) <u>"Level 5", schools of excellence;</u>
  - (2) <u>"Level 4", schools exceeding the standards;</u>
  - (3) "Level 3", schools meeting the standards;
  - (4) "Level 2", schools on alert; or
  - (5) "Level 1", schools in need of immediate improvement.
- 9.15 For the years 2004-2005 through 2008-2009, school will not be assigned annual school performance category levels, unless an annual performance category levels is requested by the school.
- 9.16 Annual School Performance Rating: Weighted Average Approach
  - 9.16.1 Since the ACTAAP testing program in Arkansas was designed as a criterion-referenced assessment system with performance standards, the standards for student performance can be used to develop a rating index of school performance.
  - 9.16.2 Numerical values to be used as weighting factors can be assigned to each students' performance category (Advanced = 4; Proficient = 3; Basic = 2; Below Basic = 1)
  - 9.16.3 With these weights assigned to the performance levels, a performance index for the school can be computed by multiplying the weights of the performance levels times the number of students scoring in the performance category.

9.16.4 The sum of the weighted student performance for each subject and grade in the school is divided by the total number of students testing the subjects and grades. The resulting average for the school is an index of performance that will range between 1.0 and 4.0.

#### 9.17 Achievement Rating Weighted Average Approach

#### 9.17.1 Assigned the following points:

4 points per student scoring in the advanced category,

3 points per student scoring in the proficient category;

2 points per student scoring in the basic category.

1 point per student scoring in the below basic category.

<u>Points = Number of student scoring in category X points assigned to categories</u>

#### 9.17.2 Example

Number of Students	Scoring Category	Points Assigned to Categories	Total
10	Advanced	4	40
30	Proficient	3	90
40	Basic	2	80
20	Below Basic	1	20
Total points for the school for all categories			230

#### 9.18 Achievement Rating: Weighted Average Approach Calculation

9.18.1 To calculate the rating score for each school, divide the total point for the school by the number of students in the school.

Points Received	Number of Students	Rating
230	100	2.3

9.18.2 At the direction of the state board, a panel of stakeholders was convened to review the statewide performance of schools and conduct the standard setting process. In the school standard setting process, stakeholders representing administrators, teachers, business, parents, and school board members served as panelists to decide on the quality level represented by various points within the distribution of school index scores. The state board reviewed and adopted the following standards recommended by the stakeholder's advisory panels for the annual performance rating.

<u>Standard Setting Recommendations</u> <u>Stakeholder Advisory Panels</u>

<b>Cut Scores</b>	Cut 1/2	Cut 2/3	Cut 3/4	Cut 4/5
<u>Administrators</u>	<u>1.7</u>	<u>2.19</u>	<u>2.76</u>	3.02
<u>Teachers</u>	<u>1.6</u>	<u>2.25</u>	3.0	<u>3.5</u>
<u>Business</u>	<u>1.735</u>	<u>2.145</u>	<u>2.7</u>	<u>3.365</u>
<u>Parents</u>	<u>1.75</u>	<u>2.2</u>	<u>2.65</u>	3.0
School Board	<u>1.81</u>	2.30	<u>2.87</u>	<u>3.30</u>
<u>Median</u>	<u>1.735</u>	<u>2.2</u>	<u>2.755</u>	3.300
<u>Average</u>	<u>1.719</u>	<u>2.21</u>	<u>2.79</u>	<u>3.23</u>

- 9.18.3 After the rating score has been calculated for each school, schools may calculate their annual performance level by locating the established performance standard (cut score) for placing each school in one of five performance categories.
- 9.18.4 In the example below, if the rating score of the school is between 3.5 and 4.0, it will be in the "schools of excellence" performance category level.

Expert Panel	<u>Performance</u>
Cut Scores	<u>Categories</u>
<u>3.23 – 4.0</u>	Schools of excellence
<u>2.79 – 3.22</u>	Schools exceeding the standards
<u>2.21 – 2.78</u>	Schools meeting standards
<u>1.719 – 2.20</u>	Schools approaching the standards (alert)
<u>1.0 – 1.718</u>	Schools in need of immediate improvement

9.18.5 . The second category, growth, available in 2007-2008, shall be based on the schools' improvement gains tracked longitudinally and using value-added calculations on the criterion-referenced assessment. The working taskforce shall continue to assist in the rating system during the establishment of the second category.

#### 9.19 School Choice

9.19.1 For all schools that have received an annual performance category levels of Level 1 for two (2) consecutive years, the students in these schools shall be offered the opportunity public school choice option with transportation provided pursuant to A.C.A. § 6-18-227 et seq.

#### 9.20 Supplemental Educational Services

9.20.1 <u>In addition, the school district board shall provide supplemental educational services, approved by the State Board, to affected students.</u>

#### 9.21 Recognition Awards

9.21.1 Schools that receive an annual performance category level of Level 5 or Level 4 are eligible for school recognition awards and performance-based funding pursuant to A.C.A. § 6-15-1907.

#### 9.22 Sanctions

9.22.1 Any school or district that is involved in substantiated test security violations will not be eligible to receive the "school of excellence" performance rating.

### 10.0 School District Accountability

- 10.01 The Department annually reviews each district to determine whether it is making AYP in the following way.
  - 10.01.1 Determine the collective status for all the schools within a district within each grade-level grouping (k-5; 6-8 and 9-12)
  - 10.01.2 Determine the district percent of participation across each grade level group
  - 10.01.3 Determine the district status on secondary indicator across each grade-level group.
  - 10.01.4 A district shall be in school improvement when all levels within a district fail to meet performance standards for two consecutive years in the same subject. A district having status of School Improvement shall be removed from that status when any one level meets the performance standard for two consecutive years in that subject.
- 10.02 Before identifying a district for district improvement, the Department will provide the district with an opportunity to review the data on which the identification is based. The district may appeal the identification, and the Department will decide the appeal within 30 days.
- 10.03 Each district identified for school improvement shall within three months of identification develop or revise a district improvement plan that complies with the requirements of the No Child Left Behind Act, including the requirement that it spend not less than 10% of its Part A, Title I funds on professional development for each fiscal year in which the district is identified for improvement. The district shall initiate implementation of the plan expeditiously, but not later than the beginning of the next school year after the school year in which the district was identified for improvement. The Department will provide technical assistance to districts in developing and implementing improvement plans under this section.
  - 10.04 Academic Distress Procedures for Identification, Classification and Appeal of School Districts in Academic Distress
  - 10.04.1 A school district for which 75% or more of the students completing the state's assessments perform at the below basic level shall be designated in Academic Distress. This computation shall collectively include students from each school in the district

- and from each grade for which a criterion-referenced assessment is given.
- 10.04.2 Within thirty calendar days (30) after the release of the state assessment results by the Department, the Department shall identify all school districts in Academic Distress and shall notify in writing each school district superintendent and board president via certified mail, return receipt requested.
- 10.04.3 A school district may appeal a determination of the Department identifying the district as an Academic Distress school district by filing an appeal in writing in the Office of the Commissioner of the Department within (30) calendar days after receiving the notification, justifying why the district should not be identified as being in Academic Distress.
- 10.04.4 The Board shall render a written decision of a classification on a district's appeal of identification as an Academic Distress school district within sixty (60) calendar days of the district's written request.
- 10.04.5 The decision of the Board shall be final with no further right of appeal, except a school district may appeal to the Circuit Court of Pulaski County pursuant to the Administrative Procedures Act, A.C. A. §25-15-201 et seq.
- 10.05 Time Limitation of Academic Distress Status
  - 10.05.1 A public school district identified as in academic distress shall have no more than two (2) consecutive school years beginning on July 1 following the date of notice of identification to be removed from academic distress status.
  - 10.05.2 The Board may at any time take enforcement action on any school district in academic distress status including, but not limited to, annexation, consolidation, or reconstitution of a school district pursuant to A.C.A. § 6-13-1401 et seq.
  - 10.05.3 If a public school district fails to be removed from academic distress status within the allowed two (2) year time period, the Board shall annex, consolidate or reconstitute the academic distress school district prior to July 1 of the next school year unless the Board, at its discretion, issues a written finding supported by a majority of the board, explaining in detail that the school district could not remove itself from academic distress during the relevant time period due to external forces beyond the school district's control.
  - 10.06 Procedures for assisting school districts in academic distress
  - 10.06.1 Within thirty (30) calendar days of classification by the State Board, each Academic Distress school district shall develop and file with the Department a modified Comprehensive School Improvement Plan to target and address any area in which the district is experiencing academic distress.
  - 10.06.2 Within fifteen (15) calendar days of classification by the State Board, the Department shall assign a team of educators to evaluate the district and determine the need for on-site technical assistance.
  - 10.06.3 The team of educators shall evaluate and make recommendations to the district superintendent within sixty (60) calendar days following

- the district's classification as an Academic Distress school district.
- 10.06.4 School districts classified as Academic Distress shall provide access to all district assessment, instruction, personnel and academic records and reports to assist the team in the formulation of the recommendations for improvement.
- 10.06.5 The Department with assistance from the team of educators shall review the data relative to the academic status and performance of students in the Academic Distress school district.
- 10.06.6 Following the on-site review, the team of educators will submit a written set of recommendations to the Academic Distress school district.
- 10.06.7 The Department shall provide relevant technical assistance to each identified school district based upon the needs identified in the Comprehensive School Improvement Plan.
- 10.08 Procedures for evaluating and removal of school districts from academic distress status
- 10.08.1 The Department shall review and annually report to the Board the academic conditions existing in each Academic Distress school district and determine whether the district is making progress and has fewer than 75% of the students performing in the below basic performance level.
- 10.08.2 A school district designated in Academic Distress shall be removed from Academic Distress only if fewer than 75% of the students perform below basic for two consecutive years.

#### 11.0 Board Authority

- 11.01 The Board shall have the following authority regarding any public school district in academic distress:
  - 11.01.1 Require the superintendent of the school district to relinquish all authority with respect to the district, to appoint an individual to administratively operate the district under the supervision of the Commissioner of the Department, with the cost to be paid from school district funding;
  - 11.01.2 Suspend or remove some or all of the current board of directors and call for the election of a new school board for the school district in which case the school district shall reimburse the county board of election commissioners for election costs as otherwise required by law.
  - 11.01.3 Allow the school district to operate without the local school board under the supervision of the local school district administration or an administration chosen by the Commissioner of the Department.
  - 11.01.4 Waive the application of Arkansas law, with the exception of the Teacher Fair Dismissal Act of 1983, A.C.A. § 6-17-1501 et seq., and the Public school Employee Fair Hearing Act, A.C.A. § 6-17-1701 et seq., or Department Rules.
  - 11.01.5 The Board has exclusive jurisdiction to determine the boundary lines of the receiving or resulting school district and to allocate assets and liability of the district.

- 11.01.6 Require the annexation, consolidation, or reconstitution of the public school district.
- 11.01.7 Take any other necessary and proper action as determined by the Board that is allowed by law.
- 11.01.8 After providing thirty (30) calendar days written notice, via certified mail return receipt requested, to a school district, the Department may petition the Board or the Board on its own motion, at any time, may take action pursuant to 11.0 as allowed by Act 1467 of 2003, in order to secure and protect the best interest of students in the public school district or to secure and protect the best interest of the educational resources of the state.
- 11.01.9 The School District shall have a right of appeal to a public hearing before the Board after filing a written notice of appeal with the office of the Commissioner of the Department at least thirty (30) calendar days prior to the appeal hearing.
- 11.01.10 The State Board shall consolidate, annex or reconstitute a school district that fails to remove itself from the classification of a school district in academic distress within two (2) consecutive school years of receipt of notice of identification unless the Board, at its discretion, issues a written finding supported by a majority of the Board, explaining in detail that the school district could not remove itself from academic distress due to impossibility caused by external forces beyond the school district's control.
- 11.01.11 After a public hearing, the Board shall consolidate, annex, or reconstitute the school district in academic distress to another non-academic distress school district upon a majority vote of a quorum of the members of the Board as permitted or required by this subchapter.
- 11.01.12 The Board's classification of a school district in Academic Distress shall be final except that the school district shall have a right of appeal to the Circuit Court of Pulaski County pursuant to the Arkansas Administrative Procedures Act, A.C.A. § 25-15-201 et seq.

#### 12.0 School Choice and Academic Distress

- 12.01 Any student attending a public school district classified as being in academic distress shall automatically be eligible and entitled pursuant to A.C.A. § 6-18-206, the "Arkansas Public School Choice Act", to transfer to another geographically contiguous school district not in academic distress during the time period a district is classified as being in academic distress, and therefore, not be required to file a petition by July 1 but shall meet all other requirements and conditions of the Arkansas Public School Choice Act.
- 12.02 The cost of student transportation to the nonresident district shall be borne by the resident district.
- 12.03 The nonresident district shall count the student for average daily membership purpose.

# Arkansas Department of Education Proposed Rules Governing the Regulatory Basis of Accounting

#### 1.00 Authority

- 1.01 The Arkansas State Board of Education's authority for promulgating these Rules is pursuant to Ark. Code. 6-11-105.
- 1.02 These rules shall be known as the Arkansas Department of Education Rules Governing the Regulatory Basis of Accounting, which is an *Other Comprehensive Basis of Accounting* (OCBOA), for Schools. OCBOA is defined and authorized by *Statement on Auditing Standards*, issued by the American Institute of Certified Public Accountants

#### 2.00 Purpose

- 2.01 The purpose of these Rules is to establish a consistent basis of accounting for Schools.
- 3.00 Definitions For purposes of these Rules, the following term means:
  - 3.01 "School" any public school district, charter school, educational cooperative, or any publicly supported entity having supervision over public educational entities.
  - 3.02 "Regulatory Basis of Accounting" A basis of accounting that the reporting entity (school) uses to comply with the requirements or financial reporting provisions of a governmental regulatory agency (Arkansas Department of Education) to whose jurisdiction the entity is subject.
- 4.00 Financial Reporting-Regulatory Basis of Accounting
  - 4.01 The financial statements shall be presented on a fund basis format. There shall be no entity-wide statements.
  - 4.02 The financial statements shall consist of: Balance Sheet \_Regulatory Basis; Statement of Revenues, Expenditures and Changes in Fund Balances \_Governmental Funds Regulatory Basis; Statement of Revenues, Expenditures and Changes in Fund Balances \_Budget and Actual \_General and Special Revenue Funds \_Regulatory Basis.
  - 4.03 There shall be included a Schedule of Capital Assets, including land, buildings and equipment, as supplemental information. The Capital Assets shall be reported net of accumulated depreciation.

- 4.04 Major governmental funds shall be defined as general and special revenue. Such funds shall be presented separately in the financial statements. All other governmental funds shall be presented in the aggregate. Fiduciary fund types shall be presented in a separate column in the Balance Sheet Regulatory Basis.
- 4.05 Revenues, except for property taxes (see below), shall be reported in the financial statements in the accounting period in which they become susceptible to accrual - that is, when they become both measurable and available to finance expenditures of the fiscal period. Expenditures shall be reported in the financial statements when the related liability is incurred. Such expenditures shall not include accruals for interest payable, compensated absences, prepaid expenses or inventories. Reported liabilities, except for deferred taxes, shall not include the current portion of long-term debt or deferred revenues. Property taxes shall be accrued or deferred, as applicable, in accordance with guidelines issued by the Arkansas Department of Education (ADE) in Commissioner's Memo Numbers COM-06-081 and COM-06-093, which were effective beginning with the fiscal year ended June 30, 2006. Arkansas law defines revenue receipts of a school district and includes forty percent (40%) of the proceeds of local taxes which are not pledged to secure bonded indebtedness or forty percent (40%) of the revenue from the uniform rate of tax whichever is greater collected in the succeeding calendar year, commonly known as 40% pullback, within that definition. School districts must utilize the 40% pullback amount, as calculated by the ADE and reflected on the respective county's abstract of assessments, in recording property tax revenue as follows:
  - If the amount of 40% pullback collected by June 30<sup>th</sup> is less than the calculated 40% pullback amount, the difference must be accrued;
  - If the amount of 40% pullback collected by June 30<sup>th</sup> is more than the calculated 40% pullback amount, the excess must be recorded as deferred tax revenue.
- 4.06 Revenues shall be reported by major sources, and expenditures shall be reported by major function.
- 4.07 Other transactions which are not reported as revenues or expenditures shall be reported as other financing sources and uses. Transactions related to the recording of installment contracts, capital leases, and significant insurance recoveries shall be reported as other financing sources. Losses resulting from the impairment of capital assets shall not be reported in the financial statements.
- 4.08 The carrying value of sinking funds, required by the provisions of a Qualified Zone Academy Bond (QZAB), shall be reported at cost. Risk disclosures of the related investments, as addressed in Governmental Accounting Standards Board Statement No. 40, shall not be included in the Notes to Financial Statements.

- 4.09 The Notes To Financial Statements (NTFS) shall include those disclosures appropriate to the regulatory basis of accounting. The NTFS shall also include the following, if applicable: summarized reporting information, if material, pertaining to component units, related organizations, and other affiliated organizations (as defined by the Governmental Accounting Standards Board), changes in private-purpose trust funds, and required disclosures related to long-term debt.
- 4.10 There shall be no Management's Discussion and Analysis.
- 4.11 The Schedule of Expenditures of Federal Awards shall be reported on the same basis of accounting as the financial statements.

#### 5.00 Alternative Basis of Presentation

- 5.01 The governing body of a school district may adopt a resolution, not less than six months before the end of the school fiscal year, requiring their financial statements be presented in accordance with the standards established by the Governmental Accounting Standards Board, the American Institute of Certified Public Accountants, and the United States Government Accountability Office. Once this resolution is made, it shall remain in effect until the governing board rules otherwise.
- 5.02 This resolution adopting the Alternative Basis of Presentation must be submitted to the Department of Education within ten (10) days of adoption by the local school board.

# ARKANSAS DEPARTMENT OF EDUCATION PROPOSED RULES GOVERNING THE PROGRAM TO INFORM STUDENTS ABOUT THE ARKIDS FIRST PROGRAM

#### 1.0 REGULATORY AUTHORITY

- 1.01 These rules shall be known as Arkansas Department of Education Rules
  Governing the Program to Inform Students in Local School Districts about the
  ARKids First Program.
- 1.02 These rules are enacted pursuant to the State Board of Education's authority under Ark. Code Ann. § 6-11-105 and Act 882 of the 85<sup>th</sup> General Assembly Regular Session.

#### 2.0 PURPOSE

2.01 <u>It is the purpose of these rules to establish a program to inform students and their parents or guardians about health care coverage under the ARKids First Program Act, A.C.A. § 20-77-1101 et seq.</u>

#### 3.0 DEFINITIONS

For the purpose of these rules:

- 3.01 ARKids First is health care insurance for children.
- 3.02 ARKids First has two programs: ARKids First-A and ARKids First-B. ARKids First-A is Medicaid for children. ARKids First-B is for people who exceed the income maximum to qualify for regular Medicaid but still do not have health insurance for their children.
- 3.03 Arkansas Medicaid Administrative Claiming (ARMAC) is a federally-funded program that allows public education agencies to receive reimbursements for Medicaid-related administrative activities such as Medicaid Outreach, verification of Medicaid eligibility, referral and coordination of medical services, and program planning.
- 3.04 Benefits are the types of services covered by ARKids First Program.
- 3.05 Eligibility requirements for the ARKids First program are based on the income level of the family.
- 3.06 <u>Medicaid is a program that helps pay for medically-necessary medical services for</u> needy and low-income persons.

3.07 <u>Medicaid Outreach includes activities associated with informing eligible or potentially-eligible families and students about Medicaid and how to access the program.</u>

#### 4.0 IMPLEMENTATION

- 4.01 <u>Beginning with the 2006-2007 school year and each year thereafter, the Arkansas Department of Education will cooperate with and assist local school districts in the state to inform students and their families about the ARKids First program.</u>
- 4.02 The Arkansas Department of Education will coordinate with the Department of Health and Human Services to disseminate current ARKids First program information to local school districts.

#### 5.0 RULES

- 5.01 By October 15, beginning with the 2006-2007 school year and each year thereafter, the Arkansas Department of Education will provide local school districts pertinent ARKids First program information which will include: ARKids First applications, ARKids First eligibility criteria, and ARKids First benefit information.
- 5.02 The Arkansas Department of Education, in coordination with the Department of Health and Human Services, will make available to local school districts the contact information for each county Department of Health and Human Services office.
- 5.03 The Arkansas Department of Education, in coordination with the Department of Health and Human Services, will promote the Medicaid-outreach activities related to the ARKids First program to local school districts through the Arkansas Medicaid Administrative Claiming (ARMAC) program.

Re: Buffalo Island Central School District No.40 Petition to decrease board members

Dear Mr. Smith:

Enclosed is the petition of Buffalo Island Central School District No.40, along with authorizing resolution, requesting a decrease in its number of board members from eight (8) to seven (7).

We are causing a notice to be published as required by A.C.A. 6-13-606(b), and will forward proof as soon as it is accomplished.

We would very much like to have this item placed on the agenda for the next meeting of the State Board of Education. Please advise if this can be done, and also any further action we need to take, including whether we should have a representative present at the meeting.

I am forwarding a copy of this letter, petition, and resolution to your office by regular mail this date.

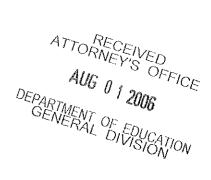

If this should not be filed with your office, please advise, and we will do whatever necessary.

Thank you very much for your assistance in this matter.

Sincerely,

G.E. Holland Superintendent

Buffalo Island Central School District No. 40

### STATE BOARD OF EDUCATION STATE OF ARKANSAS

#### PETITION

Buffalo Island Central School District No. 40 of Craighead County Arkansas, a duly organized school district under the laws of the State of Arkansas, states:

- 1. The board of directors of Buffalo Island Central School District is currently comprised of eight (8) board positions and will be reduced to seven (7).
- 2. That the board of directors, at a lawfully called regular meeting held on July 10, 2006, unanimously adopted a resolution stating intent to petition the State Board of Education to seek a decrease in the number of its board positions and members to seven (7), pursuant to Ark. Code Ann. 6-13-606(a). A copy of said resolution is attached hereto.
- 3. That pursuant to Ark. Code Ann. 6-13-606(b) the board will cause a notice to be published stating that the board has filed a petition with the State Board of Education requesting a decrease in board members to seven (7). The board will file proof of publications to be attached to its petition.
- 4. That due to a recent resignation, the board is currently comprised of seven (7) members, and the current remaining members desire to remain and become the members of a newly organized board consisting of seven (7) members, each to serve the remainder of their current term.

Wherefore, the Board of Directors of Buffalo Island Central School District No. 40 requests that the State Board of Education approve this petition to decrease its number of board members to seven (7) effective upon such approval; and that the current remaining board members be determined to be the new seven (7) member board, each to serve the remainder of their current term.

**Dated July 10, 2006** 

Respectfully submitted,

**Board of Directors** 

Buffald Island Central School District No. 40

By:

Jøhn Field, Board President

#### RESOLUTION

WHEREAS, The Board of Directors of Buffalo Island Central School District No. 40 is currently comprised of eight (8) board positions, and

WHEREAS, the board is required to reduce the number of board position to seven (7) pursuant to the authority granted in Ark. Code Ann. 6-13-606(a), and

WHEREAS, such reduction is authorized upon the filing of a petition with the State Board of Education and by the order of the State Board of Education and

WHEREAS, pursuant to the order of the State Board of Education the members of the district's board shall determine the members for the number of positions remaining, and

WHEREAS, due to a resignation there are currently seven (7) members of the board, and the current members desire to maintain the current members in their current positions as the newly established seven (7) member board.

NOW, THEREFORE, BE IT RESOLVED that the Board of Directors of Buffalo Island Central School District No. 40 petition the Arkansas State Board of Education requesting a decrease in the number of directors for the district to seven (7), effective upon the entering of an order by the State Board of Education; further, that the current seven (7) members of the board remain and be established as the Board of Directors of Buffalo Island Central School District No. 40, each to serve the remainder of their current terms.

Dear Mr. Smith:

I am enclosing copies of resolutions approved by the Mayflower and Vilonia School Boards concerning district boundary changes.

I have also made arrangements to run a legal ad two times in consecutive weeks in the Log Cabin Democrat which is the local paper for both communities.

If possible, we would like this matter presented to the State Board of Education at its August 2006 meeting.

Your assistance in this matter is appreciated. Please contact me if further information is needed.

Sincerely,

Frank Mitchell

The Mayflower and Vilonia School Boards have passed resolutions agreeing to exchange of parcels of land. The Mayflower School Board approved its resolution at a June 12, 2006, board meeting, and the Vilonia School Board approved its resolution at a June 8, 2006, board meeting.

Under the agreements contained in the resolutions, the following changes will occur:

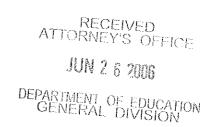

The Mayflower School District will receive the South ½ of the SW ¼ and the South ½ of the SE ¼ of Section 8, Township 4 North, Range 12 West and the South ½ of the SW ¼ and the South ½ of the SE ¼ of Section 9, Township 4 North, Range 12 West from the Vilonia School District.

The Vilonia School District will receive the North ½ of the NE ¼ and the North ½ of the NW ¼ of Section 2, Township 4 North, Range 12 West and the North ½ of the NE ¼ and the North ½ of the NW ¼ of Section 3, Township 4 North, Range 12 West from the Mayflower School District.

Through presentation of these resolutions, the respective school boards are petitioning the State Board of Education to approve the proposed changes in the school district boundaries.

The resolutions will be submitted for consideration by the State Board at its August 14, 2006, meeting in the Arkansas Department of Education Auditorium located at #4 Capitol Mall, Little Rock, AR 72201-1071.

#### HASS HALL ACADEMY CHARTER SCHOOL

#### Status Report to the State Board of Education August 14, 2006

The primary financial matters facing Haas Hall are twofold:

1. Hass Hall has the following debts:

a.	Federal Internal Revenue Service:	\$79,816
b.	Arkansas Department of Finance and Administration	\$12,958
c.	Arkansas Teacher Retirement	\$50,000
	Total	\$142,774

2. Haas Hall is not maintaining financial records on APSCN in a timely and accurate manner.

Concerning Haas Hall's debts, the following actions have been taken:

- Dr. Schoppmeyer has written both the IRS and DFA requesting a 24-month payment schedule in order to get both of these accounts current.
  - o He has not received a reply at this time.
- Dr. Schoppmeyer has been working with Arkansas Teacher Retirement (ATRS) to establish the total amount owed by Haas Hall.
- Dr. Schoppmeyer has secured financial support from a private source.
  - Dr. Schoppmeyer has assured us that the benefactor has expressed a willingness to pay off all these outstanding debts.
  - o Dr. Schoppmeyer has assured us that Hass Hall is working to eliminate the penalties and interest due on these debts.
  - o This debt amount does not include \$3,500 owed to Gateway computers.
  - Haas Hall has budgeted a monthly debt payment of \$5,682.50 for the IRS, DFA, and ATRS over the next 24 months, and \$1,167 for Gateway over the next three months.
  - A monthly payment of \$6,849 for the next three months will result in Hass Hall's expenditures exceeding revenues by \$1,101 monthly (Mr. John Scott of Hanna's Candles has promised \$5,000 per month to Haas Hall. This amount is included in the revenues referenced here.)
  - Haas Hall has budgeted the following revenues in addition to the State Foundation funds and the Hanna's Candles contribution. These will Produce \$12,083 in additional monthly revenues.

Student Fees \$45,000 annuallyWalton Foundation \$100,000 annually

Concerning Haas Hall's efforts to improve their financial record keeping on APSCN in a timely and accurate manner, the following actions have been taken:

- In March 2005, Hass Hall employed Carolyn Rice to maintain their financial records in the APSCN system. Ms. Rice is an experienced bookkeeper.
- In March 2005, Haas Hall was eight months behind in bank reconciliations and had not posted any financial data since July 2004.

#### Haas Hall Report Page 2

- Ms. Rice has prepared and all required financial records are current up to November 2005.
- Haas Hall did not provide financial data to Ms. Rice for December 2005, and January through March of 2006. Once again, Haas Hall failed to maintain accurate and timely financial records.
- At this time, Ms. Rice has finished all 2005-2006 payroll and related reports and has posted all revenues. Due to Haas Hall not providing financial data in a timely manner, she is working on accounts payable from April, May, and June 2006.
- Currently, the bank balance is not reconciled to the APSCN records at Haas Hall because APSCN
  payroll recorded checks to ATRS. Those checks were never issued to ATRS. Thus, APSCN and
  the bank do not reconcile.
- Haas Hall set up a fiscal year of January to December. School District fiscal years are July to June. Dr. Schoppmeyer committed to change the Haas Hall year to coincide with the July to June schedule.

#### Summary:

The Haas Hall Academy Charter School has very serious financial issues. However, they have taken some positive steps to correct the situation and have repeatedly pledged to correct the problems. To ensure that Haas Hall complies with all APSCN reporting requirements and continues to improve and correct the existing financial problems, the school must comply with the following financial accounting and reporting requirements:

- Provide all financial records to Ms. Rice by the 5<sup>th</sup> of the month following the reporting period.
- Require Ms. Rice to provide the bank reconciliation by the 10<sup>th</sup> of each subsequent month.
- All appropriate personnel should attend the relevant APSCN training throughout the year.
- Haas Hall administrators should be accountable for approving APSCN monthly financial reports in a timely manner.
- The Haas Hall School Board should review and approve APSCN monthly financial reports in a timely manner.
- The School should pursue reaching an agreement with the IRS, DFA, and ATRS to establish a debt schedule. The 2006-2007 budget should be adjusted as needed to reflect the final agreement.
- All financial revenues received from private sources should be supported with appropriate documentation.
